The Secret History of America: The Greatest Conspiracy On Earth

This May Be The Most Important Document You Ever Read In Your Life!

Do you believe in a GRAND CONSPIRACY ? Do you believe Oswald acted alone ? Do you believe that government is corrupt ? If so, then to what DEGREE ? That may depend on how willing you are to open your eyes and mind to SEE. Why is it that the more things change, the more they stay the same ? Why doesn't society ever seem to grow up ? Most people grow up thinking that the world is very big and we believe the world exists the way it does today because this is the direction humanity has taken and chosen.

The information that I will discuss in the introduction to this catalog is meant to present to you the idea that history is not being created by chance, but rather by design. The road that we are taking as a nation in America and as a human race on the planet Earth is being paved for us in advance and sold to us for a profit.

Many people talk about conspiracies such as WATERGATE, IRAN-CONTRA, THE S & L (Savings and Loan) SCANDAL, THE FEDERAL RESERVE, OCTOBER SURPRISE, KENNEDY, THE FREEMASONS, THE COUNCIL ON FOREIGN RELATIONS and THE TRILATERAL COMMISSION, and even GREY ALIENS, but very few people know the real facts enough to explain them because they are not researched themselves. As information comes down the pipeline it becomes distorted and confused because most of the people passing along the information do not know the entire story, they have not researched much information themselves, and they tend to be biased as well. (They tend to have an angle in the information they put out, usually because they have an ulterior motive.) I can only state from research of seven years, WHAT I BELIEVE to be the TRUTH based on mostly HARD FACTS.

For AT LEAST five- to ten thousand years, mankind has been aware of MORE scientific and spiritual facts than we are currently aware of today as a great society and nation. The libraries of Alexandria, which held the collection of the world's greatest knowledge, existed in Egypt thousands of years ago. The Essenes were just one secret sect of Gnostics (Knowledge Holders) that existed around two thousand years ago. Since the earliest times of Pagan groups and Nature religions, the SUN has been considered a SYMBOL for LIFE. The Ancients believed that when the SUN gave off it's energy, it was giving IT'S life for US. They believed that the SUN of GOD, the LIGHT of the WORLD is ALL SALVATION because He has RISEN. He is therefore our ETERNAL SAVIOR. There has always been a struggle between LIGHT and DARK forces in the world. When the SUN goes down and it becomes DARK, we cannot SEE. We naturally fear what we do not know and since we cannot SEE in the DARK, we do not know what's there and we fear. When the SUN would SET (Satan), it would get DARK. But when the SUN was on the HORIZON (Horus, translates to Jesus), it would be called THE SAVIOR. This formed the basis for early Christianity.

The Essenes, as well as other secret societies around the times were PRIESTHOODS, so the early CHURCH was an established KNOWLEDGE CENTER with IDEAS ENCODED SYMBOLICALLY into religious text. After time, symbols lose their meaning except to those whom are INITIATED. Essentially, they held knowledge of ARCHETYPAL ENERGIES that bond or link Spirit to matter. These energies are expressed in mathematics and Greek Gematria called SACRED GEOMETRY. The word OCCULT means HIDDEN. They took the knowledge,

hid it, and made it appear to be EVIL, so that they would know it, we wouldn't, and they could then control us a lot easier. This allowed an early guild of bricklayers, or MASONS, to be established, making it possible to build great pyramids, etc. Now, if everybody knew how to build a pyramid, then not only would the Pharaoh's tomb be no greater than Joe neighbor's cottage, but the Masons would also lose a lot of money building great castles and churches throughout Europe. This was the basis for early CAPITALISM, but we will discuss this later. SACRED MUSHROOM ingesting and CANNABIS-smoking shamans are tribe spirit leaders in a sense and they practice inducing a state of consciousness in warrior tribesmen to temporarily replace their consciousness with animal consciousness to perform certain tasks or learn spiritual lessons or principles. There were special groups of assassin cults that were trained in earlier times using substances like hashish and they were called "Hashishans" or "Assassins". Although these two practices are not identical, they are similar and related. While the first example may be considered early natural mind control in the sense of learning to control your own mind, the second example could be considered manipulative mind control in the sense that the participants were trained under hallucinogens to kill for God or "Allah".

The Assassins, as well as a society called The Order of Lady of Sion appeared at the same time around 1090 AD. Out of The Order of Lady of Sion came Notre Dame de Sion and five out of nine of the founders of the KNIGHTS TEMPLAR came from this order. The Templars and Assassins had interlocking affairs and philosophies. They also had ongoing fights as well as commercial dealings. The Templars pronounced vows to poverty and in the meantime amassed great fortunes for the church (really themselves), and were responsible for financing the Crusades and other bloody religious wars. They were also some of the first to set up banks in Jerusalem. These were Temple Banks which occasionally were raided for their gold. This forced the Templars to develop branch banking, or, putting your money in several places so it doesn't all get taken at once. This is where the idea of a central bank and it's local branches comes from, which became the model for banking in Europe and America. The Knights Templar became more popular when they were exposed in the fourteenth century and banished by the king. Jacques de Moley was burned at the stake for being a homosexual and a heretic. A portion of the Templar's wealth was seized by the king and handed over to their sister society, called the Knights Hospitalers, who were a branch of the Templars responsible for medical facilities in the kingdom. There is evidence to suggest that the Templars may have carried themselves on as the Rosicrucians for the next couple of centuries. This really doesn't matter too much, though, because all of these orders or secret societies are offshoots of other ones. They are all Masonic in nature because of the nature of the information which they possess.

The same secret societies and old European bloodline families are in control of the world today. To better understand what they do, we need to look at their philosophies and ideas. One motto of theirs is "Ordo ab Chao" or "order out or chaos". First they create CHAOS, then they propose the solution, ORDER, secretly from behind the scenes to control a given situation. There are different areas of Freemasonry and it is all a hierarchy of power. Occasionally, Masonic groups will work against each other in the public forum through the agencies which they control, but they may be united behind the scenes. You will see examples of what I mean very soon.

The first Masonic lodges by that name appeared in England in the 1600's and within a century they were spread throughout most of Europe, including Germany and France and the colonies of early America. One of the purposes they served was as a forum for the elite individuals to meet and discuss their political and social views without fear of religious persecution. Remember, just a couple of centuries earlier under Rome in the Dark Ages, they would kill you if you didn't believe that the moon was made of green cheese. In Rome, they realized that they could not rule

the world by themselves and that they would need a consensus of nations or a United Kingdom and United Nations. The symbol for Fascism is a bundle of sticks wrapped together with a hatchet or an axe tied to it. It represents a world consensus of power or AXIS POWER. It appears on the U. S. Senate flag today and on the back of the American mercury dime from 1916 to 1945. While there were several enlightened societies around calling themselves illuminated, it was on May 1, 1776 that Professor Adam Weishaupt put together a secret society called The "ILLUMINATI". Its sole purpose secretly was to control the world. Weishaupt was a genius of a particular sort as far as scheming and manipulation are concerned. He was a respected teacher at the University of Ingolstadt at the time and had many connections in education. He became a Mason but was also a Jesuit priest. He learned as much as he could and decided to put his own secret society together. He used a process of initiation and power dissemination among ranks similar to the structure of a pyramid, where one sole individual or group at the top know what's going on but no one else really does, they only know a little until they succeed up the ranks and learn only a little more. In the meantime, they don't know who is watching them or above them keeping them in check. In the highest circles of the order they propose to control the world through a One-world government, which they stated they could do by converting existing Masons to concepts of Illuminism. Weishaupt told them about the Utopia that could be established on Earth if everyone who KNEW would secretly work together to bring about this plan. Being free-thinkers and atheists to begin with, they proposed abolishing religion, government, orders of class, right to own property, or even raise your own children; and they believed that the ENDS justified the MEANS, meaning that whatever it takes to accomplish this task should be done WITHOUT HESITATION. Within two years they had over 3000 members and many established lodges. Within several years they were exposed and banished from Bavaria. The documents were recovered and displayed in the British museum where they exist today. This is an important historical fact that has been severely covered up in America. They continued to exist, however, in the form of the German Union and scattered Reading Societies. Through their combined fortunes, the members of the Illuminati gained control over the literary societies and printing press. They circulated printed papers showing falsities of religion and abuses of government and promoted a general state of desperation throughout society, all the while blaming it on religion and government. They sought to promote ANARCHY and REVOLUTION, whereby they would strip the monarchy (king) of power using the classes (people) as a lever to ultimately bring power back into their own hands, all the while creating new forms of government which would be puppets they could secretly control from behind the scenes. In Germany, the lodges which preceded the Illuminati were the Lodge Theodore and the Lodge of Strict Observance. In France they were known as the GRAND ORIENT TEMPLE MASONS. Their motto was "LIBERTY, EQUALITY, FRATERNITY". In 1789, they beheaded the King and Queen of France and orchestrated what was historically known as the French Revolution. This was only the first of several revolutions to come. Weishaupt had succeeded in grabbing the existing reigns of power in both Europe and America, entwining them together using new philosophical concepts, and tightening all of the existing slack. In 1797, a book appeared in Europe by John Robison called "Proofs of A Conspiracy against all of the Religions and Governments of Europe, Carried on in the Secret Meetings of Freemasons, Illuminati and Reading Societies". Then in 1799, written in another country and in another language, Abbe Augustine Barruel published his four-volume study entitled "Memoirs Illustrating the History of Jacobinism". Then in 1826, William Morgan, an American Freemason who had written a book entitled "Illustrations of Freemasonry", was abducted and drowned in Lake Ontario. Because of the existence of these books, as well as the murder scandal, there was a

nationwide furor resulting in the creation of an Anti-Masonic political party in 1829. After this there was a temporary drop in membership in the lodges, but their control over the press soon caused the anger to diminish.

There is what is called the "Colombian" faction of the Illuminati which came over to America early on. The documents that were recovered in Germany showed that the symbol for the Illuminati society was the PYRAMID and the EYE IN THE CAPSTONE as shown on the back of the ONE-DOLLAR BILL. The symbol for Columbia Broadcasting System (CBS) is the ALL-SEEING EYE. The U. S. is located in the District of Columbia. There is Columbia University, and the Columbia space shuttle.

The Americas have been called the New World since Columbus, however, Columbus did not come here first. There had already been a "New England Charter" and a colony established twenty years before he arrived. In America in the east, we have the area of NEW ENGLAND, where the first colonies were established. The eventual American Revolution wasn't actually a real revolution. The Founding Fathers (Masons), did not go to war with their parents, the monarchy of England. There are many prominent American Presidents who are related to strong European bloodlines and great wealth. When the YORK Rite Masons of York, England, came over here, they settled on the East coast and declared it NEW YORK. Then they went to work to build the "Empire State". In New York sits the Statue of "LIBERTY", given to us by FRANCE, holding up the Masonic torch of ENLIGHTENMENT. The highest degrees of Freemasonry are the 32nd and 33rd degree.

On the back of the dollar bill, on the Great Seal of the U. S. , there are 32 feathers on the right wing of the eagle and 33 on the left. Underneath the pyramid, the Latin term "Novus Ordo Seclorum" means "New World Order". It has appeared on the dollar bill since 1933.

Karl Marx and Frederick Engels were students of Weishaupt and Illuminism. The 10 platforms that make up COMMUNISM are identical to the goals of the ILLUMINATI. The Communist Manifesto appeared in 1848 and Communism formed itself as a solid revolutionary movement in Russia in the early 1900's, in the form of the Bolshevik Revolution.

One particular group of families made up of the Russells and the Pierrponts founded several scholastic institutions, two of which were Yale and Princeton. Rev. James Pierrpont and Rev. Nodiah Russell CO-founded Yale in 1701. In 1832, Gen. William Huntington Russell and Alfonso Taft, grandfather of William Howard Taft, former President of the U.S., founded a secret society at Yale called SKULL AND BONES, or "The Brotherhood of Death". Gen. Huntington's brother-in-law, Samuel Russell, founded "Russell and Co.", the world's largest opium smuggling syndicate at the time. This provided them with a huge fortune in the millions. The founders and later influential graduates of Skull and Bones studied philosophy and other subjects in Germany where many prominent "Illuminated" teachers were working. Probably the most influential family in this power circle throughout the last century has been the Harriman family. Edward H. Harriman amassed over \$60 million in the late 1800's in a swift stock deal involving Union Pacific Railroad and Kuhn Loeb. (1904 Northern Securities case) William Averall Harriman, his son, graduated Yale in the Skull and Bones Fraternity in 1913. Averall Harriman controlled Harriman and Co. which owns Brown Bros. and Harriman, the world's largest private investment bank. Prescott Bush, George Bush's father was initiated and graduated in 1917. Prescott Bush as well as some other Skull and Bones Graduates were directors of the bank. These banks as well as Guaranty Trust and Union Banking Corp, all of which were controlled by Skull and Bones, were the most influential entities in building up the Soviet Union from the early times of the Bolshevik Revolution in the early 1900's, through contracts to improve mining of raw materials and rebuilding of the RR transportation infrastructure. These same banks were also directly

responsible for financing Hitler's rise to power and build up of Nazi- Socialism through contacts and subsidiary banks in Germany.

The PURPOSE for the build up of World Wars was to create a NEED for PEACE so that a UNITED NATIONS may be needed and then created as a SOLUTION for establishing peace between nations. A WORLD body of GOVERNMENT with a WORLD COURT and a WORLD POLICE to keep nations in place and to concentrate power into a few people's hands. Who's hands? William Howard Taft, Skull and Bones graduate of 1878, helped found the American Society for the Judicial Settlement of International Disputes in 1920. This soon became the League to Enforce the Peace, then the League of Nations and then finally The United Nations. If you look at things from a historical perspective, the U.N. today has implemented or is in the process of implementing all the planks of Adam Weishaupt's Manifesto. When George Bush took us to war in the Persian Gulf, he stated boldly that he didn't need the approval of Congress anymore to declare war because he had a U.N. Mandate. We have sacrificed a large part of our U.S. sovereignty. The U.N. has recently passed a Declaration of Children's Right's. It is now a RIGHT of the child to receive vaccinations, which do more harm than good, and a parent doesn't have the right to interfere. Parents who interfere with the rights of a child or abuse a child or are accused of abuse can have their children taken by the state. If you are seen spanking a child more than two or three times, the child abuse police will be unleashed against you. This amounts to nothing more than a giant power transfer, from US to THEM. The only way they can do this is by tricking us into thinking that we are so irresponsible that we cannot manage our own affairs and lives and that the state is better suited to raise our children. If you still like the U.N. then wait until you get hit with the new U.N. TAX that is coming.

This brings us to the World Bank, the IMF (International Monetary Fund), both creations of the U.N., and banking in general. In Switzerland there is a big building that is divided into 3 parts. If you look at it from above it looks like a peace symbol or Rune. This is the headquarters of the United Nations and the World Bank, the 3rd part is the World headquarters of Freemasonry. It's so convenient they can go back and forth between coffee breaks. In Brussels, there is a computer called "The Beast" which stores the names and information of every person in the world and that was created years ago. By now, it probably orbits the planet. THE U.S. IS A CORPORATION located in the DISTRICT OF COLUMBIA and each CITIZEN IS A FRANCHISE OF THE U.S. IDENTIFIED BY A SOCIAL SECURITY #.

One of the main influences of British Masonry comes to America in the area of Banking. Cecil Rhodes made his fortune from diamond mines in South Africa. Millions and millions of dollars were secured and put into a trust in his will to be used to finance the creation of secret societies for the furtherance of Anglo-Saxon rulership in the New World Order and the eventual recapture of the U.S.

for England through the creation of a central bank in America. Cecil Rhodes formed what is called the "Rhodes Scholarship" at Oxford. There is also the Round Table in England put together by Alfred Milner. Bill Clinton is a Rhodes Scholar as well as other things. In Europe, at least at the time, the Rothschilds were the leading banking clan. Paul Warburg, an agent for the Rothschilds as well as several members of Skull & Bones were instrumental in setting up the Federal Reserve Central Banking system in America in 1913. President Andrew Jackson had stated that the central bankers were a den of vipers and thieves and he intended to drive them out of America in earlier times. He also stated that if the American people understood the rank injustice of our banking system, there would be a revolution by morning. President Thomas Jefferson stated "If the American people ever allow the private banks to control the issue of their currency, first by inflation, then by

deflation, the banks and the corporations that grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered". Abraham Lincoln took action against the central bank in his time and he was killed for it. President Garfield was shot and killed shortly after declaring that whoever controls the supply of currency would control the business and activities of all people. Baron Nathan Mayer de Rothschild

once said, "Let me issue and control a nations money and I care not who writes the laws".

The measure of a nations wealth is the sum total of it's goods, services, natural resources and private wealth. In early America, private wealth consisted mostly of gold or silver. This is a great monetary standard because it has inherent value. For a long time, gold was worth \$20.00 an ounce.

A One-Ounce gold coin was a \$20.00 piece. Our grandfathers and great grandfathers found it a hassle to carry these around during large transactions due to heavy weight and frequent robbery, so out of the kindness of their hearts, the bankers would allow people to leave their gold and silver on deposit, while the bank would issue a gold or silver certificate, a piece of paper that was as good as gold. It said on the bill, "Pay to bearer upon demand in gold or silver. So after the bankers started to issue these notes they saw after a while that the people were not using the gold as much and coming back to withdraw it and that they could issue and loan more notes than they had gold to back it up. This is the true source of inflation. A short time later they replaced the gold and silver certificates with Federal reserve notes which are worthless. Without the gold and silver, the real valuables, America was essentially bankrupt. The Federal Reserve is a private corporation. When Federal Reserve notes are printed they are loaned to the U.S. Treasury or the people. Notes that cost 2 cents each are printed by the Fed and loaned to the U.S. government at face value plus 8 1/2% interest compounded. The interest is collected each year by the IRS (Repo Man), also a private corporation controlled by the Federal Reserve. With a federal deficit of 4 trillion 8 hundred billion dollars so far, the interest is in the neighborhood of \$200 Billion dollars, which is drained from the economy each year in the form of income taxes. The words "Federal Reserve Note" first appeared on our paper currency in 1933.

It is common sense that if you are borrowing money from someone and you have to pay interest then where will the money come from to pay the interest ? If you have to borrow it then that creates more interest. Obviously, in this situation, there is no way out. However, coins are minted by the U.S. treasury and they are worth their face value as currency. There is a clause written into the agreement that provides us with the option to buy back the right to issue our own currency. The solution to the problem of the National Debt is to coin a 4 trillion dollar coin and use it to pay off the Federal Reserve. It would have to be accepted and it could even be made out of copper nickel clad. In 1963, President Kennedy passed an Executive Order calling for the printing of \$450 Billion dollars in U.S. backed Debt-Free currency. Shortly after, he was killed and as soon as his successor, Lyndon Johnson took office, the first thing he did was suspend the executive order and the printing of the currency. If you look hard enough, you can find \$2 bills from 1963 that say "U.S. Treasury" at the top instead of "Federal Reserve note". 1964 was the last year silver was used as the standard coin metal and coincidentally Kennedy's face first appeared on the half-dollar. Now, 23 years later, silver is \$5.00 per ounce instead of \$1. If you still don't see how this works, just realize that 23 years later, you now need 5 times as much money (work) to buy the same ounce of silver and 60 years later, after they removed the gold, we have to pay 20 times as much money for the same ounce of gold. (\$400.00 / ounce). The moral of this little story is that we are being ripped off by the biggest "Sleight of Hand" money scam ever devised. There is a Masonic term for this kind of deception, they call it "Hoodwinked". We are

the sheep and we have had the wool pulled over our eyes.

It may appear to be a grand conspiracy where you may think that everyone knows what's going on, or you may say that it is impossible for everyone to work together on such a large scale for so long and so secretly, but the truth is that not everybody knows everything. Some people that are a part of the establishment only know a little and some don't really have a clue, some just follow the money, but most that hold high degrees have a pretty good idea, if not a lot of knowledge about the inner workings of the conspiracy.

Big name families like the Rockefellers and J.P. Morgan, even in their time, were not the main financial powers in America. They were highly paid agents, frontmen and spokespeople. Henry Ford resigned from the Ford Foundation citing an inability to maintain control over affairs. The Rockefeller foundation ties into and controls the American Medical Association and the public educational system through textbook publishing. The Rockefeller family got started with the help of the Harriman family, the Whitneys (Eli Whitney's family) and Standard Oil of New York (SONY), now Exxon. They have a lot of influence, even today.

All of the founding fathers of this nation were Masons as well as almost all of the presidents. The building of early American colonies as well as the American Revolution would not have been possible if it were not for a very special plant. The Cannabis / Hemp plant was used throughout the world since the beginning of time for just about everything that mankind needed. Paper made from hemp was used for books, bibles, maps, and money. You can produce 4 times as much paper from an acre of hemp as you can from an acre of trees at 1/4 the cost, 1/5 the pollution, it is 10 times stronger and lasts up to 1000 years instead of only 50. And it can be recycled 4 times as many times as paper from wood pulp. The Constitution was printed on hemp paper as well as the first 3 drafts of the Declaration of Independence. Even great sailing ships like the U.S.S.

Constitution were made primarily out of hemp. Hemp is the STRONGEST natural fiber on the planet. Hemp is 26 times stronger than cotton and 10 times longer lasting. The first Levi jeans were made out of hemp as well as all of the soldier's clothes for the Revolutionary War. It requires no chemicals to grow, has very few natural enemies, and grows in the widest variety of climates of any weed or plant. It is also the FASTEST GROWING plant on the planet, growing 4 times faster than corn. The seeds from the hemp plant provide the highest source of complete vegetable protein of any food source on earth. Even higher than soybeans. It has also been re-realized lately that the hemp seed is the highest source of Essential Fatty Acids in the world. ESSENTIAL, meaning :NECESSARY FOR LIFE, Fatty Acids are necessary for us and beneficial for cleaning the cholesterol out of the arteries naturally. All oils in the supermarket are bad since they are placed in clear plastic containers and exposed to direct sunlight. They become as bad as saturated fats, and end up CAUSING cholesterol buildup, leading to heart attacks, etc. Hemp seed oil can even be used as a machine-grade lubricant for engines and other machines replacing petroleum oil from the ground.

Henry Ford built his Ford Model-T using hemp to line the side panels. The impact strength was 10 times stronger than steel alone. This would eliminate many vehicular deaths today. The Model-T was also designed to run on hemp fuel which Henry Ford grew. This was displayed in Popular Mechanics in Feb. of 1938. Concentrated extracts of Cannabis from the flowers were the 2nd most used medicines in America for 150 years for over 100 separate medical illnesses. It is probably the best natural medicine for Glaucoma, stress, and controlling nausea, and works very well for arthritis , asthma, and epilepsy. It is estimated that Hemp would have at least 50,000 commercial uses if it were legal in America today.

