

# Books Beyond Classrooms Bring Me A Book and Kidango COVID 19 Book Distribution

During the first 2 weeks of April, Bring Me A Book provided 9,000 books to support the Kidango@Home program. Backpacks with 3 age-appropriate hardcover books and other educational materials for home learning were distributed by Kidango to 3,000 infants, toddlers and preschoolers. We are grateful to our generous donors because we had the resources available to immediately respond to the needs of children who were sheltering in place at home without books.
