"We've enrolled in several virtual camps throughout this period, and this camp is definitely at the top. The online format is a new thing for kids and parents, and can be quite challenging to adapt and keep kids engaged. Camp Captivate has done a great job of keeping the class fun and organized. The whole process was stress-free. I love that I didn't have to venture out to 10 different stores to gather together supplies. Everything a camper needs that week was carefully curated and pre-packed. Thanks for offering a quality program." — Kim B.

"I can't say enough good things about this camp. We've tried several other camps – some technology based and others not – but none has been as rewarding as Camp Captivate." — Chris E.
