

*Dear Expectant Mother . . .* Thank you for taking the time to learn more about us. As you consider adoption, please know our hearts are with you. We know this must be an incredibly difficult decision for you, but we admire your strength, courage, and the love that you have for your child. We feel very thankful and honored that you are considering us as adoptive parents for your beautiful child, and we are eternally grateful for the blessing that you are considering granting our family. It has been a dream of ours to become parents and we are filled with hope that our dreams may finally come true. Your baby will grow up surrounded by endless love and laughter and will know that your decision was made out of love and in their best interest. While we can't fully express our appreciation in words, we want to let you know what a gift your baby will be to us. It would be the honor of our lives to raise your child and we are forever grateful for your consideration.

*A Little About Us . . .* Our love story began 23 years ago while we were both working together at Sonic Drive-In. We had an instant connection and were drawn to each other's kindness, playful nature, and sense of humor. Together, we make a great team and bring out the best in each other. Most of our friends and family would describe us as laid-back and fun-loving, and our house is always filled with lots of laughs and positivity. Whether vacationing abroad, spending time with friends and family, or simply staying in and watching Netflix, we love any activity as long as we get to spend it together. We currently share our home with our two adorable cats, Rose and Daisy. We love where we live! Our home is a 4-bedroom, 2.5 bath house located in an amazing neighborhood. There are several families around, with kids often playing outside and riding their bikes.

*What Led Us to Adoption . . .* After battling with infertility, we realized that adoption was the right path for us on our journey to have a family. Both of us have family and friends who have been touched by adoption, and we have been so encouraged and inspired by the wonderful experiences they have had on their own personal journeys. Being able to grow our family and share our home and all of our love with a baby would be a true blessing. Both our family and friends are incredibly supportive of our decision to adopt and are thrilled to see a bundle of joy in our lives.

*About Emily and Todd . . .* Emily loves helping others and works in the health profession as a psychologist and professor. In her spare time, she enjoys hiking and taking long walks, watching movies with Todd, relaxing with a good book, and browsing antique shops. Todd's passion for cars drove him to get his degree in automotive technology and he works as a service manager. Similar to Emily, he enjoys being outdoors hiking along some of our nearby nature trails, watching movies, and working on cars.

*Our Promise to You . . .* We promise to provide a home where love and laughter overflows and to provide an upbringing where kindness, generosity, and respect for others is taught every day. We will encourage your child's hopes and dreams and ensure they have opportunities for the best education. We pledge to provide your child with the selfless love we have been wanting to pass on for so many years and to give them a lifetime of happiness, memories, and experiences. More than anything, we want you to know that we will unconditionally love your child to the fullest. We promise that your baby will always know about your love for him or her and the immense gratitude we have to you for choosing us to raise your precious child. You can trust your baby will be raised by two devoted parents who will provide a safe and nurturing home filled with possibilities.

Many Blessings,

*Emily and Todd*
