Mr. John Jarrett, President
Jarrett Construction Services, Inc.
P.O. Box 7575
Charleston, WV 25356

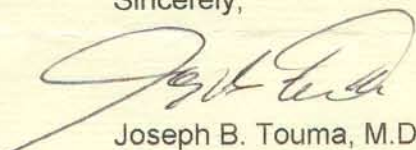

Dear Mr. Jarrett,

It gives me great pleasure to send this letter of support regarding the performance of Jarrett Construction Services, Inc. I am the project manager of the new church and congregation hall construction. I worked closely with Mr. John Jarrett, and Sheldon Evans, who was the on site project manager.

From the beginning we realized that a \$1,000,000 construction of a unique Byzantine style church is very complicated. Jarrett Construction Services, Inc. was able to build the church and finish it on time, in spite of delays from excessive rain, which prevented us from starting on time, and performing the site work. I found them to be quality builders, and very responsive to any concern of the building committee. They worked very well and closely with our architect, Mr. Ed Tucker, and his assistant, Nathan Randolph.

In summary, I was very pleased with their quality of work, responsiveness, coordination planning, and punctuality. I recommend them without any reservation, and I will be more than happy to give you any input personally.

Sincerely,

Joseph B. Touma, M.D.
