

TECHNICAL DATA

FLARE

HEAVY-DUTY CLEANER FOR CONCRETE FLOORS

Product Description and Purpose

FLARE is a granular, dustless powder formulated for greater grease lifting and grease holding power. It will provide quick removal of heavy soil accumulation and grease from floors, garbage cans, storage areas, and loading docks. Special wetting agents, in high proportion in this product, make it extremely effective. Cost less to use than ordinary cleaners do. **FLARE** contains a light, pleasant aromatic that acts as an air freshener. Does its best work in the toughest "problem areas". **FLARE** can be used for all concrete surfaces, waste cans, toilet, locker, and storeroom floors.

General Usage Directions

Use 6 ounces to 3 gallons of water. Dissolve thoroughly, mop, or scrub. Rinse completely. For heavier soils wet floors, sprinkle **FLARE** lightly over wet area and allow to soak for 3 to 5 minutes.

For mops, brooms, etc., to avoid sour odor and mildew, wring out in **FLARE** solution (2 ounces to 1 gallon of water) rinse and let dry.

Physical Properties

Form	Light pink powder, turns green when in contact with water
Odor	Pine

Caution

ALKALINE POWDER. Do not take internally. Avoid contact with skin and eyes. In case of contact, flush skin with plenty of water; for eye contact, flush with plenty of water for at least 15 minutes and get medical attention.