The reason that Hemp is illegal in America today is because the main families in America (Masons), the Harrimans and Rockefellers (Standard Oil), the Whitneys (Eli Whitney-Cotton

Gin), Dupont (Chemicals in wood pulp processing and cotton pesticides), and Hearst (Newspapers, Media) find it more profitable to sell us unnecessary chemicals, unneeded dug-up petroleum oil, immune system destroying pharmaceuticals, and axed up trees cut into real thin slices, all at over-inflated prices and at the expense of our health and living environment. For these companies, the real problem is that one cannot patent a natural plant. Almost everything produced in America by large corporations is exported for sale on the world markets. The total value of oil, petrochemicals, and pharmaceutical sales totals hundreds of billions of dollars. However, with the availability of over 50,000 new products and the necessity to manufacture them, America would be a much richer nation if the farmers and the average citizen were allowed to grow this valuable crop.

Right now, the power is concentrated in the hands of a few rich individuals like George Bush, for example, who's legacy goes something like this : Graduated Yale in the Skull and Bones fraternity in 1948, went into the Airforce, got shot down and was played up in the press as a war hero, becomes owner of Zapata Off-shore Oil , which controls a large fleet of oil tankers off the coast of Kuwait, becomes director of the CIA, working to introduce cocaine and heroin in large part to America, is made Director of Eli Lilly Pharmaceuticals by Dan Quayle's Father (Lilly produces precursor chemicals used in cocaine production), sits on the board of First Interstate Bank, Puralator Shipping, and Texas Gulf (Fertilizers and pesticides to grow the Coca with and then spray on it to wipe some of it out), then becomes Vice-President and Drug Czar (During this time Cocaine influx into the U.S. increased by over 2000 %), declares war on the American people and the Bill of Rights through the militarization of a phony drug war, tricks Saddam Hussein with the help of the leaders of Kuwait, into attacking Iraq (The reason was Zapata Oil's slant drilling from Kuwait into Iraqi territory) so that he could declare war under a U.N. Mandate, strengthen the U.N. and hike up oil prices, then before leaving office, signs into law a secret Telecommunications Bill requiring the switch-over of all Federal and Bank phone lines to Fiber Optic for the purpose of electronic funds transfer as required by law in the year 2000 when cash and checks will be no longer legal. If that isn't bad enough, he also has brothers and sons that are Skull and Bones members and they do politics as well. Neil Bush (Silverado Savings and Loan Scam), there is Jeb Bush and there are several other Bush's hiding in the BIG BUSH FAMILY. It is probably no coincidence that the Harriman and Bush families both have a history in Eugenics or race purification and Genetic Selective Breeding. They will propagate their own young on the planet because they can afford it, while sitting back and deciding which countries can have how many children per family.

Population control and mind control are the methods used by the new Fascist Roman Capitalistic Empire. Millions of people die around the world each year from debilitating diseases like cancer, AIDS, Leukemia and now flesh-eating strep and Ebola. Does the Rockefeller-run American Medical Association (AMA) do everything it can to insure that doctors know the truth about health and do the most to insure the safety of the patient ? NO !

Let's consider these facts. Herbs have been around forever, they grow naturally and they have been used for healing for centuries. Drugs are synthetic chemical reproductions sold by the large pharmaceutical corporations at highly inflated prices. Doctors receive less than 3 hours of instruction on nutrition, eating right and preventative medicine in their entire 4-6 years of training.

Luis Pasteur, shortly before he died, stated that he was possibly mistaken about his germ theory. He said that germs and viruses might be the result of the disease instead of the cause. The way this could be explained is that the body overloads on toxic build-up and produces symptoms of stress, then necessary bacteria or viruses move in to scavenge the toxins, creating an abundance

of these in the system, and leaving a super toxic waste by-product behind, which the body has a difficult time expelling. Therefore the presence of the virus or high bacteria count is a result of the disease and not the cause. A couple of very important things to realize when considering this possibility are : 1. A person does not need to be exposed to another individual to come down with a cold. People living in small communities with no outside exposure can come down with colds and disease. 2. People with no disease can sleep with people and exchange bodily fluids with people with HIV and not be infected. Considering these facts further weakens the Germ Theory of Disease. If this information is true, then the introduction of prescription and pharmaceutical drugs would only serve to mask the symptoms of the problem and slowly destroy the immune system since these drugs are highly toxic.

There have been several cures for cancer and other diseases but these have been viciously suppressed by the establishment and pharmaceutical industry. Some of these include Raymond Rife and the Rife Microscope, Harry Hoxsey, Cancell, Essiac, and Ozone. The latest and most promising information so far comes from a woman named Dr. Hulda Clark. Her books and research have just been published this year. She states that the age-long problem and cause of diseases are parasites, Worms in particular. There is a worm, an intestinal fluke, which exists in most people throughout their lives. Generally, it is excreted by the body in the younger stages and does not grow into an adult in our bodies. But, something different happens when substances like Benzene and Propyl Alcohol are abundant in our body. These toxic chemicals are consumed in the form of carbonated sodas and extracts and they are absorbed into our skin in hair and body care products. The abundance of propyl Alcohols break down the shells of the eggs allowing them to hatch early.

The build-up of these toxic substances weakens the immunity of certain organs or areas of the body (Thyroid, Lymph, skin), allowing worms to grow in these areas. Dr. Clark has diagnosed hundreds of people with both Cancer and AIDS and found that all of them had both the worm present and the weakened immunity from one of these toxic sources. She was also successful curing all of them with the three herbs that are necessary to kill the worms. She does claim though that some people that are very close to death may be too far gone from the severe burden of over-toxicity. We will see how long it takes for the general public to find out about this. We have already spoken to people in different states that have used her methods successfully. Even if people do find out about things one way or another, the average person will not even know that people are finding out about something because the media will not televise it and tell people certain things.

The biggest people in the media are members of the Council on Foreign Relations and Trilateral Commission, both creations of Skull and Bones and David Rockefeller. The media is used to promote disinformation and propaganda. The only way you can think the media doesn't withhold information is if you don't know what is REALLY going on. Hitler said, in regard to propaganda and thought control, "The bigger the lie, the easier to believe". Sometimes it can be very difficult to discern the truth and find out what is really going on. Your heart will tell you one thing and your intellect another and usually we get caught up believing what we want to believe because it's too much trouble to see all the way through.

To one with an open mind, it would seem foolish to assume that we are alone in the universe. In contrast, to one with a closed mind and a probable lack of spirituality, it would appear that reality is made up only of what we see and feel physically. There is, at this time, a growing awareness on the planet that perhaps we are not alone. Millions of people around the world claim to have seen unidentified flying objects, flying disks, bright lights, and fast moving objects that reflect advanced technology, that we, most people claim, could not possess. Some people claim to have

been abducted by GREY ALIENS and underwent childbearing and medical experiments only to have been returned somewhere unconscious with examination scars left behind. Thousands of cattle mutilations have occurred in remote areas sometimes followed by sightings of flying disks or bright lights and occasionally black helicopters. There has been a recent movie made about the crash and retrieval of a spaceship as well as bodies of several dead aliens in Roswell, New Mexico and it is suggested that the government might be covering up this entire situation for political or religious reasons. UFO researchers were a very small group in the 1950's and 60's, but recently in the 1980's and 90's there has been an enormous increase in interest on the subject. I was personally first introduced to this information in 1987 through info put out by Bill Cooper a little while before the first printing of "Behold a Pale Horse". I was very curious about the subject and read everything of quality that I could find. There were less than 100 half-way decent books in print that you could find at the time. Today, there are probably over 500. I read the best books I could find by retired high ranking military officials, channeled material from Seth and The Ashtar Command, I learned about Billy Meier, Barbara Marciniak and the Pleadians material, Bob Lazaar, Area 51 and S-4 Dreamland in Las Vegas, listened to contactees discuss the Draco-Reptilian and Andromeda connection and watched Richard Hoagland bring out the "Face on Mars" info to the U.N. and the public.

If you take the sum total of the info that exists and put it into perspective, it would appear as though our race may have been seeded here by off-planet intelligences or that we were created as an intergalactic experiment, that huge 8-10 foot tall powerful Reptilian beings live at the core of the Earth, pilot advanced flying craft, read minds and plot to enslave mankind by using grey Zeta-Reticulans, who have no choice but to assist because their race is dying from genetic inbreeding and they need help and have no where else to go, and that they have the government under their control through genetic cloning and electronic implants. It has even been proposed that members of the government are related to these aliens. This may sound a little silly, but some people believe it might be true. The positive side to this double edged sword is that the Pleadians are supposedly here to save us along with another group called the Arcturians. They are supposedly here to assist us in our higher spiritual development and help us break out of our old 3rd dimensional physical reality into the 4th dimension or multi-dimensional reality. All we have to do to receive their help is give up nuclear weapons, turn our lives to god and learn to live in peace. Although these are good ideas they are easier said than done.

Probably the best book I have read on the subject came to me recently after years of entertaining the idea of this possible reality of Aliens, gov. cover-ups, and so forth, all the while learning about secret societies and other related info. The book is called "Space Aliens from the Pentagon" by William Lyne. While the former reality may seem to be a little out of this world, the info presented in this book is a lot more down to Earth. According to Mr. Lyne, the secret societies in America and abroad have harnessed a naturally occurring "Free Energy" and have possessed and suppressed this secret for at least 80-100 years. Many people have heard of Albert Einstein and his Theory of Relativity ($E=MC^2$). Most would consider him a genius although it is known that he was a Grade School dropout. Around the same time lived a man named Nikola Tesla. He came to America in the early 1900's as a scientist and inventor. He was responsible for many great discoveries, but it is not mentioned in history very much. He was responsible for Radio, Television, Fluorescent and Neon lighting, Helicopters, Lasers, Particle Beams and Alternating Current. If you haven't heard of him you should at least wonder why. William Lyne is himself an inventor and scientist. Mr. Lyne claims that when Tesla came to America, he had under his arm blueprints for possibly the world's first FLYING SAUCER and it flew without the need for external energy. He intended to present it to the Geneva Convention as a proposed

solution for world peace and energy liberation. He had theories of Magnetism and Anti-gravity as well as other forms of "Free Energy". The story goes that Einstein was working as a clerk at the Swiss Patent office at the time that Tesla was applying for his patents. Alternating Current was in the position of putting DC out of business, which meant that Edison and Westinghouse would suffer. J.P. Morgan, a Skull and Bones Banking Frontman, was financing Westinghouse and attempted to make arrangements to secure Tesla's patents through con deals and contracts. He used Einstein's position at the patent office to rip off several of Tesla's patents and then told him outright that since it would be difficult to collect money on this "Free Energy", that it would not be used or promoted in society. Instead, Einstein's Theory of Relativity would prevail and Tesla's Dynamic Theory of Gravity would be suppressed. Today, it is impossible to locate some of Tesla's earlier patents. The Flying Saucer project was then moved out of the country to a secret joint German / American base near the South Pole called "Neu Schwabenland" or New Berlin, which was under the control of the Thule society, a secret society in Germany to which the SS belonged. Here, the crafts were perfected and outfitted with the latest technology and design. The Nazis created propaganda back home that Hitler was in touch with a Blond-haired, blue-eyed Aryan race of beings who communicated to him that he was chosen to lead the Germanic people. There was a resurgence of Occultism in Germany at this time. Hitler was into the occult and he was a master of propaganda. Remember, he stated "The bigger the lie, the easier to sell to the public", people believe what they want to believe. After W.W.II, during Operation Paperclip, hundreds of Nazi intelligence officers were secretly brought to America and given positions in the OSS (Office of Strategic Services), the forerunner to the CIA, supposedly to gain information on the Russians, our new enemy. Along with the Nazis came the flying saucer project. The project was brought to New Mexico, where it was worked on further. Soon there were several sightings by people of mysterious flying objects and bright flying balls of light. In 1944 and 45, there were newspaper reports about flying balls of light possibly being advanced Nazi aircraft. They were called FOO-FIGHTERS. Then a couple of years later, in 1947, there was supposedly a flying saucer crash in the desert of Roswell, New Mexico, with advanced technology and even bodies of aliens recovered. This was reported on the front page of the newspaper and then it was explained away as a weather balloon. Within a few years science fiction films started coming out like crazy. (The Day the Earth Stood Still-about the threat of war and the necessity to make peace with ourselves and the aliens, and War of the Worlds-H.G. Wells, a British Intelligence Agent).

There was a time in America in the 1950's, when it was trendy to wear alien antennas on your head or a Hat shaped like a flying saucer. This was the beginning of the first wave of American propaganda. Then in the 1970's, we had Star Wars, Close Encounters, Hanger 18, and eventually E.T. T.V. movies like Alien Nation and "V" were shown to us and now Sightings, The X-files, and even Roswell the movie. There is a consistent theme that suggests the government is involved in a super high level cosmic Watergate cover-up.

William Lyne claims to have seen this entire drama evolve from a simple bungled crash recovery story to the elaborate present day theory mentioned before. He basically says that this is the biggest "Free Energy Cover-up" scam ever perpetrated against the people of the world. Millions and millions of dollars are poured into an elaborate propaganda complex of Authors, Ph.D.'s, Ret. Military Officials and self proclaimed "Channelers" to distribute books and videos on these ideas. They fund UFO expos, research groups like MUFON, and UFO magazines. He even claims that he was offered money by the CIA to write phony scripts about being abducted by grey Zeta-Reticulans. He claims to have many contacts himself, through his own family and relatives and friends from previous service in the Air Force, who have confirmed this info. He claims the UFO

expos are filled with disinformation agents.

Here are a couple of things to consider : 1. If you wanted to expose the government or publish books or videos on UFOs or aliens then where do you get the money to do it ? Who has this kind of money lying around and is willing to invest it in these ventures ? There is new information appearing that Lawrence Rockefeller has been behind the private financing of groups to discuss the UFO issue and undoubtedly promote more propaganda and lies. 2. If this is the government's biggest cover-up then how come all of this info is coming out all at once all over the place ? 3. After Bill Lyne presented this info for the first time at the UFO expo in California and was a huge success, why was he asked not to return and told that he would be better suited at the Extraordinary Experiences Expo ?

There has been some speculation that the government maybe preparing to "inform" the public about the supposed alien presence and possibly even present a staged landing or invasion scenario. Either way we may soon see, depending on how carefully we are watching. If this is the kind of technology the government had 50 and 100 years ago, then 166 mhz pentium processors are probably a far cry from REAL present day capabilities.

One of the symbols for Roman Catholic Freemasonry is the Double Cross. It may appear on the Pope's headdress or on the advertisement for the American Lung Association or even in the EXXON sign. This may imply that we've been double-crossed. Is the Shell gas station symbol really a shell ? Or is it the SUN rising in the East ? The Panorama Mall in California uses an almost identical symbol and it is surely not a shell, but the SUNRISE. The flag of El Salvador and Nicaragua both are a symbol of the triangle or pyramid with the eye in the peak or capstone as well as the sun rising. The flag for Germany is the Masonic compass symbol. Look at the America On-line symbol. A Current Affair T.V series. The next time you are driving on the freeway and you see an exit sign with gas station displays that offer you a choice between Citgo or Shell, ask yourself whether you are really looking at a pyramid and a sun rising in the east. And now, back to the most popular conspiracy question : Who did kill JFK ? If you still think it was Lee Harvey Oswald and you believe the lone assassin theory or if you are stuck in a cave somewhere building a wheel that is shaped like a square then consider these important historical facts : The assassination took place in Dealey Plaza, site of the first Masonic temple in Dallas. Dallas is located just south of the 33rd degree of latitude. The 33rd degree is the highest degree one can achieve in Freemasonry. Shakespeare's MacBeth is a "Killing of the King" drama. MacBeth, who killed his King in accordance with a witch's plot and was himself later killed, parallels the JFK assassination and the sequence of Oswald being killed by Ruby. "Mason Road" in Texas, connects to the "Mason No El Bar" and the Texas / New Mexico "Land of Enchantment" border. This connecting line is on the 32nd degree.

When the 32nd degree line of latitude is traced west into the "Land of Enchantment", it becomes situated midway between Deming and Columbus. Slightly to the north of the town of Columbus are the "Tres Hermanas" (Three Sisters) mountains. The Three Sisters are found approx. 32 miles between Deming and Columbus and are a minute and some seconds south of the 32nd degree line. When this line is traced further to the west, it passes the ghost town of Shakespeare at a distance south of the town that is roughly equivalent to the distance which the 32nd degree line passes north of the three sisters mountains. Both Shakespeare and the three sisters relate to MacBeth. When this 32nd degree line is traced some distance further west, into Arizona, it crosses an old trail which meanders north of a ghost town, which was once the town of Ruby. The trail itself was called Ruby Road. Ruby Road twists north into the area of 2 mountain peaks known as Kennedy and Johnson Mountains. The New Orleans CIA (who provided security) station's headquarters were in a Masonic temple. And last but not least, Mason Lyndon Johnson

appointed Mason Earl Warren to investigate Kennedy's death. 33rd degree Mason, Gerald Ford was instrumental in suppressing what little evidence of a conspiratorial nature reached the commission. Responsible for supplying information to the commission was 33rd degree Mason J. Edgar Hoover and former CIA director and Mason Allen Dulles was responsible for most of his Agency's information to the panel. There IS NO need to wonder whether there is a conspiracy going on, the fact is AMERICA IS ONE BIG LIVING CONSPIRACY.

The 2000 year old Reich of the NEW WORLD ORDER is HERE and NOW. We are about to start 1996. The more that this sort of information gets out to the public, the faster the crackdown and grab for power becomes. The government is not as dumb as most people believe, it only appears to be on the surface. How many more police do we need ? The Fraternal Order of Police is a Masonic Order. You will understand this the next time they put you through the 3rd DEGREE, and offer you 3 SQUARE meals a day. How much more power do we want to give them ? Current Gun Control Legislation is taken almost word for word from gun control laws passed in Nazi Germany under Adolph Hitler. There have been many Executive Orders and Public Laws passed giving tremendous powers to the president to declare National Emergencies, suspend the Constitution, and round up large groups of people, and the power to use converted and shut down MILITARY BASES AS LABOR BOOT CAMPS (CONCENTRATION CAMPS), has been handed to the Pentagon. This will be sold to us as immigration control, drug trafficker punishment and so forth.

In Europe today, the National I.D. Card (Smartcard) has already been issued. In Singapore, you are required to carry it by law. It will soon arrive in America and it will be pushed using Health-Care reform or Immigration Control as a means to sell it to the public. This card will store all of the necessary information on you and more.

There was a particular type of wood that magicians used to make their wands from. It was the wood from the Holly plant. Hollywood today is where the Mason Magicians of the silver screen wave their hypnotic magic wands over our eyes and fool us with ILLUSIONS. If you remember the T.V. series "Get Smart", there were the bad guys called CHAOS and the good guys called CONTROL. GET SMART .

The following books in this catalog are most highly recommended : America's Secret Establishment, Proofs of a Conspiracy, Secret Societies and Subversive Movements, The Emperor Wears No Clothes, Space Aliens From the Pentagon, The Cure for All Diseases, The World Order: Our Secret Rulers, Jesus Christ : SUN of God, The Illuminati, and The Scarlet and the Beast Series.

EXTENDED INTRODUCTION (Feb.-'97)

It has been a little over a year since the first Catalog was released. A lot of things have happened since then. Dozens of books and videos have become available and thousands of people more have learned about the New World Order. The direction that this country is going in has become clearer to a lot more people as jobs are lost, properties are seized and more and more people are witnessing and

experiencing military preparedness actions taking place in their cities and towns. The secret forces attempting to take this country CANNOT just do whatever they want because they need the support of the masses. It has been remarked in Globalist meetings that the nations and leaders and even the heads of the U.S. are waiting to usher in the New World Order, the only thing that is stopping them or slowing them up is the American people. There is too much resistance at this time from patriots who would rather see the United Nations dissolved. A bill was sponsored by Congress to remove us from the U.N., but was shot down. It is definitely time for a

MOVEMENT in America to disassemble the U.N. or at least get US OUT. Recently, an attempt to fly the United Nations Flag in Montana was shot down by patriots and protesters.

New information has surfaced about the Oklahoma bombing, John Doe # 2 might be identified. There is a family, Glen and Kathy Wilburn, who lost two grandchildren in the daycare center, and who have conducted their own investigation for the past year and a half. They have filed a wrong ful death lawsuit against McVeigh and doing so has given them discovery subpoena power to pursue

their investigation. Two key people have been identified as major co-conspirators along with the BATF itself. The person believed to be John Doe # 2 is a man named Michael Brescia. Once pictures were shown to a number of key witnesses, almost all overwhelmingly agreed that he was the one. Brescia is a 24 year old man from Philadelphia. He has been identified as the individual with Mcveigh at the Ryder truck office. Brescia is a Christian Identity follower who was living at Elohim City, a Christian Identity center on the border of Oklahoma and Arkansas. There he shared a room with the second key individual, a man named Andreas Strassmeir, a former German military officer who came to the U.S. hoping to work undercover for the Justice Dept. or the DEA. It is more likely he got a job with the BATF. In 1988 and '89, he was involved in the infiltration of the Texas Light Infantry and a set up involving militia members and illegal gun purchases. Strassmeir has been interviewed a couple of times by a British reporter named Ambrose Evans Pritchard.

According to Pritchard, Strassmeir has stated that the BATF had an operation going where they were monitoring McVeigh and the whole thing and tried to wait until the last minute so they could show that they saved everyone from doom and look like heroes, except for one problem: the bomb was supposed to go off in the middle of the night, and the ATF had a surveillance operation going

on all night long, they had a bomb squad and a team to intercept the bombers, but somehow the plan got changed, they lowered their guard and then it went off at nine in the morning.

Same Subject From A New Perspective—Whether the government knew about it, had something to do with it, intentionally or not, or just plain screwed up a sting type situation isn't really the point !----It has been said that McVeigh was part of an intelligence group involved in criminal activites. McVeigh himself claims to have a microchip implant !

New information has come out just recently in the major news about several people on trial for a series of bank robberies tied to an Aryan Nations Republican Army, a neo-Nazi Christian Identity group based out of guess where ? That's right, Elohim City !! -----

A Brief Thought: During the civil war period, a man named Albert Pike from the south, not just any man, but founder of the 33rd degree, the highest degree in Scottish Rite Masonry, who himself was a Sovereign Grand Inspector General and authored many books on Freemasonry, including "Morals and Dogma" (The Bible of Freemasonry), also was the Leader and Founder of the Ku Klux Klan. Elements of British Israel Freemasonry and the movement to bring America back under England's control, become apparent in the Christian Identity movement. British race patriots and promoters of Racial Identity linked to Freemasonry (Theories that the nothern Europeans, Vikings, etc, are the true Jews and therefore god's chosen people and thus superior), were people who Hitler admired greatly and studied intensely. ----Is it not possible that Freemasonry, with it's tentacles wrapped up in the BATF on one hand and the neo-Nazi movement on the other, could be promoting CHAOS to achieve ORDER ? The Anti-Terrorism bill had already been written and was waiting to be passed into law at the time of the Bombing !!! WAKE UP !!! We are being terrorized into giving up our rights and guns through OUR FEAR OF TERRORISM !!

