

LETTER FROM THE PRESIDENT

DISH Women's Network Members,

As your incoming DWN president, I want to take the time to reflect on what we have accomplished and share what is to come in 2019 and beyond. While we have evolved since our conception in July 2015, one constant has been your enthusiasm for fostering an environment to empower women—and, overall, creating a better DISH.

The DWN now has more than 1,350 active members across 11 chapter locations. Last year alone, we hosted 8 leader series, 8 trainings, 10 networking events, wrote 21 blog posts, and shared 64 posts on our social media platforms. Thank you to our amazing volunteer team and executive sponsors who make initiatives like these possible.

The most significant push we'll make in 2019 will be to officially expand our goal: to empower women to become leaders and create an inclusive work environment. This year, we also plan to officially launch the Mentorship & Advisor Program, collaborate with other DISH resource groups, and become more active in our local communities.

I encourage you to support and advocate for one another. Advocate for yourself. Get involved. Volunteering is a great way to gain leadership experience, meet new people, and help create meaningful change. If you want to get more involved this year, contact us at WomensNetwork@dish.com – there is no shortage of opportunities!

I thank the DWN's former leaders for establishing such a strong foundation upon which we can continue to build. I am humbled to lead such a dynamic group of women and men. Thank you for your continued support and for welcoming me as your leader. I look forward to what we can accomplish, together.

Sincerely,
Alison Moy
President, DISH Women's Network
