

SPEEDY FRACTIONS

Cut out and laminate all pieces.

To play the game:

1. Lay out all circular cards, face up.
2. Shuffle and create a stack of the rectangular cards. Place them face down in the center of the table.
3. Take turns flipping over one card at a time for each round. All players will look for the improper fraction that matches the card.
4. The first person that grabs or slaps the correct match wins and keeps their card.
5. The player with the most cards at the end wins the game.