And what ever happened to the MONTANA FREEMEN ?80 Days the FBI tried to get them to surrender. The government kidnapped the leaders on their own property. Everybody in the country watched. Some people got so tired of watching , they would have had the FBI burn the place down just so they could get back to the O.J. Simpson trial. Why did the FBI want them so bad ? Do you think they're trying to teach people not to write bad checks ? What do you think would happen if they sent the FBI, the tanks and the SWAT team in for everyone who wrote a BAD CHECK ? How come we haven't heard anything at all since, not even word of a trial ? It's as if there's a place they can take people that society doesn't care about, bypass the judicial system and we may never even hear from them again. This is a SERIOUS possibility !! THIS COULD BE YOUR FAMILY !!!

THE STORY BEHIND THE MONTANA FREEMEN IS ONE OF THE MOST INTERESTING AND IMPORTANT STORIES OF THE CENTURY !!HERE IT IS :

The Revolutionary War was fought for one purpose and one end and that is SOVEREIGNTY ! After the war, the colonies were each separate and Independant countries and still are today. Every FREEMAN 21 years of age or older who owned land and was able to vote was a king in his own home. He was untaxable. His land was untaxable and his income was untaxable. Nobody can tax the King, the King is Sovereign. The FREEMEN of MONTANA had long ago renounced their U.S. citizenship status in favor of being an American National (Different From a State Citizen, But Similar). They severed all contracts with the government so they would not be under it's jurisdiction. The U.S. government is a Foreign Corporation with respect to a state. A corporation cannot have citizens, only franchises. When you except a social security # or you register to vote , you elect to be a U.S citizen, which the courts have ruled is of SUBJECT STATUS, Not SOVEREIGN. So after having renounced their U.S. citizenship, they then attempted to set up a township. Using proper methods, with an understanding of the laws involved, they were competent, knowledgable and lawfully able to set up a township, after all, who set up the township you live in or the one up the road ? Someone or some people have to be able to set it up. In a TOWNSHIP, you may have a COURT. Who do you think set up the court in your community or town ? God ? No, people did. Someone with the proper authority. Who has the authority to set up a court ? Who is the government ? WE THE PEOPLE ARE !!! Not U.S. citizens, but state citizens or maybe American Nationals. George Washington was not a U.S. citizen, he was a state Citizen of Virginia. Do you think the IRS was going around telling Washington or Jefferson to pay their taxes or forfeit their land ? Of course not!! That is why we fought the war!!!

You need to know what is a Common law or COMMERCIAL LIEN. This may be the Light Saber that slew Darth Vader and took down the Empire in one swipe. The entire legal system in America is based on certain principles. Not to sound religious but the truth is that these principles come to us from the Bible. Our organic law in America comes from the Magna Carta and the Bible. Even going back to the bible, if someone wronged you, you would present them with a "Commercial Affidavit" to seek remedy or recourse. This is your complaint that they wronged you, but that you intend to straighten it out with them and this is your attempt. At this time , they now have X number of days to respond (usually 10 or 20),and if they don't respond in that time then you win the contest by default. Now that you won the contest and you know you were right you can sue for damages by placing a Lien on their ass or assetts. You can now claim that you are taking their property or car or whatever as a security against the judgement. You present them with the Lien, they ignore it, they lose by default and you now own everything you named in the Lien. Take the IRS for example: And remember, everything works on presumption. The IRS presumes you are a U.S. citizen and owe \$50,000 to the IRS for taxes. They don't send you proof,

just a notice that you owe and to pay this amount. That is their informing you of the wrong that you've done. The next letter comes informing you of their intent to place a Lien on your property unless the amount is paid. The only way to refute a Commercial Affidavit is POINT FOR POINT IN WRITING. If you don't do this, you have just defaulted and everything the IRS said in their original presentment is considered true and that is how the court will rule. Most people never contest a Lien or even know how to do it properly. So almost everybody loses. But you don't have to.

To understand the Liens a little better you need to have a clear understanding of WHAT MONEY IS...Lawful money is Gold and Silver only. Paper is not Lawful Money. Federal Reserve Notes are NOT Lawful Money at all. Federal Reserve Notes are not even money, they are DEBT ! I hate to let you down, but if you have a hundred dollar bill in your pocket you are not A hundred dollars richer, you are a hundred dollars in DEBT ! Ever since 1933, the U.S. government has declared Bankruptcy and borrowed money from the Federal Reserve, a private (for profit) corporation with stockholders who make upwards of a billion dollars a year. The Federal Reserve Notes floating around represent Debt, or borrowed money. Borrowed money has to be payed back and the bum in front of Seven-Eleven isn't the one paying it back, you and I are, people who use the money, and each year that we pay interest on that money, we have less of it, not just the guy down the street, but everyone in the economy. There are several economies operating alongside each other at this time both locally and globally.

One type of economy which has always been around and which is still in use is uses the CREDIT SYSTEM. We have been on the CREDIT SYSTEM exclusively since 1933. The CREDIT SYSTEM is regulated by the U.C.C or UNIFORM COMMERCIAL CODE. Along with the credit system comes limited liability for debts. If I take you to court and sue for a hundred dollars you are not obligated to pay me real money, you can use monopoly money (Federal Reserve Notes) or a Promissory Note, a promise to pay. That is what a Federal Reserve Note is, A PROMISE TO PAY. ---YOU CANNOT PAY A DEBT WITH DEBT !! You CAN DISCHARGE DEBT, however. Now, think about this carefully. If the Federal Reserve can print money, and loan it to us, Number 1: What authority do they have to print the money at all ?, and, if they do have the authority to print money, where is the gold and silver to back it up, or are they just printing it out of thin air ? Number 2: Why would we be obligated to use it and forced to pay interest to them ? Number 3 : What stops you or I from doing the same thing ? Remember, the government doesn't print the money, a private corporation does. Who gives them the authority ? Here are the answers : The government can contract if they want to to borrow money; it's a stupid idea since they can print their own, but for the meantime, while it's under the control of the Masonic International Bankers, that's what they are doing. The point is , THEY DO NOT HAVE EXCLUSIVE RIGHT TO PRODUCE CREDIT OR MONEY.

The MONTANA FREEMEN had spent 20 years studying common law and commercial banking procedure and so forth...They had also acquired a very powerful book on banking that is not well known because they don't want you to have it, called the Banker's Handbook Of Commercial Banking Law, which reveals a SECRET--that CREDIT IS CREATED WITH THE LIEN PROCESS !!

This is where the Federal Reserve gets the authority to print X amount of dollars. Since 1933, the Federal Reserve has had Liens on the U.S. citizens and their property. From this Credit of a perfected Lien, they can then issue bills of exchange, documentary drafts or Federal Reserve Notes, which are the same. Consider this , the 1930's, the Great Depression, a cattle rancher stuck in a position of needing to purchase food for his cattle, and short on Federal Reserve Notes at the time still had credit. His sheepskins are worth money and although he doesn't have it at the

time, he knows he will in the near future. He can't wait to buy food so he issues a documentary draft or a promissory note for the amount due to the foodseller. It's the same as a check. He doesn't need the bank to provide him with a check or even need to have it in the bank. Now, the foodseller takes a look at this piece of paper and says well it doesn't look like a dollar but it doesn't really matter because he knows if he wants some sheepskins he can redeem that paper for some sheepskins, or if he needs a boat and he knows that the guy who sells boats could use some sheepskins, he'll give the boat dealer the piece of paper and the boat dealer can then redeem it for the sheepskins. As long as people aren't issuing more credit than they have goods or services to back it up, everyone will be happy. If you find out somebody in the community is doing that then you don't have to accept his promissory notes and then he will have no customers and go out of business. Simple. In other words, WE DON'T NEED THE FEDERAL RESERVE !!

Now back to the FREEMEN and what they were doing. The FREEMEN placed common law Liens on public officials, state and federal, including Judges and Sheriffs, The IRS, Large Corporations and The United States Corporation and everyone else that wronged them. Since none of these people knew how to respond properly, and also given the fact that the way the Liens were written, they were written as confessions, so whether they were signed or not by the party, the refusal to respond means acquiescence to the confession, the Freeman now had the government and it's employees Liened up to 17 TRILLION Dollars. Now, when you have had a Lien placed against you, you cannot obtain credit, buy or sell your house, car or any property written into the Lien. And the most devastating part is that you cannot, almost no matter what, ever have the Lien removed except by the party who filed it against you or a court order. If you try to get a court order to remove it, the judge will tell you he can't, it is RES JUDICATA, or ALREADY DECIDED. It is a bargain of the parties in fact and the government cannot keep you from your right to CONTRACT. Now that the FREEMEN had all of this credit, they started to do several things: They placed 200 million dollars in certified money orders to the World Bank to pay off the National Debt and forever bar the IRS from existence. They also started to teach classes at the ranch for people who wanted to learn and to pay off their debts. This is what Shweitzer would do. Say you owed the IRS \$10,000, they would write you a check for \$20,000 pay to Your Name and the IRS. The IRS would accept the check and issue you a refund for the remaining \$10,000 and you could go the next day and cash it at the bank !!!!! This worked well for over 3 years and the Freeman took in millions of dollars, without a problem. You're probably thinking now, why did it work then? and what happened to make it stop working? Well, it worked then, the same as it still works now and always will. There is some speculation the government didn't go after them for the checks, but for something else, and just used the check situation as a confusion cover. The Freeman, in their pursuit of taking back their government, accumulated large amounts of hard evidence of drug trafficking by Montana officials. There was an elementary school with only several hundred kids in it, but there was cocaine in the school at the fifth and sixth grade and the Freeman had evidence of high officials involvement in trafficking. But back for now to the money issue. The fact of the matter is that all kinds of government and non-government agencies accepted these checks for years. Examples : In Sept. 1995 a Sonoma couple, Drehne and Sheila Pierce, who had an IRS Lien placed on their assets for back taxes exceeding \$8,000, obtained a "Certified Bankers Check" from Leroy Shweitzer with a face value of \$22,700, and mailed it to the IRS. Since Shweitzers's money order was for nearly triple the amount due, the couple sent a letter with the check requesting a refund for overpayment or Criminal Conversion will occur. Within 30 days, the IRS lifted its' Lien against the couple and mailed them a refund check for more than \$14,000 dollars. A photo of these checks is included in the catalog for PROOF that this did occur. The IRS is not alone. Roger Leffler of Fridley, Minn.,

sent a \$13,000 Freeman bank draft to his state's Office of Child Support Enforcement for past due child support. The agency apparently accepted the check, clearing his account, and issued him a refund check for \$5,712.72 and on and on the stories go.

So, was it legal? Well, is the Federal Reserve and IRS and what they are doing legal? It's the same thing and it works because the system is based on it. The commercial Liens are often for hundreds of thousands or even millions of dollars. The amount of damages sought is at the discretion of the individual, but at the common charge of 5 to 10 cents on the dollar to fashion the Lien, the more you seek, the more you pay. They are registered under form U.C.C.-1 with the respective secretaries of state, and then are used as collateral, or as in most cases, commercial paper that is sold, leased, transferred for collection, or used to back up money orders. "Liened Up" companies and individuals have been known to buy them back at a fraction of their value in order to save money on legal costs fighting them, and escape related aggravation. Patriot community leaders suggest Americans are putting Liens against banks, companies and government entities and employees as a simple and effective means to redress grievances. Literally billions of dollars in Liens have been filed in the last few years. Liens apparently are also ending up in the hands of Foreign governments. Unlike banks in the United States, the intrinsic value of American-generated Liens is not disputed by most countries, many of which are buying them up as they would any other form of government paper. F. Joe Holland claims the offshore sale of this paper has become a cottage industry in the U.S. And according to Michael Overturf of Burbank, Calif., who acts as an intermediary between citizens and offshore interests and manages a "portfolio" he claims is worth more than \$10 Billion, "the Process of liquidating the Liens is quite simple, and lawful. Say for example there is a third world country that owes debt to the U.S. government. They can rent or lease a commercial lien from us, and use it to increase or enhance their asset base, allowing them to loan money to people in their country to do projects. Now, if they purchase the lien outright, they can also go to the U.S. and say they want to apply this lien against their debt. They can also create letters of credit, or they can borrow more money from the treasury of the U.S., because they have increased their asset base. An offshore bank can add these Liens to their portfolios, and they actually become part of their assets. When they loan money or credits to their clientele, they are loaning from a credit base calculated from their asset base. They are using the Lien as an asset and 'consideration of a contract'".

Do you know that an unprecedented number of politicians have announced their retirement in '95 and '96. It's as if they're all flying south for the winter. Over 50 key politicians have announced their retirement and most of them have strangely commented that they want to spend more time with their families. Does this seem odd?

Another very important SECRET in this country at this time is the FIFTH COLUMN. Within the CIA there is an elite group of computer hackers who have acquired an 18-wheeler and a KRAY SUPERCOMPUTER and are traveling around the country at this time downloading files from U.S. and Foreign Bank accounts and draining these accounts of their finances. The accounts belong to

politicians and world leaders and the finances are the bribes and hush money of those individuals involved in criminal activities.

Several years ago a system of software was developed called PROMIS, by a company called INSLAW. This was criminal tracking software that was used by the Defense Dept. and other agencies after they stole it from the maker and forced him into Bankruptcy and Jail, where he remains today. Danny Cassalero was murdered investigating this case shortly after he came up with an "Octopus" conspiracy theory of the way things operated in the highest circles. Anyway, this software was slightly modified by the CIA and secretly "slipped" into banking software that

was exported out of our country for use by foreign and offshore banks. The software was modified to track banking transactions instead and the information about the flow of finances throughout the world was now being monitored by the CIA or at least a few agents who wanted to find out where the money was going. After this rogue CIA group got ahold of the information they then photocopied it and had it hand delivered to each particular congressman, senator or politician along with a note explaining to them that they no longer had their bribe fund and they had 24 hours to turn in their resignation or face public scandal, humiliation and possible criminal charges if they refused. This gave the politician just enough time to check and see if the funds were still there or not and to make a decision. Well, according to Jim Norman, a respected journalist for Forbes Magazine (who happens to be the Fifth Column's only Media Liason), EVERY politician so far has resigned. Media Bypass published Norman's story detailing how former White House Deputy Vince Foster was a spy for Israel and had his \$2.73 million dollar espionage bounty, stashed at a Swiss bank, raided by the Fifth Column shortly before his death—after Forbes declined to run it. Norman was later forced to resign from Forbes after coming across evidence that Forbes Inc. Chairman, Casper Weinberger himself had more than \$2 million raided from a Swiss account by the Fifth Column.

At the time of this writing, one member has died, one is disabled and now Chuck Hayes "Angel of Death" has been arrested on the eve of the presidential election. A flood of information may be released soon exposing many corrupt politicians if Hayes is messed with. This could be a fun scene to watch unfold. Stay tuned and pay attention.

Through the help of a mutual friend, I have been able to talk to Charles Hayes's attorney, Gatewood Galbraith, who ran for Governor of Kentucky on a Pro-Hemp platform. According to Gatewood, Chuck Hayes is a liar and could not produce any good evidence or witnesses at the trial. You would think if there was an element in the CIA that was working for the good of the people and one of their own was on trial for part of an operation to expose high ranking officials in the government, that they would use the opportunity to bring out the information.

According to Karen Lee Bixman, who wrote for Media Bypass magazine, the entire "FosterGate" story you just read about above was false information. Apparently, Karen tried to expose this and Jim Norman, Troy Underhill and a couple others attempted to keep the truth from coming out. Karen claims the Swiss bank account number that supposedly belonged to Casper Weinberger was really the license number on John Hull's (Contra cocaine trafficker) airplane. If this is true then there is a possibility that Media Bypass is infiltrated or even started by the Intelligence Community to spread false information to the patriot community.

Do you own a cable box? If you do, consider this possibility: Ever since you purchased that cable box and put it on top of your T.V, it has been monitoring and videotaping you in your living room and recording everything you say for the intelligence agencies.

This has not yet been established as a fact, but it is a tremendous possibility. As of this writing, the new issue of Nexus magazine contains an interesting letter from a man who met someone recently who had spent the last 20 years working for one of the largest cable companies in the U.S. This man witnessed the top-level cooperation between the cable companies and the government as part of a giant surveillance and intelligence gathering network. He was responsible for designing the new range of T.V. top boxes that all cable systems employ as a junction "decoder". He said that all of these new junction boxes contain a tiny microphone inside and a black and white fisheye camera behind the clear plastic on the front, and that the cable has return channels included into it's specification for sending these signals back to the carrier. —Note : This is complete hearsay at this point, as it's only source for verification at this point is from a letter written in to a magazine, which anyone can do. If anyone has real info on this sort of thing,

please send it to me.

Another not completely verified story, yet absolutely possible : A supposedly “leaked” 3 Page document has appeared recently regarding a new surveillance and control product developed by IBM and secretly tested on prisoners in California, Texas and Massachusetts. The 2020 NEURAL CHIP IMPLANT—According to the source of this document, they are aware that Federal regulations do not permit the use of implants on prisoners, but they have entered into contractual testing of their products. They boast of having major successes in privately owned sanitariums, but cite an increased need to test the products full scale on violent subjects. Supposedly, in California, several prisoners who were identified as members of the Mexican Mafia were brought to the health services unit at Pelican Bay and tranquilized with advanced sedatives. The implant procedure takes 60 -90 minutes, but they are working on a device that will reduce that time by up to 60%. The results of implants tested on eight prisoners are as follows : Implants served as surveillance monitoring device for threat group activity; Implants disabled two subjects during an assault on correctional staff ; Universal side effects in all 8 subjects revealed that when the implant is set to 116 MHz all subjects became lethargic and slept an average of 18-22 hours per day; Each subject was monitored for aggressive activity during the test period and they found that 7 out of 8 test subjects exhibited no aggression, even when provoked. One problem discussed was slight bleeding at the nose and ears for up to 48 hours after implantation, which they express a need to fix or risk being exposed. The document makes claims that law enforcement has now penetrated EME or Mexican Mafia because of this technology, and that they know they cannot use the information in court, but it has still helped them to figure out who their outside connections are and to help them wrap up a 14-month long investigation into their activities. Essentially, the implants make the unsuspecting prisoner a WALKING, TALKING RECORDER of every event he comes in contact with. This may SOUND like a great way to control crime, but when the REAL CRIMINALS are in Washington D.C. then the entire population will become slaves to the criminal bureaucracy and there will be no more GOOD PEOPLE ANYMORE !! Whether this is real or not, IT WILL BE HERE SOON, if it isn't already.

One of the effects that science fiction has is that although you read it or watch it knowing that it is not real at the time, you still leave with the impression of the possibility in your mind. If we do not take the time to imagine the possibility of things, we may be that much slower to realize the reality of things. Anyways, it can't hurt anymore to be aware. –AWARENESS IS THE KEY !! Since awareness and consciousness are the keys, when you happen to slip from your everyday waking awareness state and realize that you are ALIVE and you want to find out WHAT IS GOING ON ? , fortunately now, in today's age, we have access to the MOST incredible medium of INFORMATION EXCHANGE, possibly ever developed on the planet –THE INTERNET— Now for the first time in history, the average Joe Blow can find out just about anything, if he knows where to look. Not just in America, but almost anywhere in the world. So, how important is this ? About as important as YOU probably believe life to be. THE INTERNET is a reflection of our awareness in cyberspace, an area where we can all meet with minds only, and soon video and audio, where we can share all of our thoughts and feelings with the world at no EXTRA CHARGE. Everything that has been suppressed for centuries, will soon be available for all to know. EVERYTHING that EVERYBODY knows will soon be available for all to see. Everyone who knows what the SECRET GOVERNMENT is doing should put out a WEB SITE with hundreds of PAGES discussing everything that they are aware of and include a page for LINKS to other important sites. This is happening right now and there is A LOT of INFO on the INTERNET at this time. Eventually there will be so many sites out there, that everyone will learn

what they need to know in order to make an effective change. The government is attempting to do several things to control the INTERNET and us as well through the use of it. They know they cannot shut off the information exchange, but they are going to control who uses it and whether someone who is using it to expose the government, goes to jail or not. Clinton would like to see legislation passed that makes it a crime to post offensive speech on the INTERNET. Offensive to WHOM ? ---The truth hides from no one. Only lies attempt to hide themselves.

If they can lock you up for posting offensive speech online, then they can ARREST almost ANYONE at ANYTIME for almost ANYTHING. This is what they want. Another reason to KICK IN YOUR DOOR if they want you. There is already talk of denying Federal Parolees access to the INTERNET or prisoners on probation, because of access to pornography, bomb making info, etc... That's like denying a driver's license to someone caught smoking pot, who wasn't driving at the time. Which they do in California. One has nothing to do with the other, but somehow, NOW you can't drive your car, you can't own a gun for protection and you can't even find out what you can do about it because you CAN'T USE THE INTERNET, all because you got caught with some POT. 30-60 million Americans use marijuana regularly and they are all subject to these discriminations. Imagine how many people will be on the INTERNET. The other way that they will keep you from the information is by filling the WEB with so much GARBAGE info that you will never find what you're looking for or if you do it will take you all night and by the time you do you will be ready to go to sleep. That's why we need tens of thousands of PATRIOT SITES on the INTERNET with lots and lots of LINKS !!

EXTENDED INTRODUCTION (Jan. '98)

1998 has started and still no word about the FREEMEN anywhere in the media. The Oklahoma Bombing Trial just ended for Terry Nichols. Strange weather patterns are occurring around the world. Is it because it was predicted in the BIBLE ? Or because the Masons, who wrote the bible, own weather control devices now, which can influence religion and popular opinion ? Is it a coincidence that the Kobe Earthquake and the California Earthquake both occurred on the 17th of January, one in 1994 and one in 1995 and both within about an hour of each other ?

A very strange and interesting scenario is being followed by researcher Harry Mason for Nexus Magazine involving The AUM Shinri Kyo (SUPREME TRUTH) in Japan, (supposedly responsible for the subway (sarin) gas attacks), and Drug Trafficking in Ecstasy and the purchase of a 900 Million Dollar EM (Electromagnetic) Tesla "Earthquake" Machine that is possibly either being tested at this time or maybe even involved in a secret sound-wave-war between powerful drug factions or empires. Apparently, the epicenter of the Kobe Earthquake in 1995 was also the location of a secret Electromagnetics research and manufacturing facility in Japan.

