Building Of The Shed or Garage - Entirely Outdoors

The build of your backyard shed or garage will take place entirely outside. Our workers do not need to come inside for any reason. If you'd prefer to speak with the In The Back Yard team over the phone or when placing your order initially to communicate any unique instructions or preferences, we'd be more than happy to accommodate. From there, all you'll need to do is remain indoors while our team gets to work, with the vast majority of sheds and garages built from scratch in less than 8 hours. Finally, our team is extremely well-trained in leaving a clean, spotless environment around your new structure, and you'll be all set to enjoy your new backyard addition.

Online or Virtual Payment Accepted

We accept cheques, e-transfers & credit card payments, and we're more than happy to accept your payment via mail, over the phone, or online. This way, we'll ensure that your payment process is as seamless and convenient as possible, and entirely contactless. Even better, we offer 0% financing available. Install your shed today, and **pay over 12 months, interest free!**
