

## Anthony & Brandi

Hello! We are a couple who makes family and family time our number one priority. Four years ago, we united as one family, along with our older children that we both brought into our marriage. We are excited to begin the next chapter in our life by growing our family.

Being parents, we have learned to be patient with children, good listeners, and the importance of being good role models. God has placed a desire in us to open our hearts, our home, and our lives to a special child, and it is something we have prayed about for a long time.

We are committed to showing the child that joins our family, how loved they are and how thankful we are to be a part of their life. We look forward to sharing our life and the things we love, like going to the beach and Disney, reading, movie nights, cooking and baking, laughing a lot, and having fun!

Thank you for taking the time to learn a little bit about us and the life we wish to share with a child who we will love unconditionally. We would love to hear about what your hopes for the future are, if you would like to speak with us.
