Dear Parents/Guardians:

Thank you for your interest in receiving meals from the District's kitchens. We are happy to provide this service to our families while the schools are shutdown as a result of the current crisis.

I am writing today to talk about a few things in how the program will run. We are in the process of preparing meals right now for pick-up and delivery today, the first day of this program.

1. We will not be able to offer meal choices at this time. The time to organize meals by selections made is currently too much for the limited time and staff we have available for this program. We are exploring ways to make choices available in the future, but for now, you will be provided what we are able to prepare.
2. You will not need to place orders every day at this time. We will simply prepare the number of meals for the number of families that signed up in response to the initial survey. If you want to be added or dropped from this service, please call 315-684-9158 to do so. If we find that you have not been picking up your meals, we will reach out to you to see if you are still interested in this service.
3. **DELIVERY:** Delivery drivers will start their routes at 9:00 a.m. For families receiving their meals via delivery, we will call as we get close to your house so you know the meals are about to be delivered. An employee will place the meals by your front door. If there is no answer, we will ring the door bell. In order to maintain social distance, we ask that you not have direct contact with the delivery staff. We will set the meals down and you can pick them up.
4. **PICK-UP:** If you are picking meals up at either school, please follow the directions below.
 - a. **At E.R. Andrews** – Use the north driveway to go to the back of the school by the loading dock. Give the employee your family name and number of meals you have ordered. If you are picking up for a second family*, tell us who and how many. The employee will cross check your name and meal count on our list to make sure that everything is accounted for. The employee will place the meals on the loading dock for you to pick up and put into your vehicle.
 - b. **At Middle/High School** – Use the bus loop in front of the school. Give the employee your family name and number of meals you have ordered. If you are picking up for a second family*, tell us who and how many. The employee will cross check your name and meal count on our list to make sure that everything is accounted for. The employee will place the meals on a picnic table for you to pick up and put into your vehicle.
 - c. **Second Family Pick-Ups** – The family needs to notify us if someone else is picking up the meals for their children.

Thanks for your understanding as we work the bugs out of this new system. We will put in options as soon as we can. Look for more news/updates in letters like this with your meals and on the District's website. If you have questions, please call!

Stay safe and wash your hands.

Sincerely,

BOARD OF EDUCATION:

• Nichole Doroshenko, *President* • Jacalyn Groves, *Vice-President* • Murry Ames • Steven Broedel • Brian Koehl • Jodi Shantal, *District Clerk* •
