

# **BIRMINGHAM PUBLIC ART**

Public art is a vital part of the City of Birmingham. Art creates a richly diverse and meaningful experience while enhancing the visual character of our community. We invite you to enjoy the art we have on display and engage a friend, neighbor, or stranger on which piece is their favorite.

## **CityScapes**

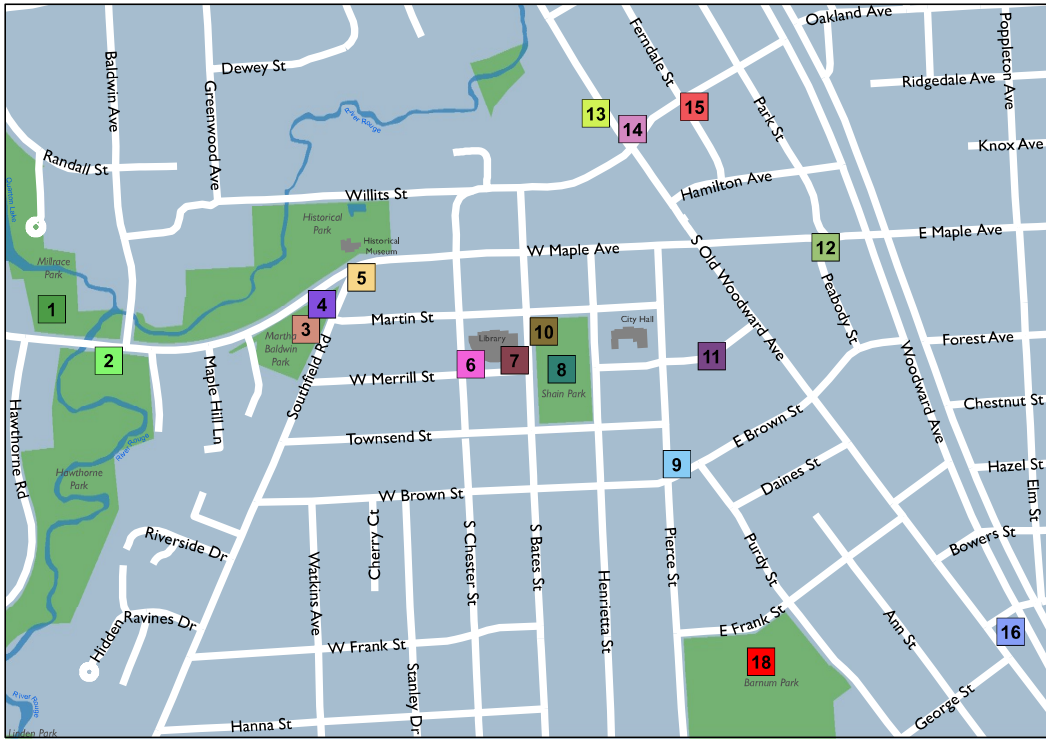

In an ongoing effort to promote art in public spaces and enhance the community, the Cultural Council of Birmingham/Bloomfield, in collaboration with the Public Arts Board of the City of Birmingham, has created the CityScapes program. The program is managed under the terms of the existing Birmingham outdoor sculpture agreement between the City and the Cultural Council of Birmingham/Bloomfield and allows for the temporary installation of art on public property.

The objective of the CityScapes program is to enhance the visual character of Birmingham and to promote a rich, diverse, and stimulating cultural environment for residents and visitors. By placing the work of artists into the community, ideas can be encountered and explored on a daily basis.