The research started with strange fireball events in remote parts of Australia around the beginning of 1995. On May 28, 1993, a meteor fireball was seen by several people and reported to local police stations. The Fireball was followed by an immediate 3.9 Earthquake. This area of Western Australia has had no recorded earthquakes since seismographs were first installed in the early 1900's. Some observers reported that the fireball was cylindrical and yellow-blue-white in color. It was heard as a pulsed, roaring or loud diesel-engine sound, well before it passed overhead. Next, a near blinding high energy burst of blue-white light. Then eyewitnesses say, a second fireball was seen which was a little smaller. Following the sighting of the second fireball, there was a smaller, less significant ground tremor. The Fireballs were spotted by residents near Banjawarn. Banjawarn is the most isolated station area in the Eastern Goldfields region of Western Australia. This Sheep station gained notoriety since it's purchase the same year (1993) by the Japanese Aum Supreme Truth sect. Hayakawa, Deputy Leader of the sect, initiated the

purchase in late 1993 desiring to "Conduct experiments there for the benefit of mankind". The agreement regarding the sale was completed on April 23, some 35 days prior to the 1st Fireball event. Since the May 1993 event, there have been over 1000 reports concerning Aerial Fireballs and associated light-energy emissions. Similar events have been reported in the New Zealand area.

The most spectacular and well documented of these Fireball events occurred around 2:00 A.M. on May 1st 1995 above Perth, W.A. It was seen as a large spherical red-orange fireball with a small blue-white tail. It flew over the eastern side of the city of Perth (Population 1 million) and was seen and heard by many people. Observers reported that the "object" emitted a loud, roaring, pulsed noise--similar to a diesel freight train before it arrived. It was reported that it stopped dead in the sky and the tail inverted through the fireball to point toward the previous direction of travel. Then there was an enormous burst of blue-white arcing light-energy that briefly lit up the city and its suburbs as clear as daylight. A loud, vibrating massive explosion-like seismic wave reverberated around Perth, causing the city buildings to shake and books and objects to fall off shelves. About 500,000 people were estimated to have been woken up by this "sound".

Evidence for the existence of exotic weapons capable of producing these effects is given in part in a "Voice of Russia" program of Dec. 23, 1996, where they discussed modern RUSSIAN ELECTROMAGNETIC WEAPONS of the MICROWAVE PLASMA variety. Science Authority Boris Belitsky claimed a plasmoid, a blob of Plasma fired into the path of an upcoming missile, its warhead or an aircraft, would effectively Ionize that region of space and disturb the aerodynamics of the flight and terminate its flight. This makes such a generator and its plasmoid a practically invulnerable weapon, providing protection against attack via airspace or the atmosphere. Belitsky claimed evidence of the existence of this technology comes partially from the fact that a few years ago, back in 1993, at the Russian-American summit in Vancouver the Russians proposed a joint experiment in testing such generators--or "Plasma" weapons as they are called--as an alternative to the Strategic Defense Initiative (SDI). It was proposed to be code-named "Trust". There is a lot of evidence out there to prove the existence of this technology. The Soviets have been leading the way in this research for decades. Scientific researcher Tom Beardon is one of the best sources for info on this subject. Nikola Tesla claimed in 1908 that he could hit any antipodean planetary city with an enormous EM energy pulse, delivered in microseconds that would "Create an explosion equivalent to more than the power of the extant world Navies combined."

U.S. Senator Sam Nunn was chairman of a U.S. Senate inquiry into the "Japanese Aum Sect and Weapons of Mass Destruction". Nunn was reported to have stated that the U.S. inquiry team had evidence that the Aum Supreme Truth sect had attempted to purchase Nuclear Weapons from the Russians and had also attempted to develop the same from their own scientific laboratory base--and had probably succeeded. Researcher Harry Mason contacted Dan Gelber, chief counsel of the U.S. Senate inquiry. Dan Gelber informed him that the U.S. had found evidence that in 1992 the Aum sect had sent a research team to study at the Nikola Tesla Museum in Belgrade, Yugoslavia. Their objective was to get data on Tesla's electromagnetic wave transmission technology. As early as 1914, Tesla predicted the electrical control of atmospheric moisture and he gave some thought to how this "Weather Control" could be achieved using his magnifying transmitters. The background of the Aum's Deputy leader Kiyohide Hayakawa is interesting. He studied for his masters degree at Osaka University in "Greening Technology". His thesis is marked highly confidential and is under Top Secret wraps. The University authorities originally stated that he studied "Anti-desertification" in the Climate Engineering department. However Japanese investigative journalist Yoichi Shimatsu (see web site--www.pelego.com) has uncovered strong

evidence that this department is a cover for secret Japanese Electromagnetic (EM) weapons research. Hayakawa was a high ranking member of the "Moonies" before he broke with them in 1987, with \$20 Million (U.S) of their funds and joined the Aum Supreme Truth. He brought along with him 35 fellow members of the Moonies and rose almost immediately to the position of Deputy Leader. He apparently used the Aum organization for drugs, arms and high-tech scientific equipment dealing around the world.

In 1997, Garry Greenwood wrote a book titled "All the Emperor's Men" wherein is discussed the interesting career of Yasuko Shimada, Hayakawa's contact and helper in Western Australia. In the book Greenwood discusses his own personal experiences with the international Japanese cult "MAHIKARI". He was a devoted member of this "New Civilization" Spiritual Healing Religion for some 17 years and was their # 2 spiritual leader / executive in Australia for about 10 years. Several years ago, Greenwood left the sect when he discovered that it's founder Lt. Colonel Yoshikazu Okada (Ex-Emperor's bodyguard and Imperial Guards), had been instrumental in planning the Japanese Army's "Rape of Nanking" in China prior to WWII. He also found out that at the higher Japanese Mahikari Command levels the cult was viewed as designed with just one purpose : TO INITIATE THE PLACEMENT OF CURRENT EMPEROR OF JAPAN BACK TO HIS "RIGHTFUL" POSITION AS EMPEROR OF PLANET EARTH WITHIN OUR LIFETIME. Apparently these people believe that in an earlier lifetime, many thousands of years ago, the Present Japanese Emperor ruled this entire planet, and it is now his ordained destiny to rule the Earth again. Greenwood noted that Yasuko Shimada, Hayakawa's contact, was instrumental in establishing Mahikari in Australia in 1974, where it has approximately 2000 members, but concentrates on the rich and powerful. In April 1993, a Japanese group arrived in Western Australia.

The Japanese Environment Ministry approached the Western Australian government with a plan to undertake an "Anti-Desertification" study in the eastern goldfields area of W.A. Joint research by Yoichi Shimatsu in Japan and Garry Greenwood has uncovered a trail of connections between the covert Japanese money-power supporters of both the Aum and Mahikari sects. These include prominent (LDP) Liberal Democratic Party politicians such as Shintaro Ishihara, co-author (With the late Sony chairman Akio Morita) of a book entitled "The Japan That Can Say No". This 1989 book's basic thesis suggested that Japan should ally with Russia, & that by MATING JAPANESE MICROCHIPS TO RUSSIAN SUPER-WEAPONS they could put the finger up to the USA and JOINTLY RULE THE WORLD.

Researcher Harry Mason was informed by The Australian Federal Police that the Aum's Science Minister Hideo Murai (A Nuclear Physicist) was regarded as "The Most Intelligent Living Japanese". Murai had a pre-Aum background in EM technology. He had worked at Kobe Steel, researching microwave and other EM / Ray Wave technology applications for cold moulding of steel, having graduated as an astrophysicist specializing in Cosmic X-Ray Analysis. His KOBE STEEL LABORATORY WAS AT THE EPICENTER OF THE 1995 KOBE EARTHQUAKE. Strongly supportive evidence about these weapons came from a Moscow source developed by Japanese investigative journalists. This person was present during a conference in Moscow (Jan. 1990), when a top Japanese delegation, led by Foreign Minister Shintaro Abe met with USSR President Gorbachev and his aide, Politburo Member Alexander Yakovlev. Their intent was to establish "Bilateral Cooperation". At further meetings in Jan. 1991, Gorbachev via Yakovlev offered the Japanese the USSR's super-secret intercontinental EM Weapons technology--Capable of producing Earthquakes--for U.S. \$900 Million. Gorbachev also agreed with Japanese Diet member Toshio Yamaguchi to the setting up of a joint Japan-Russia University in Moscow that would be tasked with co-opting the brightest young Nuclear Physicists' minds of both countries

to develop new 2nd and 3rd generation EM superweapons by mating Japanese Microchip and electronics know-how to Russian 1st Generation Weapons Technology !! This University was soon formed and under the cover of "Cultural Studies" was administered by the Aum sect and one Lobov. Lobov became Yeltsin's Head of the Security Council--after the late 1991 coup that removed Gorbachev. The Aum members first arrived in Moscow in late 1991. Under the support of Lobov, given many hours of free time on Radio Moscow and access to the Russian Army the Aum soon had 50,000 Russian members as compared to 30,000 Japanese. The Aum sect was utilized to effect many covert arms purchases in Russia for the Japanese government. Both Yakovlev and Lobov were in repeated contact with Hayakawa over the next few years. The U.S. Senate inquiry found that very large sums of money had been transferred to Lobov's Swiss Bank account and supposedly several people have ended up dead in Russia attempting to research this information.

There have been 1000 major fireball events known to have occurred in Australia over the last 4 years, 100 of these involving huge aerial explosions of Nuclear-bomb-force levels, and 10 of these "explosions" have coincided with medium range 3.6 - 4.0 Richter Scale earthquakes. Another major fireball event occurred on May 1st 1997, in Central New South Wales in the late evening. As with the Perth May 1st 1993 event, this, too was witnessed by a large number of people, described as Massive Blue-White Rippled Lights flashing through the night sky. There were calls to the local police stations and national and local UFO groups and the following day channel 10 TV ran a story picked up from the Sydney Reuters concerning the many reports to the police and astronomical observatories. Within one day, there was a news blackout and that was all that was heard. SOUNDS LIKE SOMEONE'S CELEBRATING MAY DAY !! Who Could That Be ? Maybe the Illuminati ?

Another interesting point: Shoko Asahara, the leader of the Aum Supreme Truth had predicted in a Tokyo Radio Broadcast on Jan. 8th, 1995, that a major earthquake would soon occur at Kobe. He even stated that this quake would be initiated by "A foreign power" utilizing an Electromagnetic EM weapons system. Aum's Science Minister Hideo Murai later stated at the Foreign Press Correspondant's Club in Tokyo on April 7 1995 that, "There is a great possibility that the great Hanshin (Kobe) earthquake was activated by electromagnetic power or some device that exerts Energy into the ground". In Japan, European chemical and nerve gas experts who examined the Aum's chemical complex claimed there was no evidence to show that Sarin or other nerve gases were manufactured there. They did find some samples of Sarin as well as other nerve gases. What was discovered that was being manufactured there was the drug "Ecstasy" (MDMA). Japanese investigative journalists believe that the drugs were being distributed worldwide by the Yakuza, possibly through a rogue CIA operation. That is all on this subject. The only thing I personally find skeptical about all this is the fact that the researcher Harry Mason also discusses and includes the April 19th bombing as evidence in his information and makes the very large mistake of saying that it occurred on April "17". I don't know maybe it's one of those small oversights that is actually a very large and critical one when doing research. The REAL information tends to come out once other researchers have had a chance to review new information coming down the pipeline and they have a say at it from their own personal perspective and research. Sometimes it literally takes years before it is possible for consciousness to come to certain semi-solid conclusions about events that took place at an earlier time. Like Kennedy, like Watergate and like Iran Contra, the facts don't come out right away, but over time we can see the puzzle start to piece itself together.

Speaking of the PUZZLES that are piecing themselves together, like The Oklahoma City Bombing. You can add several hundred to the number of people MURDERED BY THE FBI IN

WACO. The "PROOF" that the FBI MURDERED all those people at the OKLAHOMA FEDERAL BUILDING on April 19th, HAS JUST COME OUT. ----I will quote directly from the McCurtain Daily Gazette (This appeared in the Free American) : Near Pandemonium broke out in a Federal courtroom here Monday when a senior agent of the FBI shocked observers by telling the court that the spiritual leader of Elohim City, the Rev. Robert Millar, was a confidential informant for the FBI. The McCurtain Daily Gazette has long been reporting that Elohim City is a religious and paramilitary compound in east-central Oklahoma that is frequented by some of the most dangerous members of the neo-Nazi underground in the United States and Canada. Although residents of the cult have continued to deny it publicly, the Gazette has reported that it's sources believe one of those shadowy figures was Timothy McVeigh. Stories published in this newspaper have also exposed Elohim City as the center of a wide-ranging conspiracy to overthrow the federal government by members of a group called "The Aryan Republican Army". Several of those members have since been arrested on charges related to a string of bank robberies across the midwestern United States.

The incredible revelation that the leader of Elohim City himself was part of a government intelligence operation came during a pre-trial hearing associated with the upcoming trial of another confidential informant, Carol E. Howe. Howe, a former Tulsa beauty queen, debutante and one-time paid undercover informant for the Bureau of Alcohol, Tobacco and Firearms, is scheduled to stand trial later this month for conspiracy charges associated with making bomb threats and possession of bomb making components. Howe was indicted shortly after the Gazette reported that she intended to be a key witness in the trial of Timothy McVeigh.

U.S. District Judge Richard Matsch, who presided over the McVeigh trial, refused to let Howe testify in Denver, ruling that her information that Elohim City was the center of the Bombing conspiracy might "Confuse the Jury". Under questioning Monday by Howe attorney Clark Brewster of Tulsa, Special Agent Peter Rickel stunned everyone when he reluctantly admitted that the man Elohim City Members call "Grandpa" is really a cooperating source for the FBI. Millar's status as a confidential informant began in the Fall of 1994. The FBI admitted in court that Millar was a paid confidential informant, although the amount of his paycheck was not revealed. When Rickel disclosed this startling information, a Senior FBI agent and several U.S. Attorneys bolted from the courtroom in an agitated state.

Millar's encampment was heretofore considered by experts in domestic terrorism to be the "Switzerland" of the neo-Nazi movement in the United States. Elohim City, a 1000 acre area of rolling timberland is the residence of some 80 followers. But, more importantly, it has played host to some of the nation's most notable subversives. Thus Millar's position as a mole for the FBI could explain why the compound was never raided. Despite it's use as a hideout for gun-runners, drug smugglers, bank robbers and suspected members of the conspiracy that bombed the Federal Building in Oklahoma City, Elohim City has enjoyed a reputation as a place fugitives can live without fear of arrest.

In the weeks before the Oklahoma City bombing, BATF agent Angela Findley had planned to raid the compound and arrest it's Security Advisor Andreas Carl Strassmeir. Strassmeir, an illegal alien who migrated to Elohim City from Germany, was suspected by Findley of converting semi-automatic weapons to machine guns as well as plotting with other Elohim City residents and visitors to bomb federal installations. Carol Howe reported to Findley during the time she worked for the BATF. Howe told Findley that Strassmeir was the ringleader in the plot to bomb the Oklahoma City federal building and that Millar was preaching twice a day to his flock that the group had to ACT BY APRIL 19th, OR THEY WOULD END UP LIKE THE BRANCH DIVIDIANS IN WACO !!! The arrest of Strassmeir was scrubbed after senior members of the

BATF, FBI and the U.S. Attorney's office met in Feb. 1995 and discussed Findley's plan. Strassmeir was also an important source of intelligence for the U.S. government. In Jan. 1996, shortly after it was discovered that it was Strassmeir that Timothy McVeigh had called for in the days before the bombing, the German national fled to his native Berlin with the aid of German Intelligence officers. All I can say is this: If Timothy McVeigh got the DEATH PENALTY, then so should the FBI Agents and all others INVOLVED, including Janet Reno and possibly Bill Clinton. We will wait until the Independent Grand Jury comes to a verdict in Oklahoma, but if they decide there was a Government cover-up and conspiracy then WE THE PEOPLE should put the Criminal perpetrators on TRIAL !!! I'M SURE this would send the PROPER MESSAGE to GOVERNMENT TERRORISTS that they cannot get away with CRIMES AGAINST THE PEOPLE.

Have you heard of Remote Viewing ? The CIA has, and they've been using it to spy on you, or so they say. The only problem is: the people discussing it and writing books on it are CIA operatives who claim they are "Allowed" to talk about this stuff. I personally don't think they are "Allowed" to talk about anything they are not instructed to talk about specifically for PROPAGANDA purposes. If someone who used to be in the CIA is saying anything at all, it is probably because THAT is their new assignment. I could be wrong, of course.

The creation of these Remote Viewing programs was mostly in response to the acquired knowledge in the U.S. intelligence agencies that the Russians had been working on such projects. "GONDOLA WISH" evolved into Project "GRILL-FLAME" in the Late part of 1978. Later, it became "Sun Streak" and then "Star-Gate".

The "official" story goes like this: The unit was known formally as "Special Action Branch" and was attached to INSCOM. It took it's orders from the Pentagon office of the Army's Assistant Chief of Staff for Intelligence. It's tasking requests originated from a variety of offices throughout the U.S. Intelligence Community, including the CIA, DIA, even the President's NSC. The information was stamped not only with the standard Army intelligence "SECRET" , but with the Pentagon Code-word "GRILL-FLAME". Only a few dozen officials in the intelligence community had been briefed on the existence of "Grill-Flame". The unit's Commander was Lieutenant Colonel Murrey B. "Scotty" Watt. A partial listing of the "Remote Viewers" are as follows: Mel Riley, Skip Atwater, Joe McMoneagle, Major Edward Dames Fernand Gauvin, Uri Geller (Psychic ?), Keith Harary, Ingo Swann, First Sergeant Leonard "Lyn" Buchanan. Some other KEY players are as follows: Colonel John Alexander, a Senior Aide to Major General Albert Stubblebine, Chief of the Army's Intelligence & Security Command (INSCOM) 1982-84; Bonnar "Bart" Cox; Dir. of Information & Engineering Science Div. at Stanford Research Institute (SRI); Lieutenant General Daniel O. Graham (USAF), Dir. of Defence Intelligence Agency (DIA) 1974-76; Commander C.B. "Scott" Jones, USN, Former Senior Aide to Senator Claiborne Pell (D-RI), advisor on Psi-related matters who ran a group of psychics that performed contract work for several federal agencies in the early 80's; Professor Michael Persinger, Psychologist at Laurentian Univ. Ontario and informal consultant to SRI, early 80's. Persinger had studied the link between Neurophysiological processes and mystical or paranormal experiences. Major General Edmond Thompson, Head of the U.S. Army Intelligence Agency 1975-77, Assistant Chief of Staff for Intelligence, 1977-1981, DIA Deputy Dir. for Management & Operations 1982-84, and a key supporter of the Remote Viewing Program.

"Remote Viewing" is a term used by the Army / CIA to describe a process where the participant "Projects" his or her mind into another Time / Space "Location", thereby being able to "See" a given situation in the past, present, or future time. The philosophy behind the ability to do this is simple: Something similar to a tape head (Use your mind) imprints thoughts and vibrations as

they occur in Real-Time on an Etheric Tape (Akashic Record, called by the ancients & still today), documenting the entire history of mankind (civilization) and all the events that have occurred so far. By meditating or Directing your thought to "Blank your mind out" and then focusing on a particular given object, you can "Be" wherever you think. This is supposedly different than "Astral Travel" where you take a part of your spiritual body with you. According to the "Experts", this only involves your mind, not your body in spirit. Robert Monroe already had a center set up teaching people about Astral Projection in the late 1970's or early 80's. I read the book "Journeys Out of the Body" when I was in my early teens. Apparently, this is a little different. The intelligence agencies may not have helped set up Monroe's institute, but they definitely took advantage of its' existence and used it to train operatives in the "Remote Viewing" program for a lengthy period of time.

Altered States such as those in which "Out-of-body experiences" occurred are mostly unmeasurable. By using electroencephalographs and other scanning devices, one could see the changes in brainwaves and brain activity pattern. After some experimenting, Bob Monroe came up with idea for controlling these patterns by playing sounds with frequencies that matched the brain-wave frequencies because he learned that the brain had a tendency to mimic the frequencies presented to it that way. Monroe knew that when one frequency was presented to one ear and a separate frequency to the other ear, the difference between those frequencies (e.g., 8,000 Hz minus 7,990 Hz=10 Hz) was also perceptible to the mind. It was what communications engineers called the "Beat Frequency". Monroe decided to present the Altered-State mimicking sounds as beat frequencies--i.e. One set of frequencies in one ear, and a slightly different set in the other in such a way that the mixture would produce the desired waveform pattern. It seemed to work so well that Monroe patented it and called it the "Hemi-Sync" method and soon started producing Hemi-sync tapes which would induce the Altered State necessary for "Out-of-body experiences". Supposedly, when the first of the team of Remote Viewers, Skip Atwater, visited the Monroe center in 1977, Monroe had already been around for awhile and had already developed these tapes. It is possible that this is when the CIA started working with the Monroe Institute. How closely they were working together and on what other "Programs" is probably a more significant question.

It is my suspicion as well as others' like Alex Constantine ("Virtual Government & Psychic Dictatorship in the U.S.A") that the so-called "Remote Viewing" program is possibly in reality a cover for a very sophisticated MIND CONTROL --THOUGHT IMPLANTATION Program. Have you been hearing voices in your head lately ? I haven't personally, but I do know that several serial killers who spent time in CIA-run psychiatric facilities have claimed to have heard voices as well as other mass murderers and people who have "flown off the handle" like post office employees and U.P.S. workers. How come all of the disgruntled employees who go off all work for government-connected (contracted) corporate businesses? Also, what connection would this "Thought Implantation" have with supposed "UFO abductees" or various "Channels". According to the Remote Viewers, there were several times when they "Viewed" UFOs or their "Grey Occupants" or various other mysteries like underground caverns on Mars, etc. The official line from the remote viewers is they didn't know what to conclude except that possibly our civilization was under some kind of observance or control by other worldly entities and pretty much the same line of info that comes down through the UFOlogy pipeline. Here is one interesting possible (mind control) twist: According to the members of the CIA Remote Viewing team who worked with Uri Geller, when the team questioned Geller about the origin of his supernatural abilities, he claimed a belief in a Supercomputer Spaceship in the Heavens that controls All That Is, Called "Spectra".

