

Dear Valued Guest,

In the face of the Coronavirus in our community, we would like to reassure you that we provide the safest environment and food for our guests to enjoy.

Additional steps to ensure everyone's safety has been implemented, including

1. Education: All employees have been educated in the signs and symptoms of the coronavirus and the precautions that can be taken to minimize the risk of contracting the virus.
2. Increased Sanitation: All our employees are required to wash hands frequently with soap and water for at least 20 seconds. All kitchen and bar employees must use approved gloves when handling food product. Wipe down all of the most touched surfaces in the restaurant including, but not limited to, menus, door handles, equipment, etc.
3. Sick Employees: Employees are being asked to stay home if they are sick, and not to return until they have been symptom-free for at least two days.

We will continue to do all that we can to ensure the safety of our team members and guests. We will continue to monitor the situation and modify our practices as needed.

Sincerely,

Hoyul Steven Choi
