Are you looking for a way to serve your church? Would you like to be able to work at a time which is convenient for you without having to attend any meetings? Are you comfortable with computers?

The Slide Input Team might be the perfect fit for you. Every week the Slide Input Team prepares the slides you see on the screen, truly enriching the worship experience for those in the congregation and at home. This input process can be done from home and is done on a rotating basis, requiring only a few hours of your time each month. Training will be provided!
