

March 2020

Dear Parent or Guardian,

As you know, Escuela Verde is chartered by the City of Milwaukee and monitored by the city's Charter School Review Committee (CSRC). As a charter school, Escuela Verde seeks to provide a quality educational program for your child.

CSRC has contracted with the NCCD Children's Research Center (CRC)¹ to monitor the educational program/academic outcomes for children enrolled in your child's school. CRC is requesting your help in obtaining information about the quality of Escuela Verde. With your input, CRC will be able to provide a comprehensive assessment of your child's learning experience during the 2019–20 school year.

This year, we are excited to offer two options for completing the survey. You may access an online version of the survey on the school's website or on a computer at the school at the time of conferences, or you may complete the attached paper version.

- If you prefer to complete the paper version, please take a few minutes to complete the attached survey about your experiences at Escuela Verde throughout this school year. After completing the document, please place it in the envelope provided, seal the envelope, and place the envelope in the box marked "Parent Surveys" at the school. The unopened envelopes will be sent directly to CRC in Madison for review and analysis.
- If you choose the online version, there is no need to complete the paper survey. Simply find the link for the survey on the school website: <http://www.escuelaverde.org>. If you wish to go directly to the survey, type this URL into the web browser on your phone, computer, or tablet: <https://www.surveygizmo.com/s3/5427539/EV>. Once the survey is open, follow the instructions provided.

All information received from individuals by CRC is kept confidential. The information will be incorporated into the annual monitoring report without any individual references or identification.

CRC knows that your time is valuable, and we thank you in advance for your help in assessing the quality of your child's school. **If you would like more information about this survey, please contact Janice Ereth, CRC, at (414) 406–4100.**

Sincerely,

Janice Ereth
NCCD Children's Research Center

¹ CRC is a national nonprofit organization established to assist public and private agencies in improving the delivery of services to children and families. The main office is located in Madison, Wisconsin, but staff conducting the school monitoring process are in Milwaukee.
