

Chagrin Valley Farms

Volunteer/ Mentorship Program

Offers Opportunities with Horses and Helping Others

CVF's volunteer program offers children and adults an opportunity to spend more time around horses while mentoring those who are new to the sport. Volunteer opportunities are available year-round to those 11 years of age and up.

Much of the volunteer service revolves around our lesson program and horse shows. Duties may be assigned based on experience and preference.

Volunteers will gain experience with horses and professional equestrians while earning points to be credited toward riding lessons, practice ride-time and show entry credits. As they develop their skills supporting the equestrian program, they will also gain volunteer experience toward school service requirements and future resume building, in addition to camaraderie and social networking.

All are welcome to apply for the volunteer service program.

Duties to include but may not be limited to:

Customer greetings

Sweeping

Watering

Bathing horses

Grooming

Tacking

Leading horses

Cleaning Tack

Assist with camp

Assist with special events

Assist with horse show

Assist riding instructor
