Wearing a Mask and Staying 6 Feet Apart
Sometimes we wear masks to protect ourselves and others from viruses like COVID-19.
Masks might feel uncomfortable at first but we can get used to them.
We wear masks when we are out in public.
Even when we wear masks, we stay 6 feet away from other people.
We also wash our hands frequently to protect ourselves.
The teacher would like us to wear masks at school to keep everyone safe.

Do you think you can put on a mask to help keep us all safe?
My teachers and classmates might look different in masks, but that’s ok. I will get used to seeing them in masks.
Whether we are wearing masks or not, we will still stay 6 feet away each other.
Wearing masks, staying 6 feet away from people, and washing our hands will help keep us all healthy.
Though I wear a mask at school, I don’t have to wear a mask at home. I can be close to my family.
