

JOB NUMBER: BE-19-18

JOB TITLE: First Shift - CNC Machinist / Swiss Machine Operator

Supervisor: President

Status: Full Time - Exempt

Office Location: Nunica, MI

Baker Engineering, LLC (BE) is a leader in engine design and innovation for military and commercial applications. From concept through prototyping and testing, project engineers at BE are involved every step of the way. Projects include new diesel engine concepts, as well as engine support systems including advanced fuel delivery systems, turbo chargers, control systems, and more. BE is a division of Waséyabek Development Company, LLC that is wholly owned by the Nottawaseppi Huron Band of the Potawatomi, a Federally recognized Indian Tribe.

POSITION SUMMARY

Baker Engineering is seeking skilled and experienced CNC Machinists / Swiss Machine Operators to join our talented team in our Nunica, MI office.

ESSENTIAL FUNCTIONS

The CNC machinist operates CNC machines to fabricate parts. The CNC machinist loads parts in the machine, cycles machine and detects malfunctions in machine operations, such as worn or damaged cutting tools. The position runs production lots, communicates with co-workers regarding production runs, and maintains a safe, organized, and clean work environment.

MINIMUM QUALIFICATIONS

- High School Graduate
- Minimum of 2 years' experience as CNC turning experience required
- Ability to read blueprints
- Understanding of G & M codes
- Familiarity with multiple axis machining required
- Experience with ISO:9001 and AS-9100 quality standards a plus
- Dependability and ability to work well with others are essential
- Ability to work onsite Nunica, MI
- Ability to pass a background investigation
- United States Citizenship required by contract