Anyways, around 1990, Dave Morehouse and Ed Dames formed a company called Psi-Tech, with the idea of using moonlighting remote viewers as a kind of psychic investigation team for private clients. One of Psi-Tech's clients supposedly asked Dames to Remote View the mysterious "crop circles" appearing in wheatfields in Southern England and was provided with data suggesting that the circles were caused by "Flying Saucer-like devices skimming over the wheat fields". Later, a group from the former Soviet Union asked Psi-Tech to Remote View the disappearance of a Russian Space probe and Ed Dames again implicated "aliens". In 1991, Dames retired from the Army, separated from his wife, moved to Albuquerque, and became very involved in the UFO scene. A year and a half later in March 1993, he appeared at a local UFO conference and announced that a colony of pregnant Martian females lay beneath the New Mexico desert. Sometime between April & August, he predicted, these Martians would give birth and emerge above-ground. He told the audience "We're sure it's going to happen, we've alerted the media, and teams of doctors, technicians, and documentary filmmakers are on call and in place to respond at a moment's notice...President Clinton will announce it and everyone in the world will know!". After August 1993 came and no aliens appeared, Dames was running out of money and turned Psi-Tech into a "Remote Viewing Training Company" and offered a week-long course. One of his students was Courtney Brown, political science professor at Emory University in Atlanta. Courtney Brown got very involved in Remote Viewing and began to take a look at the "History of Interactions between Aliens and Planet Earth" and the details of the various races of aliens such as the big-headed "Grays" and the "Blond and Blue-eyed Nordics". Later, Brown published his book titled "Cosmic Voyage". Are you starting to see the PATTERN ? It is very possible that "Remote Viewing" programs are also a cover for Thought Implantation Mind Control. THOUGHTS ARE FREQUENCIES. By aiming different frequencies at you and transmitting wave-forms of information to you, it would be logically concluded that they could influence your thoughts. One very good way to study the effectiveness of this would be to use subjects who have cleared their minds in a controlled environment and are "Seeking out Information in the Ethers".

Information is coming out from several different sources, claiming that the Jesus did not die on the cross, but was instead saved by his brother James and taken away somewhere safe where he and Mary Magdalene had children. Supposedly these children became the French Kings in the fifth and sixth centuries. King Merovee. The story is long and involved. It is fully documented in books like, "Holy Blood, Holy Grail", "The Messianic Legacy" both by authors, Michael Beigent, Richard Leigh and Henry Lincoln. Shortly after, appeared "Guardians of the Grail" by J.R. Church, and then "Pandora's Box" by Alex Christopher, and most recently "Bloodline of the Holy Grail" by Lawrence Gardner. I have read these and the story is quite convincing when you take a look at it. All books are written by completely different people and include basically the same information "Line".

The Freemasons actually trace their history to the Knights Templar; the Templars however, were created by the Priory of Sion, which was set up supposedly to protect the Merovingian bloodline. Wouldn't it be nice and convenient for the Masons to say they have inherited the teachings and the lineage of Jesus? Then they could really get away with some crimes. If you do the research, in conspiracies you cannot avoid at some point tracing things back to the Knights Templar and then to the Priory of Sion. There is conclusive evidence that there was something inherited, possibly wealth, or possibly just information, (MAJOR INFORMATION, perhaps). The Priory, after all had the Wealth of Solomon's Gold, of this we can almost be certain. It had been placed in the hands of the Templars for safe keeping and there is dispute whether this gold was taken and stored at Rennes Le Chateau in Southern France.

The most important documents discovered by the authors concerning the Priory of Sion came from the Grand Lodge Alpina, the Supreme Mother Lodge of Switzerland. These documents, called "The Dossiers Secret", told of a Catholic priest named Berenger Saunier, who was also a Freemason. Saunier had joined a Rosicrucion Order that was founded in 1873. On June 1st, 1885, Saunier was posted to a little parish in the tiny village church of Rennes Le Chateau in Southern France. Eight centuries earlier in 1059, the village of Rennes Le Chateau was consecrated to Mary Magdalene, the Patron Saint of Southern France. At the time of Saunier's assignment, the church was in need of repair and in 1891, Saunier attempted to restore it. At this time he discovered four parchments preserved in sealed wooden tubes. Two of these parchments are said to have comprised genealogies, one dating from 1244 and the other from 1644. These parchments contained a list of the Grand Masters of both the Knights Templar and the Priory of Sion, as well as a history of the Merovingian bloodline. The heading of one of these documents was in cipher. When translated it read, "To Dagobert II King and to Sion belongs this treasure and he is there dead." According to the tenets of the Priory of Sion, Jesus Christ did not die, but merely pretended to die, was taken from the cross and stolen from the tomb and was believed to have married Mary Magdalene, and even produced children. They claim that when the Romans destroyed the Temple at Jerusalem in 70 A.D. , that Magdalene fled with her sacred children by boat across the Mediterranean to France. She then found refuge within a Jewish community. Future generations of her offspring were said to have married into the Royal Frankish Family and by the fifth century produced a king, whose name was Merovee. He was the first in a series of kings called the Merovingian bloodline. It is said that the offspring of Merovee were noted for a birthmark above their heart, a small "red cross".

This symbol eventually became the emblem of the Priory of Sion. This same "Red Cross" carried over to the Rosicrucions (Rosy Cross). The first forming of the Rosicrucions was after the Battle at Gisors in 1188. This is where the Knights Templar and the Priory of Sion had a "falling out" and split. The Ordre de Sion (Order of Sion) changed it's name to the Priore de Sion (Priory of Sion) and selected Jean de Gisors as it's first Grand Master, a vassal of the King of England. Ormus was an Egyptian sage and mystic and a gnostic adept of Alexandria, blending Christianity with "Masdeism", which was a Greek / Roman Form of Zoroastrianism. Ormus and his initiates had taken the Red Cross as their identifying symbol four centuries before Merovee was born with the supposed "Red Cross" birthmark above his heart. The Knight's Templar adopted Merovee's Red Cross six centuries later. To emulate the Templars, The Priory took the Red Cross of Ormus as it's own emblem, then adopted the Title "L' Ordre de la Rose Croix Veritas" or "The Order of the True Red Cross".

If Ormus is the source of the 'Red Cross', and the bloodlines coming out of Jerusalem or the immediate area used the 'Red Cross' as an emblem, we have to consider the significance of this "Red Cross". What is it really ? Or maybe more appropriately, What does it represent? It is my personal contention that it represents "knowledge". Not just any knowledge, but a very particular knowledge of the history of religion and the origin of religious meanings. Remember when you read the next section on religious history, that the Knights Templar were originally called the "Milice du Christ" or "Soldiers of Christ". Is the Red Cross a secret symbol for a Mushroom, particularly the (Red Cap) Amanita ?

In no way is this meant to be a blasphemy to God. Also, at the same time, this material is not Anti-religious. I suppose it could be considered Anti-church, or Anti-establishment religion. After all, everyone's relationship with God is INDIVIDUAL. How people perceive God and what people perceive to be God, will always be different according to different people and cultural makeup. The New World Order seeks to bring about a ONE UNDERSTANDING of GOD. This

can never be. A one-world religion is Utopian at best. It may SOUND like a good idea, but I wouldn't want to require someone of a different religion to believe in mine as I would not want to be required to believe the doctrines of the Jehovah's Witnesses or some other fanatical religious sect. This information is being presented to give the reader a CHOICE to realize to where the origin of modern religions traces back, NOT to deny God or the idea of GOD in any way. As long as people live by GOODNESS, it doesn't matter what you believe as far as religion goes. I personally don't believe anything is more in accordance with God than sound spiritual practices, like teaching GOODNESS or showing people how to be FREE in their MINDS. Living for God, or living in accordance with God is far more important than one's church related beliefs. What goodness comes with murder? How many murder in the name of God? Even Abortion clinic protesters that murder are still murderers, even if they are trying to prevent the murder of innocent children. Is this what God would want? If so, in whose opinion? One Man cannot decide what God would want, and no clergy can speak for God. Everything in this catalogue is not the word of God either. This information is here to be studied and pondered, not necessarily taken as God's WORD. Now for a little bit on Language.

Do You Believe that God ever authored a Book and that he called it "The Bible"? Or do you believe that a group of scholars close to God or the Son of God ever collected the works of God's Words or God's Son's Words? Do you believe the Son of God ever appeared on Earth? If he did, do you think he would actually allow a bunch of mere mortals to Crucify him on a Cross? Why do you think God would allow it and not step in and stop it from happening, if He is ALL-SEEING? And, if God spoke to Moses, how do we know He really did and that Moses was not lying? How do we know Moses was not just another Capitalist trying to Monopolize on a Book by saying he spoke to God? What if the Ten Commandments were really a reflection of Moses' own morals and guilt complexes brought about through his own cultural and spiritual ideologies at the time and he intended to push his Religion at the time?, after all, they were ingesting some strange fungus.

WHAT IF GOD IS A GODDESS AND JESUS WAS A MUSHROOM? What if "God" was a "Great Penis" in the Heavens, who every Winter blessed the Mother Earth's Womb with Fertile Semen, called today "Rain", and gave birth to the "Son of God", a "Miniature Penis"--A SACRED MUSHROOM. This would not be so unbelievable if you were living thousands of years ago, in Ancient Sumeria, Egypt or Jerusalem. How can we really verify what happened thousands of years ago if we don't even know the language in which the books that we are reading were written. Also, words mean different things depending on the culture and time of their use. If the Latin is a translation of the Hebrew writings and we look at the Hebrew writings themselves (understanding Hebrew), how do we know that the people who wrote them at that time correctly understood the Egyptian or Babylonian translations of the Original Sumerian Version? Or, what if, along the way, each time the shaman priesthood translated into a new language, they kept the Original Words or Meanings hidden intentionally? Very few people in the world today know EVERY language including: Sumerian, Babylonian, Cuneiform, Acadian, Assyrian, Egyptian, Hebrew, Phoenician, Greek, Latin, and others. If you happen to know all those languages, what are the chances that you have also read the "ACTUAL DEAD SEA SCROLLS"? John Allegro knows all of these languages and was hired to be a part of the Original editing team deciphering the Dead Sea Scrolls back in the 1950's, shortly after they were found. He was the first to access and read the "Copper Scroll". He was kicked off the editing team after a period and then went on to publish his findings. In 1970, he published "The Sacred Mushroom & The Cross", a book about Judaism and Christianity and their origin in Ancient Mushroom Fertility Cults still in existence around the time of the conquering of Jerusalem in 70 A.D. by the

Romans. He cites the obsession of the "Essenes" with the Amanita Muscaria Mushroom and blames the wrathful response of the Roman Empire on the secret, subversive mushroom cults and dissemination of information in code relating to "Jesus", the Sacred Fungus. -"The Fungus recognized today as the 'Amanita Muscaria', or 'Fly Agaric', had been known from the beginning of history. Beneath the skin of it's characteristic red and white spotted cap, there is concealed a powerful hallucinatory poison. Every aspect of the mushroom's existence was fraught with sexual allusions, and in it's phallic form the ancients saw a replica of the fertility god himself. It was the "Son of God", it's drug was a purer form of the god's own spermatozoa than that discoverable in any other form of living matter. It was, in fact, God himself, manifest on earth. To the mystic it was the divinely given means of entering heaven; God had come down in the flesh to show the way to himself, by himself."--From "The Intro of "The Sacred Mushroom & the Cross".

According to Allegro, in ancient times it was believed that if the rain in the desert lands was the source of life, then the moisture from heaven must be only a more abundant kind of spermatozoa. If the male organ ejaculated this precious fluid and made life in the woman, then above the skies the source of nature's semen must be a mighty penis, as the earth which bore it's offspring was the womb. It followed therefore that to induce the heavenly phallus to complete it's orgasm, man must stimulate it by sexual means, by singing, dancing, orgiastic displays and, above all, by the performance of the copulatory act itself. "To raise the crops the farmer copulated with his wife in the fields. To seek the drug that would send his soul winging to the 7th heaven and back, the initiated into the religious mysteries had their priestesses seduce the god and draw him into their grasp as a woman fascinates her partner's penis to erection. Plants were thought more plentifully endowed with the sperm of God than anything else. These were the Drug-Herbs, the science of whose cultivation and use had been accumulated over centuries of observation and dangerous experimentation. Those who had this secret wisdom of the plants were the chosen of their God; to them alone had he vouchsafed the privilege of access to the heavenly throne. And if he was jealous of his power, no less were those who served him in the cultic mysteries. Their's was no gospel to be shouted from the rooftops: Paradise was for none but the favored few. The incantations and rites by which they conjured forth their drug plants, and the details of the bodily and mental preparations undergone before they could ingest their God, were the secrets of the cult to which none but the initiate bound by fearful oaths, had access." "Very rarely were these secrets ever committed to writing. Normally, these 'scriptures' would be passed from mouth to mouth, unless a disruption of their cultic center occurred, such as war, then it became necessary to write down the names of the herbs and the manner of their use and accompanying incantations, and it would be in some esoteric form comprehensible only to those within their dispersed communities."

Allegro believes that this is the case with the Jewish revolt of A.D.66. "Instigated probably by members of the cult, swayed by their drug-induced madness to believe God had called them to master the world in his name, they provoked the mighty power of Rome to swift and terrible action. Jerusalem was ravaged, her temple destroyed. Judaism was disrupted, and her people to seek refuge with communities already established around the mediterranean coastlands. The mystery cults found themselves without their central fount of authority, with many of their priests killed in the abortive rebellion or driven into the desert. The secrets, if they were not to be lost forever, had to be committed to writing, and yet, if found, the documents must give nothing away or betray those who still dared defy the Roman authorities and continue their religious practices." Allegro goes on to say "The folk-tales of the ancients had from the earliest times contained myths based upon the personification of plants and trees. They were invested with human faculties and qualities and their names and physical characteristics were applied to the heroes and heroines of

the stories. Some of these were just tales spun for entertainment, others were political parables like Jotham's fable about the trees in the Old Testament, while others were means of remembering and transmitting therapeutic folklore. The names of the plants were spun out to make the basis of the stories, whereby the creatures of fantasy were identified, dressed and made to enact their

parts. Here then, was the literary device to spread occult knowledge to the faithful. To tell the story of a Rabbi called Jesus, and invest him with the power and names of the magic drug. To have him live before the terrible events that had disrupted their lives, to preach a love between men, extending even to the hated Romans. Thus, reading such a tale, should it fall into Roman hands, even their mortal enemies might be deceived and not probe farther into the activities of the cells of mystery cults within their territories."

Allegro gives us other insights into what was happening at the time in Jerusalem. How did Modern Christianity come about? And what happened to change it from a mushroom-worshipping cult then to the Modern conservative, Christianity based on a man dying on a cross?: Also from the introduction, "The ruse failed, Christians, hated and despised, were hauled forth and slain in their thousands. The cult well nigh perished. What eventually took its place was a travesty of the real thing, a mockery of the power that could raise men to heaven and give them a glimpse of God for which they gladly died. The story of the Rabbi crucified at the instigation of the Jews became a historical peg upon which the new cult's authority was founded. What began as a hoax, became a trap even to those who believed them-selves to be the spiritual heirs of the mystery religion and took to themselves the name of "Christian" . Above all, they forgot, or purged from the cult and their memories, the one supreme secret on which their whole religious and ecstatic experience depended: The Names and Identity of the source of the Drug, the Key to Heaven--The Sacred Mushroom."

Probably the most overlooked point in researching history is the fact that we do not take into consideration the origin of the WORD we are dealing with, for the WORD had a different meaning in the previous language from which it came. A WORD in ENGLISH today may have a particular MEANING, but it is not necessarily the same MEANING as the WORD had in say, Latin or Hebrew. And what do Latin and Hebrew have in common? If a word means something in English and a word means something in Hebrew, is that WORD going to have the same meaning? Possibly Not! But, what if that WORD had a common origin in both languages, going back to Sumerian? Then the MEANING of the WORD in SUMERIAN would be the correct or closer TRUE MEANING of the WORD.

Allegro's work is really a study in words and their origin, since this is the source of their true MEANING. From the Introduction of "The Sacred Mushroom & the Cross"--"Our present study has much to do with names and titles. Only when we can discover the nomenclature of the sacred fungus within and without the cult, can we begin to understand its function and theology. The main factor that has made these new discoveries possible has been the realization that many of the most secret names of the sacred mushroom go back to ancient Sumerian, the oldest written language known to us, witnessed by cuneiform texts dating from the fourth millennium B.C.. Furthermore, it now appears that this ancient tongue provides a bridge between the Indo-European languages (which include Greek, Latin and our own tongue) and the Semitic group, which includes the language of the Old Testament, Hebrew and Aramaic. For the first time, it becomes possible to decipher the names of gods, mythological characters, classic and biblical, and plant names. Thus, their place in the cultic systems and their functions in the old fertility religions can be determined. Even gods such as Zeus and Yahweh embody the same fundamental conception of the fertility deity, for their names in origin are precisely the same. A common

tongue overrides physical and racial boundaries. Even languages so apparently different as Greek and Hebrew, when they can be shown to derive from a common fount, point to a communality of culture at some early stage."

One of the first examples given in the book is the word "Etymology", which is the study of the relationship between words and the thoughts they express. Where does the word "Etymology" come from? Etymology seeks the "True" meaning of the word. The Greek word for true is "Etumos". So, at least going back to Greek, the word "Etymology" has in it's roots, the MEANING of "TRUE".

Taking a word back even farther to Sumerian is a little more involved, though this is necessary, if we are to know the "True" meaning of the word. Another example taken from the first chapter, this time, titled "In the Beginning god created" ; "If we were to seek the root of a modern barbarism like "de-escalate", we should immediately remove the "de-" and the verbal appendage "-ate", slice off the initial "e-" as a recognizable prefix, and be left with "scal-" for further study. The Latin scala means "Ladder" and we are clearly on the right track. But at this stage the etymologist will look out for possible vocalic changes occurring between dialects. One of the more common is between "L" and "N" and we are not surprised to find that an early form of the root has "N" in place of "L", so that Sanskrit, one of the earliest dialects of Indo-European, has a root "skan-" with the idea of "going up". Sibilants can interchange also, such as "s" and "z" and short vowels can drop out in speech between consonants, like "i" between "s" and "c". In fact we can break down our Indo-European root "scan-" "ascend" still further into two Sumerian syllables, ZIG, "rise" and AN "up" ". --ZIGAN (Scan) (Scal) (Escalate).

How many people do you think there are that are actually qualified to tell you what's in the books that comprise the bible ? I would think only a handful, if that. Not only would you have to know all of the languages going back to Sumerian, you would also have to have devoted your life to the study and research of religion, and the third qualification is that you would have to possess no preconcieved notions or expectations about what you were researching. (An open Mind). If you go back into the books looking for Jesus the Christ, you may only find a man, but if you were to approach the situation having already taken Hallucinogenic Mushrooms in your life and you realized in your research that the original meaning of the words, Jesus Christ meant, "to be Anointed" or "To Anoint with Semen", you might figure that the original meaning had more to do with fertility, or possibly an object closely associated with fertility.

Allegro describes the difficult situation of translation : "Even within the bible, language has hitherto posed a major barrier to research into Christian origins. Jesus and his immediate followers are portrayed as Jews, living in Palestine and adopting Jewish customs and religious conventions. The religion propounded by the New Testament is at root a form of Judaism, but the language in which it is expressed is Greek, a non-semitic tongue. Words and names like "Christ", "Holy Ghost", "Jesus", "Joseph" and "Mary" come through Hebrew channels but have Greek forms or translations in the New Testament. The words of Jesus are quoted freely, and often given the weight of incontrovertible authority, but in fact nobody knows for certain what he said, since what we have are translations of a supposedly Aramaic original of which all trace has otherwise been lost."--"What we have now discovered is that by going far enough back in time, it is possible to find a liguistic bridge between these ethnic and cultural groups. However far apart their respective languages (Greek & Hebrew), and philosophies may have become, they stem from a common, recoverable source, and it is there that any realistic study of Christian and Jewish origins must begin. The Root of Christianity in a sense lies not in the Old Testament, but like that of Judaism itself, in a pre-semitic, pre-hellenic culture that existed in Mesopotamia some two or three thousand years before the earliest Old testament composition. The Christian doctrine

of the fatherhood of god stems not from the paternal relationship of Yahweh to his chosen people but from the naturalistic philosophy that saw the divine creator as a heavenly penis impregnating Mother Earth."

From the Chapter "The names of the Gods"--"Based on an etymological examination of the chief God-names, we can arrive at a common theme of Life-giving, fecundity, or fertility. Thus the principle Gods of the Greeks and Hebrews, Zeus and Yahweh (Jehovah), have names derived from Sumerian meaning "juice of fecundity", spermatazoa, "seed of life". The phrase is composed of two syllables, IA (ya, dialectally za), "juice", literally, "strong water" , "U", perhaps the most important phoneme in the whole of Near Eastern religion. It is found in the texts represented by a number of different cuneiform signs, but at the root of them all is the idea of "Fertility". Thus one U means "copulate" or "mount", and "create"; another "rainstorm", source of the heavenly sperm; another "vegetation", as the offspring of the God, whilst another U is the name of the storm God himself. So far from evincing a multiplicity of gods and conflicting theological notions, , our earliest records lead us back to a single idea, even a single letter, "U". Behind Judaism and Christianity, and indeed all the Near Eastern fertility religions and their more sophisticated developments, there lies this single phoneme, "U" .

From the chapter "Plants and Drugs"--"The Greek word Daimon, derives, through the Persian "dew" (there is a strong linguistic affinity between "m" and "w"), from a probable Sumerian original DA-IA-U-NA, meaning, "having power over fertility". The demon thus had the power of affecting, for good or ill, birth or death, and the various stages of health in between. The medicinal drug had similar powers, and the Hebrew word for "be sick", dawah, and it's cognate noun in Arabic meaning "medicine", come from the same root. So the demon of health and sickness and the drug are one and the same"....."Since all life derives from the divine seed, it follows that the most powerful healing drug would be the pure, unadulterated semen of the God. Some plants were thought to have sap or resin approximating to this, their "purity" or "sanctity" in this regard being measured by their power as drugs to kill or cure or intoxicate. In Sumerian, the words for "live" and "intoxicate" are the same, TIN and the "tree of life", GESHTIN, is the "vine". Similarly, in the Greek oinos and the Hebrew yayin "wine", there is probably a common Sumarian root, IA-U-NU-, "semen seed" "."The use of the name Jesus (Greek "iesus") as an invocation for healing was appropriate enough. It's Hebrew original, yehoshua, Joshua, comes from Sumerian IA-U-ShU-A (ShUSh), "semen which saves, restores, heals". Hellenized jews used for "Joshua", the Greek name Iason, Jason, very probably since Iason, "healer", and the deponent verb iaomai, "heal", come from the same Sumerian source. In the New Testament taunt, "physician, heal thyself" (Luke 4:23), we probably have a direct allusion to this meaning, as we certainly have in Jesus' title "savior", Greek soter, the first element of which reflects the same Sumerian word, ShU, "save", and so is rightly used in Greek for saving from disease, harm, peril, etc., and is a common epithet of Zeus and kings. The fertility god Dionysus, (Greek Dionusos), whose cult emblem was the erect phallus was also a god of healing, and his name, when broken down to original parts, IA-U-NU-ShUSh, is almost identical with that of Jesus, having NU "seed" only in addition : "Semen seed that saves", and is comparable with the Greek Nosios, "healer", an epithet of Zeus." This is very compelling. If you don't understand it, then you might want to re-read it a few times.

