## PINTS FOR PUPS; ADOPTION AND FUNDRAISING EVENT SET FOR JULY 10<sup>TH</sup>

---

**Ogden City, Utah (June 23, 2021)** – The dog days of summer just got a lot cooler for local animal lovers, thanks to Ogden River Brewing Company, LLC and Ogden City Department of Animal Services who have teamed up with the Weber County Animal Services to bring you an adoption and fundraising event - **Pints for Pups** on Saturday, July 10th from 1:00 PM to 4:00 PM at Ogden River Brewing Company, 358 Park Boulevard Ogden, UT, 84401.

Tickets are \$25.00 and will be available before or on the day of the event. They include lunch and a portrait with your pet. All proceeds will go to the Ogden City Department of Animal Services and Weber County Animal Services. Additionally, the brewers created a special brew just for the event. Magnificent Golden Mutt is a Golden Ale that is smooth and easy to drink. One dollar per pint will be donated to the fund-raising effort until the beer has sold out.

This fundraiser has been years in the making so to speak. Originally the brainchild of Head Brewer, Pat Winslow, the project initially got off the ground with crowdsourced funds from a successful Kickstarter campaign which raised over \$30,000. While undoubtedly a respectable sum of money, the funds raised were a far cry from what was required to bring this grand vision to fruition. Enter, Bryan Wrigley of Lotus Company and since that time, Lotus Craft, the hospitality arm of Lotus Company and parent organization of Ogden River Brewing, has formed a family with some of Utah's most experienced craft operators.

With a shared support of the community of Ogden and homebrewing, Pat and Bryan formed a fast friendship which grew into a business partnership. Wrigley expanded on their relationship, "Everyone who knows Pat, loves Pat. And it's not just because of all the free beer. He exudes a genuineness and a passion for what he does that is as unique as it is infectious. Early on, I knew that I wanted to grow this dream with him."

Pat expanded on that shared vision, "I have always had a soft spot in my heart for animals, especially dogs. Together we can make a difference, drink a beer and help a dog. How cool is that?"

Chief Operating Officer, James Soares, said of the first of hopefully an annual event "Ogden River Brewing's mission is to be a responsible business partner with the community through our core values, People, Planet, Profit".

## **About Lotus Company**

---

In 2008, Bryan Wrigley created the Lotus Company with creativity, collaboration and innovation at the forefront of his vision for this Wasatch Front-focused development organization. Guided by this high-minded ethos, Lotus quickly became synonymous with best-in-class multifamily development projects, marrying inspiring design with premium locales and accessibility to amenities both on and off-property. To expand upon this initial vision of creating extraordinary value in spaces often overlooked, Lotus grew to include Lotus Craft in 2019. Lotus Craft is the branded-hospitality arm of the organization and currently includes craft beer brewing, small-batch distilling and premium coffee roasting, as well as restaurant and bar ownership and management. This union of signature residential real estate and hospitality under one roof seeks to further the Lotus philosophy of creating gathering spaces where connections are built and bolstered, or quite literally creating community through craft.

Lotus Company has created a \$200 million ground-up asset portfolio and has a \$260 million development pipeline of some of the most diverse and interesting projects along the Wasatch Front. For more information, please visit [www.lotuscompany.com](http://www.lotuscompany.com)
