GENTLY ALERT W/ OUR ATTENTION WIDE OPEN (GAAWO)

● Place your gaze on an object 6 feet away from you. Look out a window if you have one nearby.

● As you keep your gaze soft, notice what is to your Left or Right without looking directly to your Left or Right.

● Simply notice what is in front of you as you let your attention open up wide to the Left and to the Right.

● Now, keeping your gaze forward and soft, notice what is Above and Below without directly looking Up or Down.

● Simply notice what is in front of you as you let your attention open up wide Above and Below.

● Now, keeping your gaze forward and soft, notice what it is like to let your attention open up wide to the Left, Right, Above and Below, tuning in to notice all that your eyes are seeing.