Basically, the information above represents one idea that perhaps the source of "Christianity" was not a man, but instead a Mushroom, specifically "Amanita Muscaria" (Fly-Agaric). The confusion supposedly arose through the changes in language and an attempt to keep rituals and secrets of the fertility cult from the Roman authorities. Apparently, both the Greek and the Hebrew languages have common roots tracing back to Sumerian. There is no record of a Hebrew

version of the New Testament, only a Greek translation. The stories in the Bible parallel stories that existed in other countries in other languages in earlier times. The names even trace back directly in language to the names of the same characters in the stories from other countries. The one main difference between

"Christianity" and these earlier fertility religions is the fact that in the earlier religions the central figure, the "Son of God", was a Mushroom. So, the question is, was Jesus really a man or was he a symbolic representation for a Psychedelic Mushroom? We may have to learn ancient language ourselves in order to find out, or maybe take a trip to Kashmir.

In this next section I have presented a couple of letters by Leroy Schweitzer of the Montana Freemen describing why he believes he and the others are still in jail. I would like to add a couple of points to this involving Sovereignty. Most readers by now are probably wondering, "just what exactly is a Sovereign Citizen?". If you ask different "authorities", you will certainly get different answers.

To some, "Sovereignty" means not having any contracts with the federal or state government, including licenses, social security numbers, and bank accounts. To others, it is not being a U.S. citizen under the 14th Amendment, but instead a State citizen of the Republic. This would include recession of all contracts and documents relative to governments', etc. Others claim membership in a "Jural Society" is a necessary element of "Sovereignty". The reason for this is because the definition of a "citizen", in Law, is "a member of a Jural Society or body politic". Some of the different groups that teach "Sovereignty" or "state Citizenship" include Richard McDonald, an ex-police officer from Simi Valley, Johnny Liberty (John Van Hove) in Cascadia Oregon, The Montana Freemen, The Republic of Texas, Erwin Rommel School of Law, Jim Mattatel and the Concerned Citizens of the South Bay and the list goes on. There are many more around the country and probably many other groups of which I am unaware. All of these groups have a lot of information in common, but they teach different tactics, methods, and have different beliefs, some religious-based. This makes sense, since our organic law in America comes down to us from Biblical (Canon) Law....I believe a "Sovereign" is someone who can walk into a courtroom and walk out of that courtroom a FREEMAN, provided no common law crime was committed (Rape, Robbery or Murder).

In this country there are a lot of secrets, but there are some really BIG secrets, too. THERE ARE SO MANY CRIMINALS IN THE CRIMINAL JUSTICE SYSTEM THAT THERE IS NO ROOM LEFT FOR ANY JUSTICE. Our government is secretly being run by a CRIMINAL MOB that will do WHATEVER is necessary to stay in power. Even if you have the law on your side and you are RIGHT, you can still be sent to jail, convicted and sent away. Even if you know all the laws and you are correct, the judges can do whatever they want. They won't even allow the jury to know they have a right to judge the law as well as the facts of the case. An informed Jury can Nullify any case they want and it only takes ONE JUROR. "Sovereigns" often think they are immune to laws because they are "Sovereign" and the judge is just going to let them go. THIS IS NOT TRUE. They will walk all over you, unless you walk on them first.

The best defense is a good offense they say. You will soon see how this is true. The FREEMEN are still in jail today, mostly because they DO know the Law. How does the criminal government deal with this? They can't. So they have to hide everything, commit more crimes and cover these up as well.

I have studied a bit from all of the groups mentioned and have met some interesting people along the way. From what I have learned, the only "Sovereign" people are the ones with backpack nukes and ground to air missile launchers and lots of firepower. In other words, the "Sovereigns" in the world today are the International Bankers and the might they can whip up against an

opposing country or political group. The Illuminati Freemasons have destroyed every last remaining spec of "Sovereignty" that ever existed in this country.

There are people who win using "Sovereignty" methods, but usually only because they take the judge by surprise and the next time the "Method" is used the judges are ready for it and they just overrule you. The big problem really, is that people do not represent themselves, but instead hire an attorney, who is really an agent of the court. You see, it all goes back to the Original 13th Amendment and "Titles of Nobility". There are 25 National and 4 State (California) Constitutions that have been discovered. The only ones that have not been repealed or altered are the ORIGINAL ones. These documents are still the "Law of the Land" today. The Original 13th Amendment forbids public officers from holding "Titles of Nobility". "Sir" and "Esquire" etc. are "Titles of Nobility" bestowed by the "KING" on his subjects, thus empowering them and making them "Agents" of the King. The Bar Association is a Fraternal Order that the Judges and Attorneys belong to. The Judges are not supposed to be Attorneys. Back in early America, everyone knew the Law, because knowing the Law meant your Freedom was important to you. In American Jurisprudence an Attorney's relationship to the court is given first priority over his relation and duty

to his client. A client is further defined as a "Ward of the court". A ward of the court is defined as a "child or person of unsound mind". Therefore someone who hires an Attorney is a child or a person of unsound mind. In court, if you have an attorney, you cannot speak unless the judge asks you a direct question and if you try to you will be removed. An Attorney will never really bring in any crucial information or do anything the judge doesn't like much or they can be sanctioned or have their licenses pulled by the judge's influence in the Bar. If you really want to be free, you must learn to fight in court and learn court procedure and case law, etc. Then you have to know how to apply it. Even if you do this, you may not win. If the judge respects the Constitution and your rights, you may walk; if not, the judge, who believes he or she is God because nobody showed them differently, may punish you to the fullest extent of the law out of vengeance and there is not much you can do. He can raise your bail so you sit in jail until trial or appeal and they can intentionally make it hell for you in jail. Just ask Ex-Congressman George Hansen, who was brutally tortured in the prison system for trying to help the American people fix the corruption in government.

There are some more recent developments in the law studies going on here in California. Thomas Marvin Maxwell has published two books, "The Truth About the Motor Vehicle Code" and "The California Code Is Not Law". He has studied for years and his books document the fact that the CALIFORNIA CODE OF 1872 WAS NEVER LAWFULLY PASSED OR ENACTED. Thomas says "There is really only one thing about the origin of the code that is of real importance, and that is the fact that the four original divisions of the code, as shown with their "approval dates" are not part of the official record of the Public Statutes of California. I have personally inspected the volume in which all the Acts of the California Legislature were published for the nineteenth session, 1871-1872, and there is not one single reference to any of the four approval dates for the four codes. The codes were approved "off the record". Because of this, it is important to realize that there is no official record of the text of the codes, other than the codes themselves. Every Statute passed by the legislature contains the "text" of the law that is being passed, and the placing of that text in the published volume of the statutes for each session of the legislature, is the permanent

record of the laws passed. There is no such permanent record of the laws passed. There is no such permanent record of the origin of the codes, with respect to them having been a part of the legislation passed at the nineteenth session of the California legislature." Therefore, all

Amendments to the "codes" are not valid either. This creates a very large problem for us as a people, but it also provides us with another opportunity and weapon to fight in court with. Another book along these lines to surface recently is titled "For The Record..., How the Heck are yaa ? ..." "Of Necessity, Constructive Notice, and to Establish for a Court of Record...YOUR Intent...I Require..." or "How To Speak pleasantly, yet firmly, to a Public Servant !". This book came out around the middle of March, 1998. It is partially written by William Gary Young and research contributed by Joe Allen and Thomas Marvin Maxwell. This book may be one of the most powerful tools ever developed for fighting in court. The essence of the information is that under the Bretton Woods Agreement, the Secretary of the Treasury is appointed the U.S. Governor of the I.M.F. (International Monetary Fund). This is a Foreign Principle. All Agents of Foreign Principles must register under the Foreign Agents Registration Law. All employees of the U.S. government are paid by the U.S. Secretary of the Treasury. Through the GAO (General Accounting Office), all funds collected, go back to the U.S. Secretary of the Treasury. Anyone soliciting funds for the U.S. Secretary of the Treasury or collecting information using the NCIC (National Crime Information Computer), must register. If they don't register it is a violation of USC Title 18 Section 951, and the fine is up to \$5,000 and up to 10 years in jail. Now, you cannot serve two governments or Principles. If they do register, they are deportable as agents of a foreign principle impersonating U.S. officers. If they take a signed and sworn "oath of office", and they are working under the U.S. Secretary of the Treasury, they are liable for Treason for being an Officer of the U.S. government and acting as an Agent of a Foreign Principle. So, they cannot register and they cannot have an oath of office either. They are damned if they do, and damned if they don't. The truth is "They don't have either one". This is how the IMF controls our puppet politicians. There are specific tactics for bringing this kind of information into the courtroom and when it has been done correctly, the result was that the JUDGES FLED THEIR OWN COURTROOMS. Warning : Do not use this info in any way in court without the proper background information. It could cost you Time in Jail. However, if applied properly, it just may be the only thing that can save you from a corrupt Judge. These books are available in this new edition of the Catalog. Also, another little tidbit of info June 25th 1948, the American Bar Association went in and changed all the Statutes they didn't like and left the rest. They knowingly removed and replaced a lot of our laws. This was done without the consent or knowledge of the legislature. So, don't even attempt to use statutes after June 25th 1948, when defending yourself, only when on the offense against them since they are the ones who took an oath to those codes. Remember "Those who sleep on their rights have none" & "The price of Freedom is eternal vigilance".

" AN OPEN LETTER " By Political Prisoner Chief Justice Michael LeRoy (Shweitzer), Montana FREEMEN--Nov. 1996

This letter is to show all the people why the so-called FREEMEN are in jail, the reasons will not be fully explained in one short letter, but those who have studied in Law will see the picture. The greatest fraud in America was committed by the Bar association who nearly eradicated our supreme Court in its' exclusive, original jurisdiction under Common Law venue. Our People in Justus township researched our supreme Court in its' own government as judicial branch of government who are not paid a public salary per se, but are paid only upon costs taxed against the losing party on the civil side of the court and costs taxed against the county on the criminal side of the court, and these costs are billed at the "quarter sessions" after the cause was settled. This is relevant to ch. 40 of the Magna Carta.

The prevention against titles of nobility from entering our supreme Court is found in Constitution of Montana eighteen hundred eighty nine, anno Domini at Article V, section twenty-six, where it

says the Legislative Assembly shall make no local or special laws in respect to our Courts of Justice, our Constables, summoning and empaneling grand and petit juries, setting fines and punishments, changing the law of descent, creating franchises.

What the people do not realize is the difference between our General Congress assembled and the Legislative assembly. Our General Congress Assembled is none other than supreme Court sessions at the county court at the seat of government. It is proven in Constitution of Montana at Article XX, section six, where each and every county has a supreme Court seal. Only the appellate branch sits at the State capital; our exclusive, original branch sits at county seat. John Bouvier proclaimed this truth in eighteen hundred fifty six, where he said every county clerk and recorder is a supreme Court clerk. Our bench and bar are ch. 45 of Magna Carta, good and lawful men well versed in law and duly disposed to keep it. No attorneys.

Our supreme Court quorum consists of at least three qualified electors as found in national Constitution at Article II, sec. 2, cl. 2, and these are not United states citizens. The chairman is the president and the Senate are the two associate Justices. You will see this at 28 U.S.C. sec.1 under supreme court. The president named here is not Bill Clinton since he is executive branch and it is not the Chief Justice William Renquist in Washington D.C. sitting in appellate branch of supreme Court. It is the chairman of the county commissioners and few there are in America who know and understand these truths, but Justice John Paul Stevens knows.

We find roots in this organic truth in Deuteronomy 1:15-18 and 16:18-20. So, how do we prove this to the slumbering giant, our Nation in North America ?

United States Code Title 28 is a great study guide if you read all footnotes, Historical Revisions, Amendments. Also study division of the courts where you find our law side verses the contract side. Another clue is this: All Legislative Assembly created tribunals are contract courts only in the executive branch of government. Our Judicial branch of government in its' exclusive, original jurisdiction in Common Law venue is reserved to the people alone; no public officers on a public salary. It means no agent of the people sets our supreme Court since the agent is necessarily either executive or legislative; hence ch. 24 of Magna Carta, where we will not have any sheriffs, bailiffs, or other of our hirelings who hear matters of the Crown. Title 28 U.S.C. sec.1251 agrees. Also ch. 38 of Magna Carta re-affirms this separation of powers where it says an executive officer on his own bare saying cannot move our supreme Court. Fundamental law is separation of powers and our supreme Court is dormant for lack of knowledge. We full well realize the Appellate branch supreme Court is open but our exclusive original branch just re-opened and the Justices are in jail. Yellowstone county jail, country of Montana, united states of America, with ample knowledge to teach these truths to those who have eyes to see and ears to hear. this is one reason our qualified Justices' will not be allowed to testify in open Court for fear appellate Justices would then trade places for willful acts of treason. ! Nuff Said ? Please contact chief Justice LeRoy Michael at above mailing location for further truths and where the proof is located. In Yahweh through our Savior Immanuel. ---Chief Justice LeRoy Michael, Freedom Center - c/o P.O. Box 80446, Billings, Montana state, zip code exempt.

OUR MANDATE IS VICTORY -A letter to Brother Joseph from LeRoy Michael Schweitzer-- Special Prosecutor (FREEMEN)-Oct. 1997

Out of the blue, a jail guard asked two of our people at two separate units, "What is going to happen to them now ?", so you know they have been told that we won our case! And the fact that the case against me in U.S.D.C. district of Minnesota, Third Division was dismissed. It was brought by private parties concerning a warrant I had given them. Also, a banker in Indiana where our liens were discussed and there was talk about "pooling funds" to pay the liens. We caught the whole rotten bag of fish. Now the payback is hell !

Clinton is not making any nominations to fill federal judge vacancies. Why ? --It seems there is a supreme court justice out west who proved an executive branch officer cannot select a judicial branch officer ! Who would of thought only an Elector can vote in our judicial branch of government? This is the real meaning of the seperation of powers doctrine. No "Agent" of ours can select our principle! All agents courts are voluntary! We are exclusive! It had its' origin in Deuteronomy. We are that court of first and last resort - now appealable.

Our Three Justice courts is in bench (banc). So a title 11 bankruptcy is our chancery division over the agents U.S. Trustees. Any docket by our Creditors creates an automatic stay on all legislative assembly created courts. This is well covered in the D.C. Court Rules. Everything is re-organization (banc-ruptcy) as in federal common law (U.C.C.). Do you see why we set up private security agreements under U.C.C. 1-105 & 1-103 ? The doctrine of law of the place controls simple contract. Parties' power to choose applicable law, territorial application of the act. When you docket your claim in bankruptcy it means a Creditors' claim - not the debtor in an insolvency petition. So all federal judges become respondent under conflict of financial interest. This is the reason for the automatic stay ! Then our special panel is the only one who could hear the matter under law of the place in our foreign countries. It becomes ex-parte all the way--We won--the trustees lost. You must get a copy of the D.C. Court rules to see our "exclusive" court. It is not federal ! It's origin is local government-(traditional). They refer to this in the rules. We create an admission panel to screen all attorneys. They (panel) have absolute immunity ! Their actions are non-appealable. We supercede the appellate Supreme court in D.C.

The D.C. crowd knows what we have discovered and they are now caught for treason if they fail to obey our Edicts. They never had authority to send federal judges into our several States. Our impeachments are valid and cannot be overcome. Any denial of three justice panel is denial of access to our venue in supreme court. This is why it is the defendant's prerogative to retain his venue. A denial would nullify your right of religion. Also, it would deny you equal right of suffrage.

We are just now getting the system to realize they are culpable for willful acts of treason by suppressing our right to access our judicial branch of government. This is why the three justice panel was put back into Montana Codes Annotated at 2-2-144. It was not in the 1993 edition. The State Bar Associations were knowingly pulling these guarantees out of the codes to promote their plans for overthrow of our Republican Form of Government. We have the proof and will prosecute the Liars / lawyers until our Nation is restored. This information is spreading out across the land. Our right of self-governing is being restored slowly, but surely. The Corporation Tribunals Are Exposed.

Our People must learn the importance of our judicial conference of the United States (of America) as found in Title 28, U.S.C. ,331-335, Chapter 15- Conferences and Councils of judges. This was not done by the so-called Common-Law Courts and they had no evidence of their lawful office. Without that, they had no real judicial immunity to counter-act the prosecution against them. We must make public our Three justice panel with proper oath and bond. This will be the new Republic from ground zero. Where are all the good and lawful men? Gone to prison every one? May the power and protection of our Creator Yahweh rest upon you as we totally destroy the evil tyrants in our Nation, A-Men!, in Yahshua. L.M.--Special Prosecutor in "other circuit."

Extended Introduction (June-July, 2001)

Since my last Introduction to the catalog was updated, I have been arrested 7 times. When I first started out on this path (deciding to learn about the legal system), I didn't think it would be such a

rollercoaster as it has been. I have learned firsthand about judges, lawyers and other law destroyers. I have learned a whole sh**load in the last 3 years about the system and how it's a load of sh**!! And now, I am BACK to tell you all about it, and expose the rotten dirty criminals for what they truly are.

I must recommend Eustace Mullin's "The Rape of Justice" to all readers at this point. This was my first serious introduction to how the system REALLY works in this country (Corporation). After reading his book, you may want to move out of the country!! But, then one realizes that they (masons) have made it worse everywhere else in the world, so there isn't really anywhere to go, except to fix the problem that we have in our own backyard. (The Courts). THEY are the real problem in this country. All of the affairs this country goes through (drug trafficking, assassinations, political scandals etc) are all the direct result of a criminal justice system gone mad! If the politicians were not able to hide their corruption behind even MORE CORRUPT JUDGES, then they wouldn't ever think of committing the crimes they do. But what makes matters even worse is that the judges are CORRUPT TO THE CORE. There isn't an honest judge in this land who is not corrupt. If you think you know one, then ask him if he owns stock in any corporations and if he has ever done anything in his career to help them in court. The truth is that they ALL own stock and the corporations tell the politicians what to do. So, ask yourself this : WHO DO YOU THINK IS TELLING THE JUDGES WHAT TO DO???? THE CORPORATIONS!!!! (Masons again, really)

Who are the judges and are they really judges??? Or are they just commissioners??? How about "Trustees in Bankruptcy"??? How does that sound? Is the bar association really legal? Isn't it a monopoly? Is the Bar Association licensed to do business in your state with the Secretary of State? If any of this is true and they are not legal, not licensed, and they are in fact a monopoly, then how is it that they can exist and nobody can do anything to stop them?? And what, if anything, can be done to deal with corrupt judges, prosecutors and police officers, if they are "above the law"? Well, that is why the militias were coming together prior to the Oklahoma Bombing. To deal with this encroachment on our freedoms and liberties. But, the government, (or at least, criminals within OUR government) placed informants in the groups, set up false militia groups, and hired white supremacists and other brainless people to perpetrate crimes in the name of the militias in order to "smear" the idea of an armed resistance in America in the minds of the half-asleep public. They did a wonderful job, I have to hand it to them. The militias are almost extinct at this time, the patriot movement took a nose dive around 1997 and 1998, but then at the end of 1998, something miraculous happened that forever changed the face of America. --- ROGER ELVICK GOT OUT OF JAIL !!! - Since then, the criminals have called in back-up, have had to hold judges conferences and extra-judicial meetings, and had to plan every diversion strategy imaginable to convince the American public that what Roger is doing is "invalid". What Roger is doing is called "Redemption" and it is sweeping America and other countries at the time of this writing. At long last the people of America have "REMEDY".

As soon as somebody stumbles onto something "valid" like Oxygen Therapies or worms causing cancer, they are attacked by the system as being "dangerous to society". They are usually brought up on trumped up charges, or something where they grasp at straws, like tax matters, and they convict you to shut you up and teach you never to interfere with their criminal affairs again. They did this to Dr. Hulda Rehger Clark, who discovered the worm/cancer connection mentioned in an earlier intro. section. They also did this recently to Ed McCabe, who has an even larger following, and teaches people about the benefits of Hydrogen Peroxide and Ozone Therapy. Both of these people were charged and threatened with alot of jail time. Then , what they do is they OFFER you a deal, and they say something like "Well the judge could give you thirty years if he

wants, but if you take this deal we have for you, you will get out in 5 , be on probation, and have to piss-test for us for the rest of your life. And oh yeah, did we tell you that you have to wear a monitoring device, and report to a professional idiot every week and attend "reality restructuring classes every other thursday at 9:00P.M. and every second tuesday of the first month of each year FOREVER!!!" This is the sort of thing they LOVE to do. So be prepared, if you hire an attorney, to get railroaded and bent-over. But what happens is that when you speak out, they lock you up and that is the last anyone ever hears from you.

So, for a long time, that is what the REAL activists and patriots in this country faced. Now, there is a process and an understanding that is changing the way people are treated in the system. For the first time in American history, the judges and prosecutors are SCARED SH**LESS!!!! -- If only the Montana Freeman had kept studying before they acted on their understandings. They probably would not be in jail right now. They were learning from Roger Elvick among other people, but Roger himself was in jail and hadn't quite figured out the whole game, YET!!! Now, since he has been released, they have tried several times to get him back in jail, WITH NO SUCCESS!!! He is doing everything he wants and living free and unhindered at this time. He does not handle federal reserve notes or "debt instruments" of any kind. He issues his own "Private Credit Instruments" called "Sight Drafts", or how he refers to them, "Business Plans". He is not actively teaching this to the public or any group of people. There are several people around the country that are in contact with him, including myself, and we talk and tape record the conversations and study the transcripts in small groups and by ourselves. He is a very kind person who would like to see us all get out of Bondage (Debt).

I will attempt to describe a little about the process and philosophy, but this is not the place to teach it at length. I have put together some materials on this and they are available through the website. Basically, there are a few "key" points that have to be taken into consideration.

1. The Constitution was suspended in 1864 by Abraham Lincoln and Martial Law was declared.

2. The UNITED STATES is a Corporation as it was set-up in 1871.

3. You and I are the Owners/Operators of this Corporation. The IRS only recognizes two types of individuals. Employers &

Employeees. We have been using our Account Number as an Employeee Identification Number instead of an Employer

Identification Number. Social Security is a benefit and Owners/Operators don't seek benefits from their own corporation.

4. The Birth Certificate created a "Strawman" (Dummy Corporation) with your name in ALL CAPITAL LETTERS.

3. The UNITED STATES went bankrupt in 1933 and pledged your "Strawman" as collateral against the debt. Ever since

then, your "Strawman" has been bankrupt along with the UNITED STATES Corporation.

