*SBG shall have the right to charge interest without further notice on all overdue amounts at the rate of one and a half percent (1.5%) per month

Specifications

Logo/Trademark: Unless otherwise requested, all safety glass will be permanently marked in the lower right hand corner of the product.

Glass Edge Condition: All glass will have clean cut edges unless additional fabrication is requested and noted at time of quote and order.

Applicable Quality Standards:

- Float Glass ASTM 1036
- Bent Glass ASTM 1464
- Laminated Glass ASTM 1172
- HS/Tempered Glass ASTM 1048

Laminated Glass: Conforms to CPSC 16CFR 1201 and ANSI Z97.1 safety glazing standards.

Tempered Glass:

Tempered Glass products conform to CPSC 16CFR 1201 and ANSI Z97.1 safety glazing standards.

Visible distortion exists in all tempered glass products. Under certain light conditions and grazing angles, tempered and heat strengthened glass will exhibit a strain pattern or iridescence.

Bent Tempered Glass: Due to the convex and concave surfaces, bent tempered glass products have a tendency to magnify the visible distortion described above. This is inherent in the process and cannot be considered a defect.

Heat Strengthened Glass: Does not meet federal regulations for Safety Glazing.

Warranty: *Shall be as stated below unless otherwise noted*

- Laminated Glass: 5 year warranty against delamination
- Insulated Glass: 5 year warranty against seal failure
- There is not warranty implied or provided against glass breakage
