

3/19/2020

Dear Customers of the Auburn Water District,

With the recent outbreak of the Covid 19 Virus, the Auburn Water District has taken significant steps to ensure the continuation of the critical services that we provide. We want to reassure you that the water we provide is completely safe to drink, and we are working 24/7 to make sure it will always be available to you.

Throughout this period, we have been closely monitoring the situation as it develops. We have been in contact with the Maine Drinking Water Program, Governmental Agencies, and are following the recommendations of the Center for Disease Control and Prevention regarding hygiene practices in order to keep our workforce safe and healthy.

We will remain vigilant through this event, and adapt as necessary as situation changes and new information becomes available.

Thank you for your patience and understanding. If you have any specific questions regarding your drinking water, please contact us.

Sincerely,

A handwritten signature in black ink that reads "Sid Hazelton". The signature is written in a cursive style and is positioned above the printed name.

Sid Hazelton, P.E.

Auburn Water Superintendent