4. HJR-192 of June 6th 1933 made it against "Public Policy" to require gold or silver (substance) for the payment of debts.

All corporations under the bankruptcy must "discharge their duties dollar for dollar". All corporations are "Trustees in

Bankruptcy".

5. There is no money. It was removed in 1933. Now all we have are "Negotiable and Non-Negotiable Instruments".

6. A corporation cannot arrest it's members, but it can "Make Offers" to the "public".

7. The opposite of an "Offer is an "Acceptance". When you don't "Accept", you are in "Dishonor".

8. You cannot pay a debt with a debt and all of the money, credits, federal reserve notes, checks, money orders etc. are ALL

debt instruments, since they are all borrowed into circulation. If you don't understand this part, then ask yourself this

question : "Did you create that money?" ? If the answer is no, then IT IS DEBT, TO YOU. The only way we can pay is

(WE CAN'T)...but we can make an engagement to pay by "Acceptance for Value". Then they have to adjust our account,

because there is our remedy, since they took away our ability to pay with real substance. HJR-192 is the Insurance Policy.

8. When the state or federal government is making us offers, i.e. warrants, indictments, fines, tickets etc., they are making us

"Offers" and we are "Dishonoring" them. BECAUSE we are not "Accepting" them. When we "Accept" them, and we ask

them to "adjust our account", they now have the obligation of "settlement". If they refuse, then they are in a position of

"dishonor" now, and they are stepping out of their bounds as our Trustees in Bankruptcy. Now they are the ones with a Tax

obligation on their hands because they have everything "ACCOUNTED FOR" in their system.

So, since we have actually

paid in fact, with our acceptance, they are now "stealing the charge".

9. The "charge" they are charging you with is FINANCIAL.

10. Title 27 CFR Section 72.11 says that all crimes are "commercial crimes" and they are "crimes against the revenue laws".

These are very important points to consider before tackling this subject. I have talked to dozens of people about this and I have found that most of them look at me as if I speak another language.

In other words, it ain't easy to understand. But I can say this for absolutely 100% sure : IT

WORKS when you WORK IT. If you do not understand it, then DON'T DO IT. I have learned, after being put up against the wall, that you should only do what you understand when it comes

to these matters. If you don't, then they will see right through you, because they tested me, and God knows they test others as well. They will put you through what is known as "Trail by fire".

If you are a witch, then you will burn, plain and simple. (If you know what I mean). The system cannot afford at any cost whatsoever, to let this get out and become overwhelmingly popular.

From what I have witnessed and experienced firsthand, it won't. The main reason being that it is too complicated for most people to understand. Not that you have to be a rocket scientist, but you

have to "adjust" your way of thinking more than anything. "Money" is actually "debt" unless it has been "redeemed", and alot of people cannot grasp this one simple concept.

So, how did this all come about, why was he in jail in the first place, and what happened to make him realize that he was onto the truth, while facing unsurmounting pressure from the criminal

system? It was the Montana Freeman deal about the "asking for a refund". They knew what Roger meant (to adjust his account) but they tried to keep the "cat in the bag" so to speak, and

threw him in jail for a few years. This was before the Freeman incident in 1996. So, while he was in jail, a fellow came to him with an IRS problem and Roger told him to "Accept" it. He did. It

was for \$97,000 Federal Tax Lien they were going to put on him. When he "Accepted" it for Value, they "adjusted his account". Then they sent him a bill for child support for \$7,000. Roger

told him, instead of Accepting this one, they would tell the Child Support agency to take the \$7000 out of the Federal Tax Lien that he had accepted for value. They did this and the IRS sent

him an adjusted account telling him he had \$90,000.00 left over. That is because when he accepted the Lien, he owned it, now it becomes a credit (a true private credit). So when the Child Support went after him, he told them to take their share out of his adjusted tax lien balance. Now, I can already hear the wives and ladies yelling "well the guy just got out of paying child support. He's a rotten father and the wife never got a dime and he got off scott free!". That's not how this works at all, though. - The fellow was very happy. He asked Roger what happened and Roger told him to write a letter to his ex-wife and ask her what happened. So he did and he got a letter back thanking him for the child support payments and bringing the accounts up to date. She told him she got all the back child support from the Treasury and she was getting checks every other week or something to that effect. She sent him pictures of the kids and everything, and previously she hadn't communicated with him since he went to jail.

Now, you, the reader, are probably wondering.....how on earth did she get paid??? -- The way it works, without going into great detail is actually pretty simple. When they do their job, (our fiduciaries, or the ones holding our money) everyone gets paid and everything works out beautiful. When the corporation gets an "acceptance" it becomes worth the value of the bill presented. They can then take it to the IRS and present it to them as an offset of their own tax liability. When we tender a "private draft" to a corporation, we give them our UCC-1 registration number (our tax "exemption") and they give us their "deduction". There is an equal exchange and everyone is happy. This doesn't always work out this way though, because there are a lot of people within the system that don't understand this material.

Next, you are probably thinking, "well, is there anyone within the system that understands this material?" and how do you know they understand it?" The answer is that they are taught (lawyers, prosecutors and judges) about the UCC and they are instructed in the Bar Association Study Guide as to Offer and Acceptance, the Right of Redemption, etc. The accountants in the back room of the corporations understand "acceptance" and all the contract material. But there are several things that one must consider as well. Roger has come to an understanding that nobody in this country had realized up until now. That EVERYTHING in the system is "PUBLIC" and we are born "PRIVATE". But then we become "public" by various means, contracts, associations etc. Therefore EVERY time we enter a court and use statutory laws, codes, or any of the corporations regulations, we are admitting that we are bound to their corporation codes etc. and we admit we are employees, and not the Owner/Operator.

Remember...in the constitution where it says that the "...legislature, and all the judges shall be bound thereby..."... but it doesn't say anything about "we the people" being bound. They are the ones who work for us and those are their rules and codes and regulations...FOR THEM TO FOLLOW. When we follow them, we admit we are as "COMMON" as they are. This is the difference between "Preferred Stock" and "Common Stock". Only the Owner holds the preferred stock, everyone else has common stock. This also relates to common law as well.

Now, when we go into court, it is only in our "Public Business" capacity. To see if there is anyone who has a claim against us.

When you are in court, you must realize that it is a "bankruptcy court" and you are there as a creditor or as a debtor. Now, since the corporation went bankrupt in 1933 and so did your strawman...when the system presented you with that warrant or whatever, it had your strawman's name on it, not your's. Was it in ALL CAPITAL LETTERS? Or Upper and Lower case letters? Well, it pledged your strawman during the bankruptcy, so your strawman is a debtor in their eyes, unless you have made him your debtor by filing a UCC-1. So, in essence, when you are there, and YOU, the real, live, flesh and blood character, ANSWER, them (the fiction), you are "recognizing your accuser" and you are "defending" and now you BECOME THE DEFENDANT.

-- Would you talk to walls??? Would you listen to cartoon characters??? Well that's what you are doing when you respond to them, since **THEY ARE ALL ACTING IN A CORPORATE CAPACITY**. But... I am Private. So, I don't talk to walls or listen to fiction. Period.

When you go into court, the questions to ask are "May I have your name please?". Then ask "Do you have a claim against me?" Then ask "Do you know anyone who has a claim against me?" Then you can say "I request the Order of the Court(s) be released to me immediately. By doing this, you get right to the point. No Bull**it, no wasted time. The point to this is that when you are asking the questions, they are in your court. When they are asking questions, you are in their court. So, you never answer any question in court. Only find out who is the one coming at you. Then proceed to ask your questions. It doesn't matter what they say. Whatever they say can and will be used against them. Let them testify. Let them hang themselves. Give them the rope, and get out of the way, cause it's going to be **BLOODY!!!** The judge may even get some blood on his sleeve and try to get tangled into it. Sometimes they won't. It all depends on the situation, and how they feel that day...your manner...how much they have had to drink that morning on the way to the court to work...etc. But one thing for sure...**THEY WILL LOSE EVERYTHING** ...if you know what to do. It involves them going into involuntary bankruptcy, and that is where this get's really **FUN!!!!** They are also liable for the IRS taxes on their claims they are making against you and much much more.

So, without going into a whole book's worth of essays on commercial law, I will get back to what happened to me. My girlfriend and I were growing cannabis for medical purposes and we both had doctor's recommendations, and we were living in Los Angeles at the time. I was running my Hemp Booth on Venice Beach. All of this is documented and reproduced in this catalog. So, to make a long story short, I ended up hiring a lawyer and pleading guilty with probation and the allowance to continue to do whatever I was doing under Prop. 215 as long as I didn't get in any other sort of trouble. (Yeah, right, like that was even the least bit possible) Later, as I was going through the agreement with the courts on this matter, an agreement to attend some meetings and pay a \$500.00 fine, I learned about Redemption, right after Roger got out of jail and the American's Bulletin published a story on it all in the July / Aug. Issue of 1999. So I got everything I could get my hands on and started learning about it all. It helped that I had some knowledge from learning about what the Freemen were doing in Montana. **THAT** took alot of studying as well, around 1996, but eventually I "got it", and started to understand what they were doing with the UCC and negotiable and non-negotiable instruments.

So then I moved up north. Then, at some time later, I did all of my acceptance paperwork with all of the people in my cases. I accepted both cases for value and put the court on notice of my new found position as the owner/operator of this corporation. Needless to say, this didn't go over very well with the judge. Especially after I sent him a "Bill of Exchange" (copy) with his name in the debtor location and listing "All real and personal property" as the collateral. So, I was sent a "Minute Order" to appear, which I subsequently "Accepted For Value" and returned it for "settlement" of my account. This led to a warrant being put out for my arrest. (I wanted to add something here that I feel is very important. I was advised by people I was studying with **NOT** to goto court on the warrant. That it would go away because of the acceptance etc. Well,. that may be fine if the warrant is in your home town. Then, most likely, you will be released in 72 hours as you should be. But, if it is from another county, like Los Angeles, and you are in San Francisco, and they arrest you, **YOU WILL BE EXTRADITED** back down to Los Angeles, and you may have to wait 10 days in jail before they ship you there. Then another few days there until you see the judge, and then "release" if all goes according to plan.) - At the time, I was under the impression that I has taken care of everything, and I was prepared in case they dragged me into

court. But, I wasn't prepared for this event, and I don't think you can EVER be.

This paperwork was sent in around March 2000. Then in May, there was a knock on my door and it was a police officer responding to a domestic violence call in the building. (Part-set-up) So they knocked and since it was early in the morning and I hadn't had my wheaties yet, I answered the door, thinking they just wanted to know if the cannabis I was growing was legal (medical) or not. When I did, they ran the name to check for warrants, and lo and behold, my stupidity had crept in and got the best of me, for a moment. They took my crop (again!) and arrested me and I went down to L.A. to face 'da judge.

This would probably be a good time to interject this one point. It has to do with the 72 hour hold-time and release from custody. You see, if they don't have a "charge" , or you have "accepted" it all for value, then they have to take it all off their books. THEY HAVE TO. Of course, we do have "rogue agents" and follow their own agenda, but more often than not, the fear of jail and losing all possessions even makes the criminals that run our system cower and run for cover when it appears that they are going down. So, what I am saying here, is that occasionally you will get "bluffed". And they will try to keep it on their books by making you a "new offer". This could be in the form of a action or statement in the courtroom. Even subtle. The judge asks you "do you want to goto jail right now?" "If you don't answer the questions that is exactly where you are going". So, no matter what you do, they may have it "out for you". In which case they will bluff their asses off to find out exactly how much you know, and to see if they can make you go back and take back your acceptance. They even tried to force someone to do this recently. But they didn't.

When you are in court asking your 3 magic questions, they may try to stumble you. Roger has made the comment "They need you there to adjust the account from one side to the other". He has stated to the effect that "they may arrest you, take you into custody, book you, but then release you. This is them moving it from one side of the account to the other. The way the acceptance works, it is a "pass-through". So, according to Roger, they need your permission to pass through you, and that is what they are doing when they "hold you" for 72 hours. When they don't have a "claim" and you have caused them to testify to that fact, they have to release you. But THEY MAY lock you up for 72 hours. They have done this to at least 2 or 3 people that I know of, and Roger has said that this is normal. This is due to the 72 hour 3 day Federal Truth-in-Lending, for settlement of retail agreements. You see, when you are being locked up in prison, you are a commodity. They warehouse you and issue a warehouse receipt. The bond. The lawyer or prosecutor is the one holding the bond and holding you in jail for the liability or the "non-acceptance / dishonor" of the charge (due-bill). So, if all goes right, they have to release the property (debtor strawman) to you, the owner, when you ask for the "Order of the Court to be released to me immediately". That is them taking the debtor they are holding (strawman) and turning over the property to you, the rightful owner.

Now, this is where it gets REALLY interesting, especially for all you economics and government students. Every time we do an acceptance, it infuses the system with "private credit". This hasn't been done since 1933. FOR THE FIRST TIME IN AMERICAN HISTORY SINCE THE BANKRUPTCY, WE ARE PAYING DOWN THE PRINCIPLE OF THE NATIONAL DEBT. Clinton tried to claim it was him, then bush took the credit after he got into office, but the truth is, and always has been, that YOU CANNOT PAY A DEBT WITH A DEBT!!!! None of the debtors (government employees or anyone for that matter) can pay down the debt, only WE, the people, PRIVATELY, can REDEEM the debt. So for the first time now, the national debt is going down and we are started to turn the tide of economic bondage in this country. ALL THANKS TO ROGER ELVICK. It took the right person, in the right place (jail for 5 years) at

the right time (year 2000) to figure all this out and when the truth is dug up and the history books are re-written to tell the truth, it will be known that the man who saved this country was Roger Elvick.

There are so many stories of success that I can't even remember them all. But just last week, a fellow researcher and a friend of Roger, was in custody in his jail clothes in the courtroom. Asked two questions and the prosecutor called a recess. They came back in and the prosecutor asked to throw out all charges. The judge immediately said "case dismissed" and they took him out of the courtroom through the back door, put him out on the street and told him to change his clothes out there. Out on the street. They didn't even take him back to the cell or anything. (OUT YOU GO, YOU ARE NO DEBTOR!!! WHAT ARE YOU DOING HERE? (Basically, in a nutshell)) And that is only the most recent success. There are many more stories just like this that I am not going to get into here. As hard as this is to believe, and a lot of people ask me for proof all day long, all I can say is "You have to have faith some day". "One day will come and you will have to know if you do have faith deep down inside". "If you have been searching for the truth, then most likely you have found it." "If you don't believe in GOD and don't have faith in the spirit, and you cannot prove his existence, then please don't expect me to be able to convince you that the wind is all around you, even though you can feel it". Does this make any sense? In other words, without faith, if you need proof, then you may be looking for it the rest of your life when it was right under your nose all along. Everybody wants "proof" but they aren't willing to study the materials to see if it makes any sense. They aren't willing to go to court when someone is going to do an "acceptance" to see the reactions in the courtroom. In other words, "if you want proof, go out and prove it to yourself". I have proved it to myself by DOING IT. The system is always trying to cover their asses. If you could go down and pull the records, then they would be exposed. Most of the time, they play it off, so it looks like something else got you released, or there was an error, or they just never pursued it because it wasn't an important matter, or WHATEVER they say, they BLUFF and LIE constantly to cover their asses. Otherwise, as soon as you or your friend could pull up the docket and read that this is what happened and then it was all over with, that would indicate right away that this works, and so everybody and their grandmother would go out and do it and do whatever they like. So they HAVE TO BLUFF. IT IS THEIR NATURE TO LIE. When somebody does this correctly and they adjust the account, it is no longer on the books, escrow had closed and there is no more case. The record is sealed. All of the court cases are "open escrow accounts" and none of them have been closed, since none of the cases had been "accepted for value" until recently. Now, a lot of times, even though you may have done the acceptance, they want to keep making money off you. They will try to keep it on their books, unless you let them know you are going to proceed to take them into involuntary bankruptcy, if your accounts are not adjusted. You see, there are a lot of people doing this right now, and most of them DO NOT understand what they are doing, YET! So the courts are not going to just "roll over" when someone walks in and accepts everything. THEY WILL TEST YOU, SO STUDY THE MATERIALS!!!!

Now that I have brought all that out, I can get back to "other" political topics. Medical Marijuana -- The Supreme Court just handed down their ruling against medical cannabis. Oh well, they won't be smoking any for any time in the near future, but that isn't going to stop the Bay area cops from staying in business. At least not the ones that have been around for a while. Hopefully it will cause the "other ones" to shut down. There are people who are "profiteers" moving into the Bay area medical cannabis movement. Some of these people are from the East Coast, New Jersey etc. They are setting up shops in the bay area and attempting to profit from the situation, thus leaving the real medical patients and clubs to take the blame along with them. They are selling

cannabis in any amounts people want to buy with no restrictions, and staying open late at night to maximize business. These people are ruining it for the medical marijuana scene and should be held "accountable". They operate like thugs and have "hit-men" like guys standing outside as security guards. These people are dangerous and should be dealt with. The police are already aware of them and investigating, but it appears that the situation will be causing a backlash by city council people and police.

What exactly did the Supreme Court rule? In a nutshell, piercing through the veil of deceit...., they ruled that in a corporation, a corporation that is a sub-corporation, (Oakland Buyers Club) could not use the medical necessity as a defense to avoid being charged. 1. The suit was brought by Jeff Jones in the name of the OAKLAND BUYERS COOPERATIVE, being a "registered corporation" in relation to the mother corporation, the STATE OF CALIFORNIA, and the grandmother corporation, THE UNITED STATES, thus it is a fiction, cannot be injured or seek medical necessity defense. Did you hear them say "no government recognized medical value". That is because they value it at "zero". (Back to redemption). The Supreme Court admitted that they would have had a better chance if the suit had been brought in the name of the individual, instead of the Corporation. What they were really saying in essence, is we might have had a little more sympathy for your issue if you had brought the suit as a person (corporation), instead of a registered business (corporation), but then again..... Either way, it would all be "public" and part of the corporation, a fiction, a cartoon.

My new name for the UNITED STATES is "Disneyland" and my new name for the President of the UNITED STATES is "Mickey Mouse", and the Vice President "Goofy". These are the characters running our country (corporation). They are nothing but CARTOON CHARACTERS acting like real people. GEORGE BUSH is a fiction, so is DICK CHENEY. They are not real!! But they are as long as we pay attention to them. My new resolution for the year 2001 is that "I will no longer listen to Mickey Mouse and Goofy directing my life in any way whatsoever." I think all Americans should consider this resolution. How much power do we give Mickey Mouse and Goofy each day in our lives. And WHY??? Sure, the corporation is important, but we own it, don't we? Or do we work for it? I am the Owner/Operator, myself. What about you? Are you letting Mickey Mouse tell you what to do in 2002?

McVeigh just got put to death last week. The truth started to come out. J.D. Cash exposed the discrepancies and the cover-up of documents that revealed that the government knew who John Doe #2 was but kept it a secret. All of this was exposed in length right here in a previous intro. I wrote a few years back. We, the people have known all along that the government was involved, and even helped McVeigh!!! Was McVeigh an "agent"? Was he implanted with a micro-chip like he claimed? How about all of the "other" mass shooting incidents in the last few years. There have been an awful lot of "school shooters", "white-house shooters", "church bombers" etc. in the news lately. Is it a coincidence, or is it conspiracy? Is there a place where all these crazy people meet, discuss their deranged plans, and decide how they are going to execute them and in what order? It would almost seem as though that were the case,...sometimes. Bufford Furrow, the white house shooter, claimed he was the "leader of the new world order". That is just one incident, but there have been many. It is my understanding and the understanding of a growing number of people, that these people all spent time in psychiatric and possibly CIA-run institutions, and therefore may have been "programmed" to do these things for a higher purpose, for the secret societies to use to wage more war (restrictions of liberties) on us, the free people. All of these events are leading up to a "peak" of idiocy in consciousness, where we are tired of hearing about all of these crazy things, and the world, in the opinion of the masses of dumbasses who have been brainwashed by television, is, that the world is far too dangerous of a place for

our children , and therefore, we must, for the safety of society, remove ALL WEAPONS from EVERYONE'S POSSESSION! -- No, maybe i'm just being paranoid, huh?

Columbine..... Shoolyard shootings. The official website of the students of columbine claimed that there is a coverup, and that the police are in on it. They claimed everything is being distorted by the media and the truth isn't coming out. I went to look up the site to post the address here, but it is not around anymore. The address might be changed, though.

Does anyone know who George Bush Jr. IS??????? He is the "Leader of the new world order", if there ever was one. He was asked, on television, in a news conference, about his affiliation with "skull and bones". How did he respond? I don't remember word for word, but it went something to the effect of "am I a member? well, i've heard that this is such a secret society, if it's so secret, how would I know anything about it?" This was broadcast on national television (TO MY GREAT SURPRISE AND OVERWHELMING ENJOYMENT) on a documentary on "skull and bones". This was aired due to the persistence of Ron Rosenblum (I think that's spelled correct), who first broke the story of "skull and bones" in an 1977 (? I believe) edition of esquire magazine. Then Antony Sutton picked up on it and published "America's Secret Establishment" after learning that a good number of people he had been writing about in his books on the establishment were all in fact, part of this secret society, and nobody even knew about it. That was in 1984-85. Ron had sneaked into the fraternity to catch documented video footage of an initiation. At first, this would seem rather incredible, being that we are in the year 2000, and this is one of the oldest, most powerful fraternal societies in existence. So what was captured on tape? A girl screaming and howling, basically. One would get the overall impression that this isn't too serious and hardly an "old boys club". There is a reason for that though. A short period after Sutton's book came out, then others started talking about it and so forth, skull and bones changed, or rather Yale University changed their policy on fraternal organizations and made it so they have to admit women. Well, do you think things have really stayed the same since then??? Of course NOT. And keep in mind, that Yale University was founded in 1701 by a member of the Russell family, a member of the family that STARTED SKULL AND BONES AT YALE, Rev. Nodiah Russell. General William Huntington Russell co-founded Skull and Bones at Yale with Alfonso Taft, ex-president Howard Taft's grandfather. So, skull and bones is to yale like pens are to paper, and if they want to protect it, they will find out a way to do so.

