“In 4 months time Kathy and her team completed the down sizing and sale of my Mother’s Nevins condo. We had been down sizing it for the past 12 months as I live out of state and visited monthly. She is very knowledgeable of collectibles and antiques. Items that did not sell at the estate sale were sent to a consignment gallery or she took them to her next estate sale where they sold. Her estate sales draw a large response of interest and she worked with the Nevins community board to minimize the disruption of the neighborhood during the 3 day sale. Her contacts with the local senior programs and social media facilitated the sale of the property in 30 days. She performs a pre listing home inspection to identify any problem areas that may delay the sale of the property. Her communication with me was timely and performed digitally as well as personally based on the situation 24/7. I knew that no matter what the situation was Kathy was looking out for my Mother’s interests. Without hesitation, she was / is the one stop location for downsizing and sale of parent’s property. Thank you Kathy. :)”
