

We are honored that you have taken the time to read our story and get to know our family. We hope that you will get a glimpse into the love and joy we hope to pour into your baby. We cannot express our gratitude that you have chosen this path and are considering the gift of adoption.

Our love story began all the way back in middle school. We met when Tim moved to town and there was an immediate attraction. We dated on and off throughout high school and into college before going our separate ways. By divine intervention we were reconnected in 2013 and have been together since. We were married in November of 2017 and immediately started trying to grow our family. We always had a desire to adopt. After not getting pregnant, we decided that this was God's way of telling us it is time to follow our hearts through adoption.

Tim owns a construction company so you will usually find him fixing something. Tim is an introvert by nature, but loves his family and would do anything to help others. You can always count on Tim to be there when you are in need. He is generous, loyal, and protective. Tim loves to watch movies and Netflix series. He has a sweet tooth that can never be satisfied.

Heather is a former middle school teacher who loves kids. She is a nurturer at heart and loves helping others. Several years ago Heather started running and has completed three half marathons. Her favorite thing to do is spend time with her family and friends. She also enjoys yoga, watching movies, and being outdoors.

Tim grew up as the third child of four. His parents and older brother live less than five miles away. His younger brother lives about an hour away and his sister lives in LA with her family. Heather grew up as the middle child of three girls. Heather's parents and sisters all live within walking distance to our house. Our nieces and nephews love riding their bikes to come visit us.

We have two pups that are spoiled rotten! Mowgli is our little brindle rescue baby. He is 4 years old and weighs about 35 pounds. He is Tim's best friend and never leaves his side. Mila is our spunky golden doodle. She is two years old and weighs 65 pounds (don't tell her she isn't a lap dog!). Mila loves kids and can never get close enough to you.

There is so much more about our family we hope to be able to share with you! We both come from large families that are very tight knit. Most weekends you will find us spending time with all of our parents, siblings, nieces, and nephews whether that is at the pool, beach, out on the boat, or going out to dinner. Family is everything to us!
