HALLOWEEN 2018

October 30, 2018

Halloween once more is with us. After last year's problems with people who live outside our subdivision doing "trick or treat" within the subdivision.

To prevent this no outsiders will be allowed into the sub-division unless invited by a resident. If you are having a party and inviting a number of people you will be required to give their names to the guard prior to being allowed entry.

Sorry if this many seem over the top to some residents but we had a number complaints last year from residents who deserved a large number of strangers touring the subdivision and knocking a door.

Regards,
PALA BOARD
