

Living Our Mission Discussion

Sponsored by the Office of Sponsorship and Mission Integration

Overview

Living Our Mission Discussion is an opportunity for the Saint Joseph's College community to engage in a discussion about our Mission and Core Values with the colleagues in their department/area. Each Discussion is facilitated by Michael Sanderl, EdD, Vice President & Chief Sponsorship and Mission Integration Officer. This program allows the College community to learn about the Office of Sponsorship and Mission Integration. It also provides Michael with a venue to better know the College community and more deeply understand the College community's resonance and engagement with our Mission.
