

Integrating Safety into Agritourism Checklist Booklet

The checklists in this booklet are from the *Integrating Safety into Agritourism* website: www.safeagritourism.org. These checklists are designed to be used with the website walkthroughs and resources to help you implement safety strategies on your agritourism operation. The walkthroughs will help educate you on what to look for, the checklists will help you identify hazards on your own farm, and the resources can be used to address the safety issues found.

The checklists in this booklet cover a variety of topics, some of which all farms should review, and others that should be reviewed if that activity is part of your operation. The first checklist in this booklet is a "Topic Checklist", which you can use to help you determine the topics you need to review and track your progress on completing them. In addition to the Topics Checklist, this booklet also contains the following checklists:

Checklists for all operations:

- ✚ Emergency Prep
- ✚ Traffic & Parking
- ✚ Handwashing & Restrooms
- ✚ Barriers & Fences
- ✚ Walkways, Surfaces & Structures
- ✚ Communicating with Guests
- ✚ Insurance Information

- ✚ Hayride Safety
- ✚ Machine Safety
- ✚ Play Areas
- ✚ Petting Zoo

- ✚ Inflatable Rides

Once you have used the checklists to identify safety issues on your farm, visit the website to download free resources, such as signs, example policies, procedures and logs, to help you fix these safety issues.
