

GROWTH WISE FUNDRAISING

Tutoring Can Be for Everyone

www.growthwise.us

+1-347-593-8783

- Growth Wise interviews and selects ambitious high schoolers from low-income families to offer them the best tutoring in the country. Will you support us?
- At no cost to the family, we tutor **SAT / ACT** and **college essays** – the biggest influencers when a school grants admissions, scholarships, and financial aid.
- Supporting a student for six months' tutoring costs \$3,350. ANY donation helps. Donors receive two email updates: one informing them of progress, and the second sharing the student's college results.

Growth Wise Tutors

- Ivy league graduates and/or have achieved perfect scores on the Sections they tutor
- Average 9.91 out of 10.0 on client feedback surveys
- Hand-picked for warmth, patience, and conscientiousness

Thanks from Our Students...

Suejona

Accepted into Smith College with financial aid

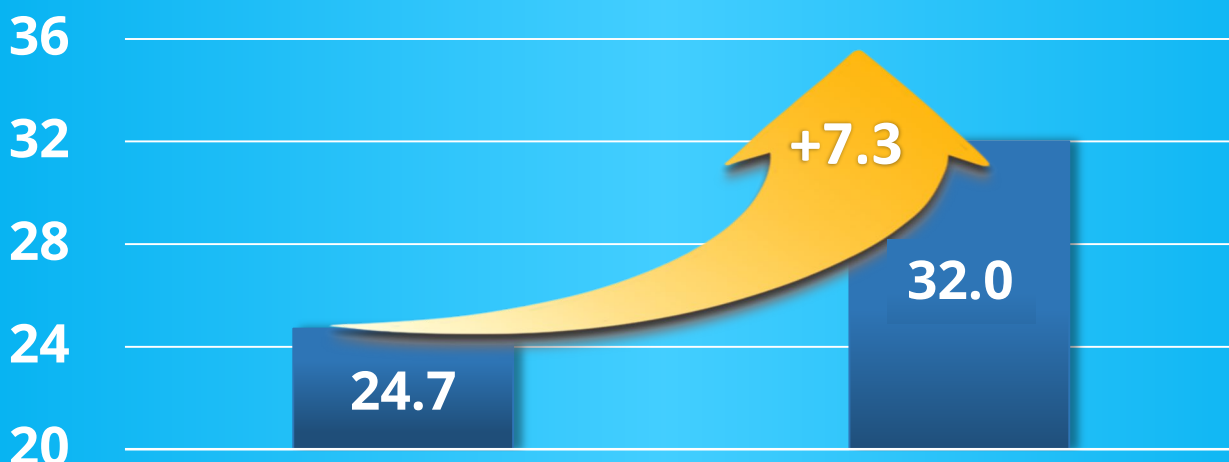

“With tutors I had before, I sometimes felt judged, like I couldn't trust them to be patient with me or care about me. You made clear that my mindset, what I was feeling that day, were important aspects of it all. We did meditations and visualizations. There was more vulnerability.”

Grace

Won a full scholarship to Hamilton College

“You got me to dig deep into what drives me. Working with you was the determining factor. I received personalized letters from five colleges saying they were impressed with where I had come from, and the only place I told that story was in the essay.”

Growth Wise students average 7.3-point score raises on the ACT
