

The Senate of The State of Texas

Senator José Menéndez

District 26

July 15, 2020

The Honorable Greg Abbott
Office of the Governor
P.O. Box 12428
Austin, TX 78711

Governor Abbott,

Thank you for your continued efforts to protect Texans during the COVID-19 pandemic. As we enter the new 2020-2021 school year, educators, students, and parents have grave concerns with returning back to school. Quite frankly, I am deeply concerned and as you know, have directly expressed these concerns with you.

In order to best represent my constituents and all Texans across the state, on July 7, 2020 we conducted a Google Survey created to gather data on the concerns that our educators and parents face amidst the reopening of schools. We received an overwhelming response with a total of 15,380 completing the survey. In doing so, we created the attached graphs and tables that outlines our survey participants, their concerns, and which school and senate districts they represent.

We had a total of 10,710 educators along with 4,670 parents and concerned individuals fill out our survey. The category of parents and concerned individuals includes grandparents, legal guardians, and relatives who are caring for their child. Our survey also gathered data on the concerns these groups have for returning back to school. We separated these concerns into 8 major categories. These categories were based on the feedback that we received from survey participants. The 8 categories and the number of folks concerned with those categories are: Safety (9,738), Contracting COVID-19 (9,956), STAAR Testing (6,908), School Facilities (6,766), School Funding (6,354), Curriculum for Teachers (5,504), Equal Access to Education (5,099), Other Concerns (3,223), and No Concerns (138).

Moreover, we have an estimated number of 542 schools districts that were represented and participated in the survey. We are grateful for this overwhelming response. As you review the graphs, we ask that you keep in mind that this data is a representative sample of the State of Texas as a whole.

The Senate of The State of Texas

Senator José Menéndez

District 26

After speaking with my constituents and reviewing the survey results, I will be filing several pieces of legislation that we ask you to support. The legislation includes but is not limited to repealing the STAAR test and reallocating these funds to assist our schools with the COVID-19 pandemic. We will also file legislation supplementing teachers with medical leave if they were to contract or be exposed to COVID-19, this leave would not come out of their personal leave nor will it be accounted for within their leave allocated by the Family and Medical Leave Act. Additionally, we will file a bill appropriating specific funds to assist parents and children with special needs to ensure they have an equal access to education, whether that be additional assistance at home or for remote learning.

With this information, we ask that you all strongly consider opposing the reopening of our schools. We also would like to specifically thank all of the educators, parents, students, and guardians who participated in this survey. Our educators and students should not be on the front lines battling this deadly virus. Together, we must be better. Please reach out to me if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "José Menéndez".

José Menéndez
State Senator, District 26

School Districts Within Each Senate District

The following table outlines the Education During COVID-19 Survey responses from the corresponding school districts alongside their assigned Senate District. We note that some school districts overlap between multiple Senate Districts, these school districts remain accounted for within each of the overlapping school districts. Moreover, some answers in the survey did not disclose the school district, or we were unable to verify what school and or district it belonged to. However, each concern was accounted for in the graphs above. While we were able to estimate this overwhelming response and provide the following table, we hope that each member will utilize this data and reach out to their corresponding school districts to address these concerns.
