Quick Reference Card: Approving Expense Reports

Supervisor Approval

- The report is routed directly to the user's Supervisor after submission for review and upon approval moves on to Cost Object Approver(s).

Cost Object Approver and Multi-POETS Approvals

- Cost Object Approver is the Project Manager for each POETS code.
- If expensing more than one POETS/department, the supervisor-approved expense report will forward simultaneously to all applicable Cost Object Approvers.
- Each approver can take individual action on the expense report, but the report will not forward to Payment Processing for final review until it has been approved by all the respective departments

View Approved Reports

- You may go back to review any reports you have already approved.
- From the **Approvals** tab, click **Reports**.
- Click the **View** dropdown, and select the time period for the reports you want to view.

Note: The same procedures apply for locating, reviewing, and approving **Travel Requests**.
