Butterfly Equipment

Established in 1990 as an equipment loan and refurbishing program, Butterfly today is a stand alone project of the Greater New Haven Disability Rights Activists.

Butterfly offers used and new durable medical equipment such as ramps, walkers, wheel chairs, grab bars, and transfer benches.

Butterfly also offers household goods and furnishings at a reduced price or free for consumers who are homeless or institutionalized.

HEOS Support Group

Helping Each Other to Succeed was established in 2005 as a cross-disability support group of CDR. People with disabilities of any kind and people of any age are welcome to join the group.

HEOS usually meets once per month on the second Friday of each month. Members may hear from special guest speakers, participate in work shops, go on field trips, participate in social activities, and engage in group community advocacy projects.
