time. This class is Lino Print Cards. Do you like to make your own holiday cards? This is a quick way to make multiple cards in a relatively short time. The lino cut acts basically like a stamp that you can use over and over again to make many cards. We prefer to keep this class mostly adults because the tools are sharp. This is the one class in our Gift Making Series that is not suitable for children. Participants must be 13 or older to join this class. Class is scheduled from 1 to 4 on Saturday. Some classes in the Gift Making Series may run shorter or longer depending on the number and skills of the participants. All supplies are included in the \$60 price of the class.
