

Sewing a Little Monster Friend Stuffie

Little Green Monster Project,
www.littlegreenmonster.org

Materials Included in Kit:

Pattern pages, fabric, embroidery thread, polyfill stuffing

Additional Materials Needed:

Scissors, needles, thread, sewing machine (optional)

NOTE: You are creating the SHELL OF THE MONSTER... Please do not stuff the body and sew it shut. The child will complete the project.

Instructions:

1. Cut out the paper pattern pieces.
2. Design how colors and body pieces will go together. Use your creativity.
We want all the monsters to look unique!! The only requirement is that the body is GREEN. (NOTE: I use green for body, wings and tail.)
3. Trace the pattern pieces on your selected colors. Cut the fabric out.
4. Sew eyes on front body piece. Sew and lightly stuff beak on front body piece.
5. Sew and lightly stuff rounded plates onto back body piece.
6. Sew decorations to the front and back of the body pieces, using regular or embroidery thread. (Such as spirals, geometric and feather shapes)
7. Sew decorations on the other body parts (wings, horns, beak, tail)
