

Longmont Food Rescue is bringing *Fresh Food Connect* to Longmont.

Now it is easy for backyard and community gardeners to donate extra veggies! You just let us know you have extra veggies through www.freshfoodconnect.org, set them on your porch, and we will pick them up by bicycle and trailer.

We are working on adding Longmont as a *Fresh Food Connect* region and when you signup, you will be notified when the program goes active! All food donated to Longmont Food Rescue will be delivered to our No-Cost Grocery Programs. All produce will go to those in our community that can benefit the most from **fresh, healthy, FREE food**.

Donate produce from your garden!
