Mr. John Jarrett  
Jarrett Construction Services  
PO Box 5250  
Charleston, WV 25361

Dear Mr. Jarrett

I am writing this letter to recognize the very successful project that Goshen Baptist Church obtained in using Jarrett construction Services.

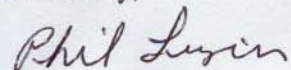

In the beginning we hired your company to work with us to develop a funding grade estimate and project scope within our financial capabilities. Without your help the project would have never happened.

Together we developed a project that met the project objectives set out in many initial planning meetings by our church members.

The flexibility we had in working with your staff and your willingness to utilize my services as the on site Superintendent saved Goshen Baptist nearly \$35,000. We truly feel this was a major contributor in keeping project costs under budget.

Because of the relationship we have had on this project, feel free to use me and Goshen Baptist Church as a reference in obtaining any future projects.

Sincerely,

Phil Luzier  
Chairman Building Committee  
Goshen Baptist Church
