

## Pine Green Granite

**Description:** Pine Green Granite is a coarse grained granite with a uniform pattern. This granite is similar to other large grained granite however with a wash of light color green throughout. Used mainly as a paving stone, it is commonly used for paving and cladding. The surface is flamed to give it a rough texture.

**Country of Origin:** Canada

**Geology:** Granite

**Stock Sizes:** Special Order Only

**Lead Time for Special Orders:** 2 — 3 weeks

<b>Mechanical Properties:</b>	Density	166 lbs./c.f.
	Water Absorption	0.18 %
	Modulus of Rupture	1,625 psi
	Compressive Strength	19,000 psi
