A place where Heaven touches Earth.
A place to learn of our Eternal worth;
A place of sanctuary, and a place of peace,
Where blessings will increase.

A place where Heaven touches Earth.
A place we hoped for long before our birth.
A place where love and duty hold us near to God:
Where Heaven Touches Earth.

Where Heaven touches Earth a gift from God is found;
There rays of Heaven reach, caressing mortal ground.
The love of God will fill the halls; He holds us in His hands.
That's where a Temple stands.

A place where Heaven touches Earth.
A place we hoped for long before our birth.
A place where God can keep us safely in His arms:
Where Heaven Touches Earth!
