Dear Cecil,

***"I wanted a home, but I also knew I needed help.
Youth For Tomorrow is not just a program or a school...
it's a home full of people who will forever make an impact on my life."***

There was not a dry eye in the crowd during the recent Heart 2 Heart Gala as 17-year-old Gracie shared her powerful story of what Youth For Tomorrow has meant to her. Born to teenage drug-addicted parents, she bounced from one foster home to another before being adopted by a loving family. But the hurt and pain of her early years was too much to bear, manifesting in anger, promiscuity, truancy and a suicide attempt.

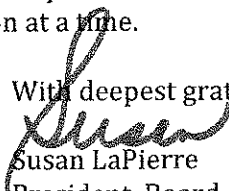

Today, Gracie is months away from graduation, with dreams of college and a nursing degree. She has reunified with her adopted family and become a person of faith. She is smiling again. As she told us: "The journey to Youth For Tomorrow has enabled me to face my fears and overcome the abuse and neglect I endured. For this, I will forever be grateful."

This miracle—this transformation from a life of hurt into a new life of hope and happiness—is possible only because of wonderful, generous and caring friends like you.

That's why I want to personally recognize you for being such a special part of last week's Heart 2 Heart Gala and for helping raise a record \$1.5 million. I can't thank you enough for stepping forward as a Sponsor and showing your leadership at the highest levels. Special thanks for your wonderful bid appeal gift in support of Youth For Tomorrow's "Fund for the Unfunded," which ensures that we are able to help any child who needs us, particularly those whose families who cannot afford to pay for services or for whom other financial support is not available. And, thank you for generously bidding in the live auction to win the VIP NASCAR experience. I hope you'll enjoy this special trip, with fond memories of our evening together and knowing that your gracious support has helped make a difference in the lives of children in great need.

Gracie's own words say it best: "Thank you for providing a home, where many other kids like me who have been abused, neglected, trafficked and passed over are now able to feel safe and loved." You are truly changing lives, one young person at a time.

With deepest gratitude,

Susan LaPierre
