

Supporting a Life Without Limits for People with Disabilities since 1987

How to Become a PushSave Agent in Support of Project Connect

Adults with developmental disabilities in San Luis Obispo County have not attended their day programs for the past two months due to the Covid-19 crisis. Like all of us, they have not been able to go out into the community and they miss their teachers and friends. With the growing popularity of video-conferencing tools like Zoom to connect both professionally and socially, United Cerebral Palsy is working to give the homes where our members live access to socialize with one another by providing a laptop, assisting with the payment for internet access, and connecting them through Zoom. UCP's goal is to raise \$20,000 in June and July to pay for the technology needed for our members to connect with their friends and family. We are calling this effort "Project Connect."

Your business can support Project Connect by offering a discounted savings deal in UCP's PushSave, a mobile coupon book.

- \$0 cost for advertising
- promote your business for a good cause
- coupons are downloaded onto donor's phone
- app notifies donors when they are near your business

To participate or to learn more go to

www.pushsave.com/merchants

and someone from the PushSave team will contact you ASAP!

To schedule a call to get set up when it works for you click below:

[Schedule with PushSave](#)

This promotion is a great way to get customers back to your business after Covid-19!

United Cerebral Palsy of San Luis Obispo will sell the mobile coupon books online and all the proceeds stay in our county to support Project Connect. If you have any questions, call UCP at (805) 543-2039 or e-mail us at mark@ucp-slo.org. We thank you for your support and stay safe!

Businesses and individuals can purchase their Project Connect mobile coupon books on the United Cerebral Palsy website at ucp-slo.org. Together we make a difference!