Chupa my what, holmes??? I said Chupacabra, not suck my....., relax homey. What the hell is a chupacabra? A goat-sucker!!! - I know that. But WHAT THE HELL IS IT??? Is it the demon unleashed from our worst collective nightmares? Or what??? I want to know. I will goto Puerto Rico and I will catch a chupacabra. I will sit on a barnhouse with my electronic invisible fence that stretches 50 feet high and 100 feet wide with my "goat sacrifice/offering" and my 12 gauge ...waiting....A man did something similar to this recently, after they kept sucking his goats bood dry, and leaving carcasses all over each morning. All he had was a shotgun though, unfortunately. But he shot it, and it ran, wounded down the road a ways. Then the next day, it was rotten away and half-eaten by buzzards and upon seeing it visually in the daylight, he realized that it was like nothing he had ever seen before. He took it to the University for study. After a few weeks they returned it saying it was just a dog. When he arrived to pick it up, he found they had replaced it with a canine, and he swears up and down that that is not the aminal he brought to them. So now, he's back on the roof with his 12 gauge, waiting to catch another. His name is Virgilio Sanchez-Ocejo and his website is

<http://www.geocities.com/ufomiami.geo/Chupacabras/Chupacabras.html>>. He is "on the trail". He claims as well as other news sources that the people of Puerto Rico believe that this is an army experiment of some genetic sort that got lose or escaped and the government is trying to

cover it up and / or keep it under control. According to one source a flying saucer with bright lights and everything, was seen one night. The next day, when the site was investigated, there were landing marks in the grounds, and thousands of "foot prints" leading away from the craft in different directions, indicating that the disc had dropped off the chupacabra that evening and they ran into the surrounding areas. Then there were reports of goat and farm animal attacks in the following days. This almost sounds like a great sci-fi-film, except for the fact that it's ALL TRUE AND HAPPENING RIGHT NOW!!! Anyways, I won't be satisfied until I catch one up close. If they think they are going to abduct me, then they are in for a surprise, because I am the more curious one of the species and I WILL CATCH ONE! One day, when I have the time and funds to goto Puerto Rico with some friends, like a hunting expedition. Then I will bring him home and feed him to my pet nile monitor lizard, who eats EVERYTHING including my hands. I personally don't have an opinion on this phenomenon, I just want one for myself as a pet.

Probably the 2 most fascinating things I have come across in the last couple of years are 1). The Temple of Horus at Edfu and the CPU connection. There is a researcher, who has a website on the internet who has come up with probably the most incredible discovery in a long long time. He was studying the layout of the Temple of Horus and noticed it's symmetry. He was looking at a diagram of an INTEL Chip on the surface and noticed that it has the exact same symmetry, and that it was actually the exact same picture he was looking at!!! In other words, the design of the INTEL chip is identical to the layout of the Temple of Horus from thousands of years ago in Egypt. Now, what are the chances of that!!! Well, it is easily explained if you understand that the masons have long had this technology, and that INTEL is run actually by Masons at the top, and that they are making a killing selling us 250 versions of the same stupid item, while we fund their phony "development". At least that is what I think. There is almost NO other explanation available. The Temple was just uncovered, AFTER INTEL had designed the chip. If they had already discovered the Temple and then INTEL did this, it wouldn't seem so strange, except for the fact that they somehow were able to make the layout for the CPU the same as the Temple, AND it worked!!! So, can you explain this??? Here is the website address :

<http://www.geocities.com/Hollywood/2900/edfu-cpu.html>

2). Another website discussing ancient asronauts has a photograph from Peru, I believe, where it shows these skulls in a museum. This is equally as wierd as the last discovery. These skulls look exactly like the 1950's style split brain MARTIAN SKULLS from the movies. There is even one of a child's skull and it looks like a pumpkin. This is a trip for real. A few of the skulls look like the ancient Egyptian heads looked like with the headdresses on. Long and upward cone-shaped extending from the back of the head outwards. Kind of like the coneheads, but pushed back from the front. Here is the website address : http://www.light1998.com/TASTE_TREAT.htm .

Although the site has extremist christian overtones, I consider it a valueable source of info, since this person takes their research seriously. They have found and put together some interesting materials.

These pictures are very wierd. One might think that the Egyptians were shaping their skulls by using these headdresses, OR MAYBE they covered up the fact that they wer indeed a different race of beings, OR PERHAPS, let us not rule out the possibility, that the white man was a genetic experiment by some black scientists in Egypt some thousands of years ago, and that we are a genetically downgraded version of the original man, including the black, Egyptian and African men of today. This would explain a few things, but asks a whole bunch more questions. This is the belief held by the Black Supremicist Kalid Abdul Mohammed, a breakaway from the Louise Farrakhan people, who started the New Black Panther Party. He is, according to Anthony J. Hilder, financed in part by the FORD FOUNDATION and Anthony believes he is part of the

"trigger" to cause race riots and race wars around the country. In his speeches at local churches, he advocates "killing the white men, killing the women, killing the babies, then digging them up and killing them again". He openly advocates an all-out race-war in this country. He preaches hate at it's core and has obvious training as a motivational speaker, of some sort. Some members of the black community have outright shunned him as a bad example of a speaker for black people, but others have embraced him, chanting and preaching at the church meetings "kill the women, kill the children, kill them all". This can be witnessed on a video that was shot by Hilder when he confronted Mohammed for a debate in South Central Los Angeles a few years back. It may not be very interesting to some, but it is necessary to know that there are people and groups that are funded by the masons to advocate these things that they would like to use to crack down on our rights. Do you think Kalid has ever thought about that? Do you think he has considered the consequences? Do you think the black community can withstand the military presence on the streets shooting and killing them with all immunity? This is where Kalid is taking the "black community" wherever he goes. He is taking them into "hell" with him and his hatred for humanity, and he will be taking the whole country along with him if he is supported. He has been involved in organizing the Million Youth March in New York, where riots broke out and police had to step in. This is only the beginning.... That brings me to Seattle.

Seattle, Washington. SEATTLE WASHINGTON!!!!!! GOD BLESS THE INTERNET!!!!!! One day soon, the whole world will know the truth about the United Nations, the World Bank, the IMF, and the fact that our Secretary of the Treasury is actually the U.S. Governor of the IMF. WE have been indebted to these "International Bankers" for almost 70 years. Now, remember, in the bible it says all debts are to be forgiven every 7 years, 70 years, 700 years etc. In the year 2003, it will have been 70 years since the bankruptcy of the UNITED STATES CORPORATION. Do you know where you're corporation will be in 2003? - With "Redemption" we now have REMEDY!!!!

It has come out that there were unidentified chemical weapons used on the protesters in Seattle by the police. Many people came down sick, and it wasn't reported in the media at all. I do not have all the info. at the time of this writing, but, if the "chemtrails" are any indication of how far they are willing to go, then it wouldn't surprise me if they tried out some new form of population control on the protesters. That's one of the reasons why I don't go to protests. Not that I don't think people should, but I choose not to, for the most part. They know that everybody "there" is an enemy of their "NEW WORLD ORDER", so what's to stop them from spraying them all with a sterilization liquid, or a blinding agent, or flesh-eating strep, or something even worse??? Not much!!!

Our new dictator, George Bush Jr..... What will he and his oil businessmen friends come up with next? An energy crises? Fuel shortages, higher gas prices, higher electric rates? People say, "that's because of deregulation and that happened years ago. It has nothing to do with George Bush..." - However, what they don't take into consideration, is that Clinton and Bush belong to the same European Bloodline, and work for the same international interests. So, if Prince Bernard, of the Netherlands, and Royal Dutch Petroleum want to "expand their interests" into Kuwait, or most recently in the congo, where over 2 million people have already been slaughtered to make way for U.S. and European oil interests. Coincidentally, there has been almost no reports of any of this in the U.S. media.

One more quick interesting topic I would like to bring people's attention to is the "Lilith" / "Mailer Daemon" / 666 / Sandia Labs Connection. This is groundbreaking research going on here. The author isn't finished yet, and still learning. Basically, it goes like this. The government, Microsoft, Sandia Labs, NASA, etc. are coding the bible words and concepts into the overall

computer designs. Words we use day to day are being used by secret societies to conjure up spells and create magic. Does this seem far out? When we program our computers are we really programming our subconscious? Everyone has probably noticed that the word "Daemon" is similar to "demon", right? You know, on your e-mail, where it says "mailer daemon"? Have you ever noticed this? In the bible it is quoted as saying "if anyone worships the beast and its image, or receives a mark on his forehead or in his hand". I have not verified this but according to some scholars, the original Greek text says IT'S MARK, IT'S IMAGE - ETC. So does a Catholic Bible. King James Version says HIS MARK. This may not seem to significant, but there is something else you may need to know about . Have you ever heard of "Information Technology"? (IT) -- Acromania reads : IT - Information Technology . Pronounced as separate letters, IT refers to the broad subject of managing and processing information, especially within a large organization or company. Because computers are central to information management, computer departments within companies and universities are often called IT departments. Some companies refer to this department as IS (Information Services) or MIS (Management Information Services). -- Here is a link that will verify this : http://www5.zdnet.com/anchordesk/glossary/glossary_326.html - Now, this is just the beginning of what people have been calling the "BEAST" system of computers. They have termed the supercomputer in Brussels "The Beast" but now there are even greater supercomputers. Now there is something called "Lilith". Remember the wife of Adam? - Not Eve, but "Lilith".

This is taken from the American Heritage dictionary : Magic "N. 1. The **art** that purports to control or forecast natural events, effects, or forces by **invoking** the supernatural. 2. a. The practice of using charms, spells, or rituals to attempt to produce supernatural effects or control events in nature. b. The charms, spells, and rituals so used. 3. The exercise of sleight of hand or conjuring for entertainment".

Now here is a description of "Lilith" from Louisville.edu : Lilith was created at the same time as Adam and is sometimes referred to as Adam's first wife (see Charles Pellegrino, The Return to Sodom and Gomorrah). She was very beautiful and had a very rebellious nature. It is disputed whether she was cast out of the Garden of Eden by God for some offense or whether she left Eden of her own accord. In one rather interesting story, Adam tried to force her to have sex in the male superior ("missionary position") favored by male dominated, patriarchal cultures, and she refused his domination, sneered at him, cursed him, and flew away (Barbara Walker, The Women's Encyclopedia of Myths and Secrets). At any rate, since she left Eden before Adam and Eve ate from the Tree of Knowledge of Good and Evil, and thus she possessed immortality. (That Bitch! - Just joking, of course)..... So that explains who Lilith is, for those that don't know. Here is some more, and notice when they talk about the Lilim : "Lilith is at least as old as the Bible, however, Lilith was expunged from the Christian Bible long ago. Lilith is said to be as old as the bible, because she is mentioned in the Mishna, a form of commentary on the Pentateuch. The Mishna was an oral tradition for much longer. Lilith, (also know as Lilit), was a relic of an early rabbinical attempt to assimilate to Jewish mythology. Hebraic tradition said Adam married Lilith but she would not submit to him and desired to be the one above when they had sex. Adam, not allowing this, she flew away to the Red Sea. God sent angels to bring Lilith back, but she refused to return. She supposedly mated with "demons" and gave birth to "a hundred children a day". These offspring were the Lilim, Lamiae, Empusae or Succubae). -- Wow, that is pretty darn interesting, but the real interest hasn't even started yet. Please keep reading....The Greeks called the succubae the Lilim, Lamiae, Empusae, or Daughters of Hecate.

Next, this definition comes from "SYSTEMATIC" computing website : Definition of Hecate : HEKATE makes different computing applications act as one integrated system. Integration being

the keyword of today's IT demands, Systematic has developed a new message broker, HEKATE, by which you obtain an IT infrastructure that supports the business rules of the organisation. HEKATE provides the framework for integrating your IT systems and a unified system administration environment with no additional costs involved in maintaining or monitoring a new service or integration interface. Fully Integrated IT-infrastructure. HEKATE makes it possible to make a fully integrated IT-infrastructure, where all the company's IT systems are connected. With HEKATE you can use the same technology to make A2A, B2B or B2C solutions.

Now you're probably wondering how this is all connected, right? Lilith is the "Key". This next section is from Harvard Education website : Lilith: Scalable Execution of User Code for Distributed Computing : D.A. Evensky, A.C. Gentile, L.J. Camp, and R.C. Armstrong, Sandia National Laboratories Livermore CA, USA, Acknowledgements : Abstract

Lilith is a general purpose tool to provide highly scalable, easy distribution of user code across a heterogeneous computing

platform. Lilith's principal task is to span a heterogeneous tree of machines executing user-defined code in a scalable and secure

fashion. Lilith will be used for controlling user processes as well as general system administrative tasks. Lilith is written in Java,

taking advantage of Java's platform independence and intent to move code across networks. The design of Lilith provides

hooks for experimenting with tree-spanning algorithms and security schemes. We present the Lilith Object model, security

scheme, and implementation, and present timing results demonstrating Lilith's scalable behavior.

1. Introduction

Changes in high-performance computing have necessitated the ability to utilize and interrogate potentially many thousands of

processors. The ASCI (Advanced Strategic Computing Initiative) program conducted by the United States Department of

Energy, for example, envisions thousands of distinct operating systems connected by low-latency gigabit-per-second networks.

In addition, multiple systems of this kind will be linked via high-capacity networks with latencies as low as the speed of light will

allow. Code which spans systems of this sort must be scalable; yet constructing such code whether for applications, debugging,

or maintenance is an unsolved problem. Lilith is a research software platform that attempts to answer these questions with an

end toward meeting these needs.

Lilith's principle task is to span a tree of machines executing user-defined code in a scalable and secure fashion (Figure 1).

Beginning from a single object, Lilith recursively links **host objects, LilithHosts**, on adjacent machines until the entire tree is

occupied. The child host objects propagate down the tree code, Lilith, that performs user-designated functions on every

machine. Although other uses for the system are envisioned, this is the mode of operation that is currently of most interest.

Presently, Lilith exists as a test-bed for various spanning algorithms and security schemes. The

test-bed software has, and enforces, hooks allowing implementation and testing of various security schemes. Now here is where it gets even more evil....

Lilim are the Lilith objects that carry user code within them. They export well known interfaces which allow the user code to interact with the environment. The Lilim run as threads or autonomous processes under the LilithHost.

There are also several utility classes that will be used in implementation of the above. Within the OORPC mechanism, described in Section 4, there are classes that will be responsible for marshaling data to and from the client stub Object and the server implementation Object. It is expected that this will eventually be generated by an IDL compiler or, for the lowest levels, be part of the library code. In our initial implementation, these are generated by hand. There will also be classes to implement digital signatures and encryption.

3. The Lilith Security Model

There are two issues to be addressed in this section: the mechanism for distributed trust used in the Lilith prototype and the generic Lilith security approach.

The generic Lilith security approach is to allow each LilithHost to determine its own mechanisms for access control and authentication. In order to support this Lilith will provide two security mechanisms, MayI() and CanI(), as well as a library of useful functions.

The CanI() prevents information from inappropriately flowing out, while MayI() controls information coming in. MayI() is the discretionary **Legion** access control mechanism, which will be adopted in a modified form in Lilith. MayI() is a required method that Lilith objects must, at least trivially, define. When a method is invoked remotely, it will trigger a call to the remotes object's MayI(), which may reject the remote invocation. Lilith requires each **invocation** to run a Lilim on a LilithHost to check for access permission through invocation of MayI() in the LilithHost (Figure 3). If the Lilim is accepted to run on a LilithHost, then the mandatory protection of CanI() constrains the actions of the Lilim. LilithHost's CanI() is partially implemented by the Java security manager. The CanI() modification of the Java sandbox prevents Lilim from calling any method without first asking, Did you notice the words Lilim, Legion , and Invocation?

Here is the word "Invoke" defined from American Heritage Dictionary : "To call on a higher power for assistance, support or inspiration : "stretching out her hands she had the air of a greek woman who invoked a deity". 4. To summon with incantations, ot conjure. Now maybe some people are thinking that "Daemon" has nothing to do with demons. Or maybe the reader assumes Sandia doesn't know about the connection. Think again!!! Goto this link and read the bottom of the page where it says "1. Lilith is the mythological Mother of D(a)emons." This can be found at Sandia's website at <http://dancer.ca.sandia.gov/Lilith/intro.html>

This stuff is what sci-fi-movies are made of. Someone should make a movie on this. IT'S REAL!!!!

Now after all that, please do not assume I believe the bible is divinely inspired. I don't. I believe it is Masonic Inspired, and therefore everything within it's pages will BE MADE TO come true.

If Jesus was truly the son of god, the who was god's wife? And who gave birth to her. Why didn't god have a girl, too, instead of only one begotten son. Why is there nothing written by Jesus himself? Where was god when his son was being put to death? And finally, if there is testimony as to what Jesus looked like, then why isn't there testimony as to what god looked like? Anyways, I am just having fun here, nothing too serious.

I was in touch with a person who kept me informed about Israeli happenings and a man named Shaul Eisenberg. . He has been dead for a couple of years, but apparently, he is one of the most under-reported, key, influential, political players of the 1980's and 90's. Much bigger than George Soros. This person claimed to know him personally and did some work for him. From what this person sent me, and my own research, verified that this person is worth looking into for conspiracy theorists and researchers. These e-mails are re-printed : [Click Here!! <./shaul.html>](http://www.shaul.html)

Another topic I wanted to touch upon here was the railroads companies and their vast land holdings. According to the book "Pandora's Box", which I still believe is THE VERY BEST BOOK OUT THERE, the railroad manufacturing companies, the railroad builder companies, were given vast land grants at the start of this country. This actually spanned the entire United States when laid out geographically. All of this land was then leased to people and corporations that we hear about today, like General Motors and General Electric, and the Vanderbilt "Biltmore" estates etc. But what about the inherent POWER that lies in these companies and their owners that held the rights to all of this land? This book goes into the 99-year railroad leases and the time they were set to expire (1992-1999.) This means that at this time, the land reverts back to the original owners, the railroad manufacturing companies. But what has become of them today? There is a family mentioned in this book that emigrated here to America from France, and they were apparently, the bloodline that is referred to in "Holy Blood, Holy Grail", the ancient Merovingians bloodline. According to the book, this is the family that all of this land and these railroad companies belonged to. But where are they today , and what plans do they have in store for us in the near future? Remember the "Denver International Airport" story? This has made it's rounds on the internet conspiracy circles, but I want to say right here and now, that the first time this information appeared was in "Pandora's Box II". It was exposed by the writer "Alex Christopher" in these books. There are certain words which one may do a search for on the internet and come up with almost nothing at all. It is as if they have scanned the internet and piece by piece removed any reference to this family or their corporations or even the railroad companies from the 17 and 1800's. THIS IS REALLY GOING ON!!! They are removing certain information from the internet that pertains directly to this family and where they are at today. Just try doing a search for "Lancaster Cotton Mills", and see what you come up with. This is one of the MOST important companies in the history of the country. They owned everything else in this country. If you truly want to go down the conspiracy tunnel to find the white rabbit, then this is IT!!!!

Most people assume that the world has changed dramatically from where it once was two hundred years ago. People make all kinds of claims like "Bill Gates is worth more today than Rockefeller ever was in his lifetime etc...." -- "What about all the new wealth???...The Internet has made more millionaires than any other industrial revolution in history etc...". - Well all that might be true, but SO WHAT, if the land that everyone leases from is all owned by one family or corporation, and they can have their museums, courthouses, farmhouses, etc. all thrown off the land at the landowners request!!! Then where is Bill Gates? Out on the streets, that's where! So, it

is "who has the gold, makes the rules, and who has the land, tells the guy who has the gold what to do, or he loses his land, and then maybe his gold too." --

You will have to get the book if you want to know the name of this family and what they own and control today. The reason for this is the following : This is a heavy duty issue, and I am not going to lay blame or cast any shadow of condemnation on a particular individual or group without direct evidence. I believe this to be the family that controls the world, but that doesn't mean i'm right. This is where my research has led me. By my pointing my finger in their direction, I would be accusing them of something very bad and nasty. I hesitate to do that directly because I think about the possibility that I do not understand things entirely or as much as I need to in order to make that kind of judgement. It is alot to assume that a particular family has survived since the fall of Jerusalem by Rome in 70 A.D., and that they currently control all the land and corporations in America, but this is where my research has led me, and that is all I can say for now, for certain. I have alot of information that I do not release as well as info. that I discuss and release for the "public". I have more reason than ever to believe that they are still around today. I am not sure though that these are the people responsible for all of the rotten things going on in the world, although it would appear that they would have their hands in it. I liken it to a corporation created for one purpose, a good one possibly, that builds machines, say. But the owner goes away and leaves his corporation to his employees and trustees. He passes away, and his children come to the company one day and realize that his fathers dreams have been destroyed. The company that his father built to create machines to save us time and trouble is now being used to create machines that kill people instead. You see, the family involved here, did not stay involved in the corporation (America) after it was set up and given to them for the future king of Jerusalem. It was embezzled (stolen) from them along the way by another family from the civil war era, who you will also find NO MENTION of on the internet. So, now in the year 2001, the original family has been in court attempting to get their possessions back from the family that embezzled everything from them. I believe they have accomplished this task at this time. There is alot more, but unless my life becomes in danger, it will not be further discussed on this website for now. There is more than enough info. here for anyone to do their own investigating. And then you may come to your own conclusions.

And lastly, I wanted to touch up on my current beliefs on extraterrestrials. Do reptilian aliens really exist or not? Are they controlling humanity and eating us on the side? I don't know yet, but I have some really strange thoughts about it all. Like maybe we created them, and they just don't want us to know it. Maybe they were our pets at one time? Maybe we were their's and we got a clue? Maybe we started out as a race of superbeings in Atlantis, did genetic experiments to create dinosaurs, reptilians and other "pets" for our amusement, and they got out of control. Maybe they made us, and the dinosaurs to keep us under control, and we got loose, and killed all their dinosaurs. Or maybe it all has to do with sex. Yeah, that's it, probably. The reptilians were really us, seeking sexual pleasure so we created earth women to have sex with and have lusty evening spaced-out encounters with, then we found out that we weren't attractive enough for them to fall in love with, so we changed our genetic DNA to make them feel more comfortable having sex with us, so now we have totally lost our concept of space travel, time cycles, our inner personal spiritual nature, and what we want out of life. Sounds like the typical man falls for woman, loses everything, trip.

But on a more serious note : David Icke has gone to Africa to interview a shaman from the Zulu tribe who has had many encounters with these "reptilians" and even claims to have eaten them on occasion. This guy must be one bad-ass motherf****er. I wouldn't want to mess with him. I haven't seen the video yet, but I will be ordering it soon enough. It is a two video set, and sounds

very interesting. I don't know what I think yet, of David Icke, though. Jordan Maxwell claims Icke stole a lot of material from him and never even thanked him. I wouldn't doubt it, but I don't want to cast blame without more evidence. Jordan claims to have started Icke on the whole reptilian agenda research. This I would believe though. Icke has done some very good research, however, he has shot up his own credibility as well by saying some truly outrageous things without having very much physical evidence. He appears to be a good-natured person, with a good sense of humor, which I can appreciate, but I have learned that saying and printing things is something you have to be responsible for. I don't know if Icke has any concept of this or not. But then again, I haven't read a complete book by him yet, so who am I to say?

I would love to have an encounter with one of these beings, good or bad. Hopefully, I would have some bud on me at the time...and a pipe.

"till next time"
