Andie is a managing partner at M&A Supplier Diversity Consultants, LLC. We specialize in developing creative solutions for corporations and small businesses with a commitment to supplier diversity expansion. She began her business with a clear mission and two critical passions in mind: 1) pursuing advocacy for supplier diversity programs; and 2) elevating the importance of those programs for economic sustainability in today's global markets.

She believes in Supplier Diversity as a corporate commitment which requires collaboration, between procurement professionals and diverse suppliers, working hand in hand to strengthen these programs and deliver results. During her tenure working with Supplier Diversity professionals, she had implemented Supplier Diversity Orientation programs that strengthened strategic partnerships and elevate supplier diversity programs to succeed as a core component of each company's unique culture. She has successfully organized and executed countless events and implemented award-winning training sessions for both minorities owned businesses and corporate supplier diversity programs.

Andie has over 20 years of experience in various industries, from non-profits to for-profit corporations and Entrepreneurial enterprises. Her business development skills and project management expertise are outstanding. She has also succeeded in writing a federal grant proposal response which was awarded over 1.4 million dollars for establishing a Minority Supplier Development Agency Business Center in Boston, Massachusetts.

Recently, in a joint venture with her husband, Andie has successfully launched and built a residential repair business that supports Massachusetts residents and their home appliance servicing needs. Through Andie's tireless efforts, their business is now contracted to work with several major vendors and manufacturers including Samsung, LG, BOSCH, Lowes, Home Depo and GE, all while supporting 10 full-time employees.

Andie was born in Sydney, Australia and has traveled extensively in South Korea and Thailand where she spent her youths. She is a B.A. graduate of Michigan State University. She has also worked in several states where she studied the diversity culture of the state and its region. Andie now resides in Massachusetts with her husband and two children.
