**THE FOUNDATION COURSE IN DOWSING
an ancient technique to determine your truth**

School Instructors: Joan Reid, Tick Gaudreau, and other experienced dowzers

“Dowsing changed my life and the lives of my loved ones.”

Your instructors will share their knowledge of the art and science of dowsing so that you can fully participate in this ancient means of knowing. Many of us dowse to find lost objects, keys, pets, and other personal items. Some of us are also called upon to dowse for water, oil, and minerals. We use dowsing to get answers to “yes and no” questions, to help us navigate our future and to make decisions.

The goal of this class is for you to learn the “Foundation” of dowsing and give you the hands on practice you need so that dowsing becomes a part of you.

Course materials will be included. Your kit will include: pendulum, Y-Rod, L-Rod, Bobber, and the Foundation Course Manual (which contains a wealth of information about dowsing).

You will learn how to:

- use the four basic dowsing tools included in your kit
- properly prepare yourself to dowse
- ask valid questions to receive answers

You will be coached by seasoned dowzers in small groups and given individualized attention. We will answer your questions, share a few dowsing stories, laughs, and experiences.

Finally, at the end of a fun and fast paced learning day when the course is completed, you will have the skills, knowledge, basic tools, and confidence you will need to commence your dowsing journey and further studies.

You will receive a certificate as a reminder of your achievements.

*Note: Course materials included in fee.

DOWSING AS A DIVINE INTERVENTION IN HEALING – Alicja Aratyn

Behind every act of Creation there is a Divine Force. We call upon it while in need.

There are 2 types of powers involved in healing: external (Divine) and internal (our mind).

Let's experience healing by both of these forces: external, as Sacred Geometry of the whole Universe, and internal - our own self-healing ability depending on the potency of our brain.

We will explore the secrets of ancient Egyptian knowledge about Three Sacred Energies:

Ultraviolet, Gold and Negative Green – energies, which when working simultaneously heal, clear and protect. One of them, Negative Green, is mistakenly believed to be harmful. Is it

healing or killing then? Let's learn about aspects of colors. Do all colors have aspects?

Correlation between aspects of colors and aspects of our souls. Does dowsing heal physical body, emotions or soul separately or all of them together and what are the criteria? Many simply

methods of healing yourself and others on the spot and remotely will be presented and practiced.

Let's experience the healing effect this very potent Healing Triad! Useful and a skill-building course.

Bonus: you will learn how to make your own Holy Water.

Alicja is an engineer and a pastor, who for over 30 years has worked to heal people around the world using the power of healing pendulums and brain stimulating methods.

The Care & Feeding of Heart, Consciousness, Will & Body – Alice Harwood

How do you strengthen and nourish your complete Self? What is food for the heart, consciousness, will and body? What are the nutritional requirements to sustain and support spiritual development, emotional wisdom and mental clarity?

In this workshop we will embrace these four symbiotic dimensions and the energetic attention and soul-food they require. Additionally, we will explore the expanded chakra system to awaken new possibilities in meaningful ways for beneficial growth and individual empowerment.

The in depth experience will include handouts, exercises, individual- and team-work which allows you to absorb and digest information easily. These “recipes” can assist in providing an expanded understanding of Self; an awareness of what real nourishment looks like and how the right choices can be rewarding and satisfying at every level. An enlightened menu happens gradually, as you become wiser, more awakened, aware and alive.
