Student Parking Policy

Students must apply for a Reagan Parking Decal by the application due date. Only complete and accurate applications will be accepted priority will be given on a first come first served basis.

Submission of an application does not guarantee a parking decal will be issued. The number of parking decals issued will depend on the number of available parking spaces per school year.

Applications for students who are not eligible to drive as of the first day of school will be accepted as they become eligible beginning in September. Spaces will be issued to these students based on parking space availability.

Parking decals may not be shared and are only valid for one registered vehicle. Decals must be displayed on the inside of the rear left side, *drivers side*, of the back windshield.

Vehicles must park facing the front of the space and may not pull into the space in reverse.

A waiting list will be created for students who are not allocated a parking decal.

Parking privileges may be revoked for the following reason(s):

- Probationary status (academic and/or conduct)
- Unpaid financial obligations and/or fees
- Disciplinary action taken during the school year (i.e. Suspension). excessive absences (10); tardies (10), and any other Student Code of Conduct violations.
- Careless or reckless driving on campus
- Parking a non-registered vehicle on school property
- Administrative decision

Revocation of parking privileges will result in the loss of privileges for the remainder of the school year. A student who loses his/her parking privilege must remove the decal and return it to the administration.

Parents/Students: I understand and accept all rules and regulations stipulated in the Student Parking Policy.
