- e. Rider Numbers are available on a first come first served basis and will be issued at the sole discretion of the AMA.
- f. Pre-entry will be managed through the WERA website at <https://www.wera.com>
  - i. The first step for online Pre Entry is to get an ID number from WERA. If you already have a WERA license you're all set. If you've raced VMD before (since 2009) then we have already assigned one to you - just email WERA at [wera@wera.com](mailto:wera@wera.com) and we'll get you set up. If you have never run an event run by WERA, same deal just email us. For either we will need your name, address, bike number (your main bike number if you have multiples), and AMA member number. If you've never run VMD or any WERA event prior to this we'll assign you a number. These are just numbers for our system to keep track of everyone and are different than your other race numbers. If you do have your ID number from last year and start going through the entry process and the system charges you for a membership please email us and we'll get the expiration date in the system fixed (unless you do want to renew your membership then by all means continue).
  - ii. Once you've got the ID number you will be able to register/login for pre entry on the website. You can set up your bike(s) you are running, enter sponsors and so on. To register for the site you'll need your ID which we will email back to you, your zip code, and your expiration month - for full WERA members this will vary and is on your license, for VMD only racers this will be July
  - iii. Under the "My Profile" link when you're logged in you will see a link for "Race Entries". As soon as the event is set up in our system you will be able to enter either or both days. Friday practice will be listed under the Saturday event. You can enter both days prior to checking out.
  - iv. All monies collected for online Pre Entry are done via PayPal.
  - v. We will also be offering hard copy Pre Entry via Fax/Mail/Email. You can find the forms on the website at <http://maps.wera.com/pdfs/forms/VMDentry2019.pdf> these need to be completed and sent to the WERA office by July 1, 2019. The fax number is 770-720-5015. The office address is WERA Motorcycle Roadracing 2555 Marietta Hwy., #104 Canton, GA 30114. If you wish to scan and email it in that can go to the main [wera@wera.com](mailto:wera@wera.com) address. We accept all major credit cards.

## **GENERAL TECHNICAL REQUIREMENTS**

1. Technical Inspection will be located in the Tech Garages (southeast corner of lower paddock). Competitors must bring their motorcycles to Tech for inspection.
1. All riders/teams must use an AMB Tran-X 260 or Mylaps X2 transponder for scoring purposes in all series. The transponder must be mounted vertically on the left front fork leg in a manner so that the numbers are readable. Do not mount the transponder horizontally in the front fairing - the signal strength drops to an unacceptable level and you may not be scored every lap. Any laps missed due to an improperly mounted transponder will NOT be reinstated. It is the rider's responsibility to make sure their transponder is on the bike and functioning properly during practice and racing. If a transponder is verified to be mounted and is not functioning during a race the rider will be allowed to choose between a disqualification or a \$50 fine. If the transponder is not on the machine or the rider cannot prove a verified working transponder was on the machine the choice is a \$100 fine or disqualification. WERA will have the scoring system running during practice and will print lap times to allow riders to verify their transponder is working. WERA will have a minimal amount of transponders for rent. Rental fees will be \$60 for the event, any transponder not returned to the WERA at the event will result in a \$100 fine. Any transponder not returned to the WERA office within one week after the event and lost transponders will result in the rider/team being charged the going rate for a new transponder. This charge will not be refunded. More than one rider per any given weekend cannot use the same transponder.

## **SCORING PROCEDURES**

1. AMA Vintage Roadrace National Championships will be awarded for all Vintage classes with eligible participants.
2. The AMA Vintage Roadrace National Championship awards are based on the combined results from Saturday and Sunday's races. Riders must enter both races to be eligible for an AMA Vintage Roadrace National Championship.
3. Saturday's race is race 1 and Sunday's race is race 2. Both races will be combined for an overall finish.
4. The finishing position is the points earned for the race. For example, first place is 1 point; second place is 2 points and so on.
5. Class points for both days will be combined and the lowest point total wins the AMA Vintage Roadrace National Championship for that class. For example, if a rider finishes second on Saturday and fifth on Sunday, then the rider would have 7 National Vintage Championship points.
6. Best class finish in Sunday's race will determine any ties in points.
7. If a rider is entered but unable to start both days then the rider will receive last place points plus 10 for the race not competed in.
