  o Discussion of the P3 award criteria and procedures.
    • Change the last attachment on the P3 award to the final program guidelines and amended award language to use description present on the website about this award. The award documents have a very broad description but we can set our own selection criteria for the award.
    • Because this is a temporary award dependent upon the amount of excess funds available and number of regional meetings that opt in, the maximum amount of the award will be $1000 inclusive of travel, for at most five years.
    • Questions about the viability and longevity of the award are discussed. Terry Say asked, “Do we want to continue this award after the initial money runs out?” Should the award be considered every year or every other year?
    • The procedures for who would be responsible for collecting and evaluating the award packets is not defined yet.

Discussion: The membership of this adhoc committee was suggestion to be the award chairs or general chair of the 2015, 2016, 2017, 2018 and 2019 meetings. The motion was amended to include the membership of the awards or general chair for the next five meetings. The motion was seconded. The question was called. The motion passed.
  o Tim Hanks, Western Carolina suggested changing the language in the Awards Guidelines to indicate whom appoints the awards nomination committee for the meeting. The SERMACS board and the meeting should have equal input into the selection of award winners.
• Review of Historical SERMACS Meeting Performance has generally seen an increase in the number of attendees with an average attendance of approximately 1500 since the 53rd Regional meeting in 2001. The attendance for Nashville was 1735. The number of papers is also generally increasing, while the number of attendee to paper ratio is mostly stable at 1.6. The number of exhibitors has been a low of 14 and a high of 51 with an average of approximately 40 since 2001. The average net revenue is approximately $69,000 with 20% paid to the corporation.

Requests for individual meeting materials for distribution were also made.

• A request was made to appoint members to a Nominating Committee (Bylaw VI, E) to find persons with experience of regional meetings and the region for 2015 Steering Committee Elections. This is essential because national relies on these individuals to keep the Region in order. The duties of this Nominating Committee are to select an appropriate 2016 chair elect. No other officers are needed in 2016. Marie Bourgeois, Tampa Bay and Marc ter Horst, North Carolina volunteered to serve on the committee. The Past chair of the Board will chair the committee.
