## 10<sup>th</sup> Amendment County Project

---

If the Constitution still means anything, it means that the United States federal government is massively breaking our highest law and has been for a very long time. This has been done with overwhelming cooperation and support from our State and Local public servants while breaking their Oaths of Office.

The 10<sup>th</sup> Amendment and their Oaths of Office were supposed to have kept us free from the Left.

### The 10th Amendment:

**“The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.”**

The delegated powers are the *Enumerated Powers* in Article 1, Section 8 that limits Washington, D.C. to **national defense** and **facilitating trade**. All else is unlawful, holds no power over us, and is a breach of their Oaths of Office. Our State and Local officials swore their Oath willingly and publicly to oppose and **interpose** themselves between us and all extra-constitutional federal laws, judicial opinions, executive orders, and taxes. Despite their Oath, they refuse to do so.

**“I consider the foundation of the Constitution as laid on this ground: That ‘all powers not delegated to the United States, by the Constitution, nor prohibited by it to the States, are reserved to the States or to the people.’ To take a single step beyond the boundaries thus specially drawn around the powers of Congress, is to take possession of a boundless field of power, no longer susceptible of any definition.”**

– Thomas Jefferson (1791)

**“...whenever the General Government assumes undelegated powers, its acts are unauthoritative, void, and of no force.”**

– Thomas Jefferson (1798)

**“...a law repugnant to the Constitution is void...”**

– Marbury v. Madison, (1803)

**“An unconstitutional act is not law; it confers no right; it imposes no duties; it affords no protection; it creates no office; it is in legal contemplation, as inoperative as though it had never been passed.”**

– Norton v. Shelby County, (1886)

**“The plan of the convention declares that the power of Congress, or, in other words, of the national legislature, shall extend to certain enumerated cases. This specification of particulars evidently excludes all pretensions to a general legislative authority, because an affirmative grant of special powers would be absurd, as well as useless, if a general authority was intended.”**

– Alexander Hamilton, Federalist No. 83

When the Enumerated Powers and the Oath of Office are obeyed... we are free. When they are not... we are not.

# A Peaceful Separation:

There are several ways to restore both the importance of the United States Constitution in the minds of the American people and its power to keep us free.

Creating a **10th Amendment County** with the help of the people that swore an Oath to us to enforce the Constitution against our federal government is the quickest and most effective path:

- 1. It instantly restores our Freedom and God-given Rights in Lancaster County, and will do so as quickly in every town, city, county, and state that chooses to claim their 10<sup>th</sup> Amendment Right as well.**
- 2. Through a Peaceful Separation process the Left will be forced to take a stand for or against Freedom under our Constitution by either peacefully allowing us to live free and protected from them, or continue using our own systems and institutions and their 'woke' Marxist mob against us to force us to obey their unconstitutional, unlawful government actions. This will finally and fully identify the enemy within.**
- 3. It forces into the open the Deep State Leftists that pretend to be on the Right.**
- 4. It educates everyone as to the exact nature of the Republic in which they live, the truth about the principles that created the Declaration of Independence, the Constitution, and the Bill of Rights, and it informs individuals as to the powers and responsibilities of any person that wishes to live free.**
- 5. It forces a conversation on the unbridgeable divide between the principles of the Left and the Right, the source of both sets of principles, the specific principles that make Freedom not just work but thrive, and why it is the very nature of the Left to always oppose us and corrupt and destroy everything we create and think of as civilization.**

The Left has Socialism and the hyper-materialistic, militantly Atheistic gospel of Karl Marx that inspires and drives them to force us to our knees before them and the governments they always create and grow to control us.

We have the Gospel of Jesus Christ that caused us to fall to our knees in awe and fear before God, and we have the Constitution to help keep us free so that we may stay there.

We either effectively reclaim our Rights and wield the Constitution against the Left, or we lose to them and everything changes back to what we came here to escape.

The Constitution and the Oath of Office. Every issue. Every time. No exceptions. No excuses.

Honoring their Oaths of Office to us means nothing less than enforcing the 10th Amendment against the unlawful agencies and actions of Marxists and all those that cooperate with them in Washington, D.C. and in our Commonwealth.

Freedom makes us stronger, smarter, more moral, and more self-sufficient. Socialism makes us weaker, dumber, less moral, and more dependent. Whether in economics, education, business, speech, behavior, or religion, Freedom, if we are a moral people, will always be better than control. It is time for us to relearn the virtues that make Freedom work.

The 10th Amendment has been ignored and acquiescence and cooperation with the Marxist Left is instead overwhelmingly what we have received from all those that swore publicly and willingly to us obey and defend the Constitution. Help us disarm the Left before they finish weaponizing every institution and person in our nation against us. Are you for the Constitution and Freedom, or Marxism and increasing Socialism? Are you with us or with them? Your silence and inaction in the face of aggressive, materialistic, violent Socialists will tell everyone where you stand.

We are starting the conversation that ends with the 10th Amendment being fully restored and enforced against the Marxists among us in both parties that are pretending to be Americans. No one is telling you which side to choose, just choose a side. We just ask that you take a stand with us for the Constitution and Freedom before we lose everything.
