

**Who we are:** Advanced Radiology Services is the largest physician-owned radiology practices in the Eastern half of the US. Our growing practice includes 160 radiologists, 30 advanced practice providers, and more than 100 administrative and support employees in our wholly owned subsidiary STARS. We value diversity on our team and promote a culture of inclusion.

**What we do:** ARS provides radiology services to more than 60 different sites across the state of Michigan. We are the exclusive provider to McLaren Bay Region which is a 404-bed acute care hospital providing specialty, primary and preventative care. Service lines include cardiovascular, neuroscience, women's health, orthopedics, rehabilitation, home health and hospice care, EMS and oncology. The emergency department treats more than 45,000 patients a year.

**What we are looking for:** We are seeking an **Interventional Radiologist** to work in Bay City as the primary IR physician. This is a full-time partnership track position with a complete benefits package. The radiologist should anticipate primarily daytime shifts with little to no IR call, limited evenings and no third shift responsibilities.

**Responsibilities:**

- This position is estimated to be greater than 75% interventional radiology with some general diagnostic radiology responsibilities.
- The IR practice covers a wide spectrum of inpatient and outpatient interventional procedures, including: paras/thoras, pleural and peritoneal drains, CT/US guided biopsies and/or drains, nephrostomy and biliary drainage, central venous access and LP/myelograms, etc.

**Requirements:**

- Certified by the American Board of Radiology or American Osteopathic Board of Radiology
- Completion of interventional radiology fellowship or significant practice experience

**Why is our practice unique?** ARS is a 100% physician owned and managed practice and are committed to remaining independent. We are looking for entrepreneurial minded physicians who value involvement in decision making and developing our business strategy. Participation in section, committee and board meetings is not required but welcomed from day one. While we are an independent private practice, some of our physicians practice with an academic focus. In affiliation with Michigan State University College of Medicine, our radiologists have opportunities to teach and mentor residents and pursue research if desired.

**Compensation/Benefits:** We offer a competitive salary/bonus and opportunities for additional shifts. Our physicians pay nothing for medical/dental/vision coverage. We also contribute the maximum amount allowed to the 401K plan. We offer a generous vacation package and we are continually striving to improve the work/life balance for our physicians.

**Why do you want to live here?** If you are a water person, Bay City is a great choice! It is located near the base of the Saginaw Bay on Lake Huron and the Saginaw River runs right through the city. You can

view the beautiful bay from three different bridges that help facilitate travel from downtown to neighboring cities. There is a busy downtown area called "Uptown" offering great restaurants, local boutiques and coffee shops. At night the downtown comes alive with concerts, movies, and other special events. The city, along with nearby Midland and Saginaw, form the Greater Tri-Cities region of Central Michigan, which is called the Great Lakes Bay Region.
