### Session and Portrait Pricing

Both Contemporary and Canvas portraits are hand-printed, enhanced by artist, mounted, and then sealed with a protective lacquer. The selection process is done by viewing a slide show in the studio. There are no proofs available to take home. Portrait fees are based on a one time viewing appointment. Therefore it is important to have the decision-making members on hand at that time. There will be an additional fee for extra viewing appointments. The portrait retainer is due at the time of booking.

Recording of sessions by still or video cameras is not allowed. California residents will have 9.00% sales tax added to the total order, including the session fee. Due to the custom nature of our work, allow approximately six weeks for the complete on of your order, although there is no guarantee as to the exact delivery date. A deposit of no less than 50% of the balance is required when the order is placed. Frames are not included unless noted.

Signature images is not responsible for finished orders left at the studio over 60 days. Orders left in the studio beyond 60 days from notification will incur 1.5% interest per month on the unpaid balance. Also a \$50.00 monthly storage fee will be added to your balance for completed work left in the studio beyond 60 days. Portraits created by Signature Images may be used in our advertising and /or promotional pieces, including the Internet. If you do not want your commissioned portraits used in this manner, please let us know at the time of the retainer payment.

## Portraits for Business and Social Media

**\$249.00**

Includes one retouched digital file in Color and B&W

Now more than ever, portraits for business and social media are a requirement for most professions. When prospective clients or employers research your background, the image you portray could make or break the deal. This is probably the least expensive marketing piece for promoting your brand.

## Z-Shoot Sessions

For those who want a great image and the digital file, this is for you!

Z-Shoots can be used for Immediate Families, Children, and Individuals at our studio.

Have the session and choose the package that fits your needs. We'll give you completely retouched files that are ready to print, up to 20x24 size. If you need a larger file, tell us what size you need and based on our standard sizes, you will pay \$100.00 more for each size up from 20x24. For example, if you need a file printable to 24x30, you will be charged an additional \$200.00 due to the additional and more detailed retouching required on a larger print. The choice is yours to customize how you'd like!

<b>Packages include Session and...</b>	<b>With Retouching</b>	<b>On Location Sessions</b>
One Image	\$399.00	You can have your session on location for an additional \$150.00
