

CHILD CARE FOR ESSENTIAL SERVICES

If you are a company in need of child care services to support your employees and continue business operations during this time, the YMCA of Orange County can help.

We currently have three options available:

1. Onsite child care at your company. We can work with your company to bring licensed staff to you and provide the care onsite while your employees work. If you are interested in this option, please fill out the form at ymcaoc.org/company-care.
2. Create an employer subsidized child care program. This will allow your company to provide subsidies directly to your employees for the fees associated with our care.
3. Inform your employees of our available locations and have them complete the form at ymcaoc.org/child-care-inquiry-form.

Our Services

All Services both at our locations and offsite locations provide:

- Full-day care
- Nutrition – morning and afternoon snacks
- Curriculum-based activities
- Licensed & experience child care staff

Safety Protocols

The YMCA works directly with the Orange County Health Care Agency(OCHCA) to provide the most current and best cleaning protocols to keep your family safe.

- All parents will sign an updated Liability Waiver that includes Covid-19.
- Check in and check out will be held outside of rooms to limit the number of individuals entering the child care space.
- All families will confirm a set of health statements prior to signing in.
- Any child that exhibits any sign of illness will not be accepted.
- Increased cleaning protocols and frequencies to ensure all door handles, surfaces, supplies, and other areas are sanitized overnight and ongoing throughout the day.
- Staff and children will follow all OCHCA protocols daily.

Fees

The fee for our services will vary by need.
