

TELECOMMUNICATION BUCKET TRUCKS

To ensure that Dur-A-Lift helps our customers get the job done right, we're committed to the idea that customization comes standard. Instead of a one size fits all approach, we build lifts made just for you. Check out these bucket trucks that are perfect for anyone in the telecommunication industry.

Tons of features and options available on our telecommunication trucks:

Insulated or non-insulated | Wide variety of customizable storage options
Walk-up tail shelf | Walk-in basket | Splicers basket | Inverters | And much more
