August 31, 2010

Dear Mr. Jarrett,

In my position as Senior Associate and head of the architectural design team at Silling Associates, it was our good fortune that Jarrett Construction Services Inc. was contracted by Halcyon and Jason Moses to build their “dream green” home in Huntington, West Virginia. Your leadership, creativity and strict adherence to detail and schedule were instrumental in the successful and timely outcome of the project. With your guidance, the project management of Mr. Courtney Persinger and field supervision of Mr. Doug Button this project is one of the most enjoyable of my 25 year architectural career. The team of subcontractors you assembled and managed have produced a beautiful, and high performance living environment for our client.

Our experience with Jarrett was overwhelmingly positive one from all aspects, and it is therefore without hesitation that I recommend them to any public or private ownership seeking the finest in construction services.

Sincerely,

Edward E. Weber, A.I.A., LEED AP
